PART I

GENERAL

Proceedings of the Government of Mysore.

READ AGAIN—

Letter No. 315, dated 28th June 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to report for the information of Government that agreeably to certain Proceedings passed by the Madras Government, candidates from that Presidency wishing to be qualified for the posts of Deputy Inspector of Vaccination and Vaccinators are applying to the local Vaccine Institute for being trained.

Three students have been trained in the Institute and sent back with certificates of qualification and three are undergoing training. In consideration of the trouble taken in training these men, I have, in consultation with the Sanitary Commissioner, Madras, fixed a fee of Rs. 25 for candidates seeking admission into the Deputy Inspector's class and Rs. 10 for candidates for the Vaccinator's certificates, while persons from Mysore qualifying for service in the State are taught free.

A sum of Rs. 170 has been collected up to date from students from outside the State and from Rs. 25 to Rs. 75 may be collected every two months on this account for some time.

In Proceedings of Government No. 11665—Mis. F. 28-96, dated 17th March 1898, a fee is sanctioned for Government Chemical Examiner and Bacteriologist for examining articles sent by private individuals and of this four per cent is credited to Government on account of the probable cost of chemicals, &c., used.

In training the Deputy Inspectors and Vaccinators, Government is not put to any expense and as such I would recommend that the whole amount of fee may be permitted to be taken by the Superintendent of the Institute and Assistants who train the students.

READ—

Letter No. 156, dated 7th March 1899, from the same officer.

With reference to your No. 10010—Mis. 2195, dated 25th ultimo, I have the honor to forward herewith copy of Circular No. 556—S, dated 21st idem, issued by the Sanitary Commissioner for Madras, requiring the candidates eligible for the posts of Deputy Inspector of Vaccination in the Madras Presidency to undergo the training in the Mysore Government Vaccine institute, and to state that there is no Government Order of the Madras Government on the subject, as stated in this office letter No. 315, dated 28th June 1898.

Circular No. 556—S, dated 21st February 1899 of the Sanitary Commissioner, Madras.

Under Government Order No. 435, Public, dated 17th April 1897, candidates who have passed the Certificated Sanitary Inspector's Test and satisfy the Sanitary Commissioner as to their experience in Vaccination will be considered eligible for the post of Deputy Inspector of Vaccination in the Vaccination Department.

Candidates who wish to apply for the post of Deputy Inspector of Vaccination are advised to obtain training in Animal Vaccination at the Mysore Government Vaccine Institute, Bangalore, where unusually good facilities for securing experience are available.

No. 12452-53—Mis. 2660, dated Bangalore, 2nd May 1899.

ORDER THEREON.—The attention of the Senior Surgeon and Sanitary Commissioner will be invited to the instructions conveyed in the marginally noted Government Proceedings prohibiting Durbar Officers from corresponding direct with Officers in British India, except on matters of mere routine such as are therein specified.

No. 9925—Mis. 2015, dated 17th February 1898.
No. 5188-216—Mis. 995, dated 8th November 1897.

The proposal to train candidates from the Madras Presidency in the Vaccine Institute at Bangalore, and to levy fees from them, should have been reported to this office before taking any action in that direction, to enable the necessary communication being held through the Residency.

2. The Senior Surgeon's proposal to permit the Superintendent of the Institute and his assistants to appropriate the fees above referred to does not commend itself to Government, as they are salaried officers of Government and cannot, on principle, be allowed to regard the amount of fees levied as a portion of their legitimate income. The fees should accordingly be credited to Government.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Comptroller to the Government of Mysore.

READ—

Annual Report on the Working of the Government Stationery Depot in the year 1897-98.

No. 12557—MIS. 2703, DATED BANGALORE, 4TH MAY 1899.

ORDER THEREON.—The value of stock at the beginning of the year was Rs. 44,449-2-10 which was increased by Rs. 87,223 15-8, the receipts of the year. Thus the total value of the stock dealt with was Rs. 1,31,673-2-6.

2. The value of receipts from England aggregated Rs. 19,710-11-5 against Rs. 42,122-9-2 of previous year. The local purchases made in the cheaper Indian markets amounted to Rs. 58,035-2-6 against Rs. 36,444-15-0 in 1896-97, and the economy of this arrangement is exemplified by the fact that although 20 new offices were added to the list of those entitled to draw their supplies from the Government Depot, yet the value of issues for the year under review was Rs. 80,648-4-7 or Rs. 3,573-12-4 less than that of the year previous. Deducting Rs. 1,013-6-10, the value of the stationery issued to municipalities, and Rs. 43,324-3-6, the value of papers supplied to the Government Press for forms, &c., the actual cost of stationery issued to public offices was only Rs. 36,310-10-3 as against Rs. 41,038-5-7 of previous year. The Government note this result with satisfaction.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Government Stationery.

READ—

Report on the Working of Hospitals and Dispensaries in Mysore for the year 1896-97.

No. 12691—MIS. F. 7-97, DATED BANGALORE, 6TH MAY 1899.

ORDER THEREON.—During the year under review, Surgeon-Major Smyth, M. D., was appointed Durbar Surgeon, and Mr. M Srinivasa Rao, M. A., of the Madras University and M. B., C. M., and B. SC., (Edinburgh) was appointed Chemical Examiner and Bacteriologist. Mr. S. V. Ramaswamaiengar, M.B., C.M., a Specialist, was placed in charge of the Eye Hospital and Dispensary newly opened in the Bangalore City.

2. The last mentioned institution supplied a long felt want, and with the further addition of six new dispensaries, the number of hospitals and dispensaries was raised to 124 in which the total number of patients treated was 802,148, of whom 351,292 were males, 169,054 females and 281,802 children.

Compared with the previous year the in-door patients showed an increase of 129 and the out-door 51,311. Deaths among in-door patients numbered 340 against 283 in 1895-96. Information regarding deaths among out-patients is reported to be not available.

3. Cholera prevailed more or less in all the districts of the State, the Mysore district having suffered the most. Of the 2,706 cases treated in all the hospitals and dispensaries, only six proved fatal, while of the 3,092 treated by local Medical Officers outside the hospital, no less than 1,614 succumbed to the disease.

4. The number of deaths in hospitals from small-pox was 8 and from fevers 23 against 4 and 13, respectively, of previous year. The number of cases treated was 245 of small-pox and 113,061 of fevers against 257 and 94,212, respectively, in the year preceding.

5. The surgical operations performed during the year amounted to 19,815 or 171 more than in the previous year.

6. The total expenditure rose from Rs. 1,60,981 to Rs. 1,75,479 showing an increase of Rs. 14,498, of which Rs. 5,940 was borne by the Local and Municipal Boards whose contributions amounted to Rs. 70,385-10-3 against Rs. 64,445 in the previous year. The percentage of the Government share of the total cost was 69·43 against 71·08.

7. There were 88 midwives or three more than in the preceding year, by whom 4,551 cases were attended. There was a slight increase in the ratio of deaths per mille of total attended, from 14·72 in the latter year to 15·82 in the year under review. Seven pupil midwives were under training at the close of the year, two in Bangalore and five in Mysore.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ—

(1) Letter No. 702, dated 21st March 1899, from the Principal, Central College, Bangalore.

I have the honor to request that the Government may kindly grant a *type-writer* of good pattern for the use of this college office work, which is now very considerable.

I find type-written letters coming to me from many offices and persons whose correspondence is much less than that of the college.

One capable of printing on sheets of foolscap size would be required.

(2) Letter No. 760, dated 21st April 1899, from the same Officer.

With reference to Government Order No. 11831—Mis. 2569, dated 20th April 1899, requesting estimated cost of type-writer proposed to be purchased for the use of this college correspondence and to point out the source from which the charge may be met, I have the honor to reply that the *Remington No. 7 Type-writer*, being that prescribed for the use of all public offices of the Madras Government (as stated in the *Madras Times* of the 14th instant) is presumably most suitable and the cost is, I am informed, Rs. 350. The cost may be met from any savings under Educational budget for the year.

I have the honor to suggest that it is even worthy of consideration whether this college might not be provided with several type-writers and regular classes for the teaching of type-writing instituted. As I do not know of any local institution where this is taught and the art of type-writing is considered in Madras of so much importance that type-writing is one of the branches included in the scheme of technical examinations; and I saw a few days ago that the number appearing this year for the examination in type-writing is approximately four times the number that appeared last year; such are the commercial value of and demand for this branch of education. I may also point out that in England Publishers find it more economical to type-write all manuscript for the press.

It appears to me therefore that special provision for this practical branch of education is worthy of the consideration of the Government and therefore that the provision of one instrument for this college office might serve for the initiation of an experiment in the teaching of this practical and useful art.

No. 12698-700—Ed. 276, dated Bangalore, 8th May 1899.

Order thereon.—A Remington Type-writer which the Company sells to the Secretariat at the reduced price of Rs. 350 will be ordered by the Secretariat and supplied to the Central College as quickly as possible, the cost being met from the General Savings of the Educational budget for the current official year.

2. The result of the experiment in teaching the art proposed to be introduced into the Central College in the second of the letters read above will be reported to the Government after a trial for six months.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Principal of the Central College, Bangalore.
The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore

Read—

Letter No. 8193—266, dated the 10th April 1899, from the Inspector General of Education in Mysore.

I have the honor to submit herewith copy of a Resolution of the Committee of the Maharani's Girls' School, dated 5th April 1899, and to recommend that the Committee's proposal to have the services of Mr. S. Malhari Rao, B. A., temporarily transferred to the Maharani's Girls' School as Headmaster on his present pay, may be sanctioned. As long as an F. A. Class is maintained in the Maharani's School, the services of an experienced teacher of Mathematics and English for that class are necessary. The Principal of the Maharaja's College, who is a member of the School Committee, has agreed to lend the services of Mr. Malhari Rao and to take in his place Mr. H. R. Krishnamurti, Mathematical Master of the Shimoga College. If Government sanction Mr. Malhari Rao's transfer, proposals for seconding him in his grade and making other temporary promotions in the lower grades will be submitted.

2. Mr. H. R. Krishnamurti will work in the Shimoga College till the 21st instant, on which date the College closes for the midsummer vacation. As he is entitled to the enjoyment of the vacation, the proposed transfers may be sanctioned from the 1st June next.

Resolution of the Maharani's Girls' School Committee, Mysore, dated 5th April 1899. "That as the F. A. Class requires the help of a teacher possessing superior qualifications and experience of the work of a College Department, the Committee recommend the temporary appointment of Mr. S. Malhari Rao, B. A., of the Maharaja's College, as Headmaster of the Maharani's Girls' School. He will take a principal share in the teaching of English and Mathematics in the F. A. Class and also advise and help the Lady Superintendent in all matters of instruction and discipline and in the general supervision and management of the whole school".

No. 13055-6—Ed. 283, dated Bangalore, 16th May 1899.

Order thereon.—The Resolution of the Committee is approved and the transfer of Mr. Malhari Rao as Headmaster of the Mysore Maharani's Girls' School is sanctioned as a temporary arrangement up to the end of December next. Mr. Krishnamurti, Mathematical Master, Shimoga College, will do duty in the Mysore Maharaja's College during the absence of Mr. Malhari Rao or until further orders, his place at Shimoga being filled up temporarily. A list of the temporary promotions, which the Inspector General proposes to submit to Government, will be awaited.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.

READ—

Letter No. 779—618, dated 18th April 1899, from the Deputy Commissioner, Shimoga district, suggesting that, as the power to permit subordinates to remain in the service after they have attained 55 years of age has been delegated to the officers named in Government Proceedings No. 9050-82—P. & A. 1105, dated the 10th February 1897, it would be convenient if the latter were also vested with the discretion to refuse to grant such extension of service without the necessity of sending the subordinates in question for examination before a Medical Officer.

No. 13118-156—P. & A. 1104, DATED BANGALORE, 17TH MAY 1899.

ORDER THEREON.—It is observed that no medical certificate is necessary in the case of an official superannuated under the 55 years' rule. If the Head of the Department concerned is satisfied that any such official is inefficient and that his further retention in the service is undesirable, he has simply to report the cause of his unfitness for further service and obtain the orders of Government for his retirement. No modification of the existing orders appears called for.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—All Heads of Departments.
The Deputy Commissioners of Districts.

READ—

Annual Medical and Sanitary Report for the year 1896-97.

No. 13269—MIS. F. 5-97, DATED BANGALORE, 20TH MAY 1899.

ORDER THEREON.—The total rainfall registered in the Bangalore Central Observatory during the year under review amounted to 29·31 inches, or 6·24 inches less than that of the previous year.

2. The number of births registered during the year was 86,336 against 87,787 of the previous year, showing a decrease of 1,451.

3. The deaths during the year numbered 72,658, being 8,325 more than in 1895-96. Cholera, small-pox and fever added considerably to the aggregate mortality of the year. The cholera epidemic continued during the whole of the year, and the number of deaths under this head was 4,643 or 4,122 more than in the previous year. Small-pox caused 6,676 deaths or 3,823 more than in 1895-96, and fever is said to have caused the death of 36,585 persons or 262 more than in the preceding year. No less than 4,833 or more than half the increased number of deaths occurred in the Mysore district alone, and this was almost entirely under the heads of cholera and small-pox. This district which enjoyed comparative immunity from the former disease with only 5 deaths in a single village in 1895-96, became severely affected in the year under report, with no less than 3,479 deaths, while the mortality from small-pox rose from 566 in the former to 1,903 in the latter year.

4. The sanitary condition of the Jails of the Province was good, and the general health of the prisoners fairly satisfactory; but both among the convicts and the Military sepoys and savars treated in hospitals, the most common disease was fever. The total mortality in the Jails was 12 against 5 in the previous year and of these 4 deaths were from fever.

5. Fair progress is reported under the head "Sanitary Works," the most important of them being in connection with *Hessarghatta*. This included the construction of a storage tank and filter beds and service reservoir connected with the Chamaraj Water-supply Project, costing Rs. 1,31,021 in all. The amounts spent on Sanitary Works in the Kolar, Mysore, French Rocks, Tumkur and Hassan divisions are duly given in the report, while this information is not furnished for the Shimoga, Kadur and Chitaldrug divisions. This omission should be supplied in future reports.

Letter No. 1037, dated 1st May 1899, from the Superintendent of Government Printing in Mysore, bringing to notice that requisitions for printing are sent direct to the Jail Press without any reference to himself, contrary to Government Proceedings No. 5300-10—Cir. 159, dated 12th November 1888.

READ—

Letter No 1216, dated the 15th May 1899, from the same, furnishing a statement of calls in which such requisitions have been sent direct to the Jail Press.

No. 13598-638—Mis. 2896, DATED BANGALORE, 31ST MAY 1899.

ORDER THEREON.—The attention of Heads of Departments will be invited to Government Proceedings, dated the 12th November 1888, No. 5300-10—Cir. 159, with a request that all requisitions for printing be sent to the Superintendent, Government Printing, in order to enable him to arrange for a proper distribution of the work between that Press and the Central Jail Press, by sending to the latter only such work as could be conveniently and expeditiously executed therein. The Inspector General of Prisons will be so good as to instruct the Superintendent of the Central Jail Press to comply only with such requisitions for printing work as may be transmitted to him through the Superintendent, Government Printing.

The Comptroller to the Government of Mysore.

READ—

Letter No. 9618, dated the 29th April 1899, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to state that the marginally noted Hospital establishment was entertained under the orders of the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, in anticipation of Government sanction, for the Plague Hospital at the Kolar Gold Fields. The Special Plague Officer, Kolar Gold Fields, now submits proposals through the Senior Surgeon to increase the pay of a part of the Hospital establishment† which was thus entertained in anticipation of Government sanction on the ground that the increase now proposed was already promised them and further requests sanction to the entertainment of the additional Hospital and Supervision establishment as shown in the margin ‡.

READ—

Letter No. 9562, dated the 26th April 1899, from the Plague Commissioner in Mysore, forwarding copy of letter No 1613, dated the 21st April 1899, from the Deputy Commissioner, Hassan district, and recommending sanction to the proposal therein to appropriate a sum of Rs 400 out of the grant of Rs 5,000 sanctioned, from Local Funds General for rural sanitation, in Government Proceedings No. 2454-6—Mis. F. 21-96, dated the 22nd August 1898, for filling up the trench at the Banavar Municipality on the ground that the financial condition of the said municipality does not permit the work being undertaken from the Municipal Funds, and bringing to the notice of Government that no portion of the said grant of Rs. 5,000 has as yet been utilized by the Deputy Commissioner for the improvement of the rural sanitation of his district.

No. Pg. 1674-83, DATED BANGALORE, 5TH MAY 1899.

ORDER THEREON.—The appropriation of Rs. 400, recommended by the Plague Commissioner in the letter read above, is sanctioned with the observation that Government regret to learn that no portion of the grant, sanctioned so far back as August 1898, has as yet been utilized by the Deputy Commissioner to improve the rural sanitation of his district.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

No. Pg. 1694-99, DATED BANGALORE, 8TH MAY 1899.

ORDER.—An early settlement regarding the houses demolished in Bangalore City, in connection with plague under Regulation 6 A. of the Original City Regulations published with Notification No. Pg. 723, dated the 23rd December 1898, being required, the Government of Mysore are pleased to appoint the marginally noted Officers to constitute a Committee to settle after careful inspection :—

1. President, Bangalore City Municipal Commission.
2. Senior Surgeon and Sanitary Commissioner, with the Government of Mysore.
3. Superintending Engineer, Sanitary Works.
4. Mr. D. A. Choksi.
5. Mr. D. Ranga Rao, Executive Engineer, City Improvements Division.

I. What portions of the sites of demolished houses could be rebuilt upon.

II. How much space should be retained for purposes of ventilation, drainage, roads, &c.

III. The conditions, general or special, subject to which the rebuilding is to be permitted.

2. With a view to enable people whose houses have been or shall be demolished to rebuild them without delay, the decision of any two members may be taken as final and immediate effect given to it.

3. The Superintending Engineer, Sanitary Works, and the staff under him will do all work required to carry out the decision of the Committee.

4. The Committee will record the settlement in sufficient detail to admit of ready execution, and the whole should be marked upon carefully prepared maps.

5. The Committee will, as early as possible, submit to Government a report of the settlement effected.

6. Wherever the Committee find that compensation has not been paid, they shall have power to order its immediate payment, and the President of the City Municipality shall give effect to the orders of the Committee.

Government Proceedings Nos. 15490-1—Mis. F. 21-96 and 1924-5—Mis. F. 21-96, dated the 27th May and 9th August 1898, respectively, sanctioning estimates aggregating Rs. 12,811 for the construction of plague sheds at Harihar.

READ ALSO—

Letter No. 9885, dated the 9th May 1899, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, Revenue and General Department:—

I have the honor to submit herewith for sanction an abstract revised estimate amounting to Rs. 16,306 (as revised by the Superintending Engineer, Eastern Circle) for constructing and repairing plague sheds at Harihar. The amount originally sanctioned was Rs. 12,811 as noted on the margin, but as the amount of the revised estimate is Rs. 16,306 the excess for which sanction is now required is Rs. 3,495. The Executive Engineer explains the causes of this excess expenditure in his report accompanying the estimate,

		Rs.
Proceedings No.	15490-1—Mis. F. 21-96, dated the 27th May 1898 ...	3,098
Do	1924-5—Mis. F. 21-96, dated the 9th August 1898 ..	9,713
	Total ...	12,811

which together with the Superintending Engineer's No. 1636, dated 28th April 1899, is herewith submitted in original for reference and obliging return.

On receipt of sanction to the revised estimate now submitted, the excess amount of Rs. 3,495 will be placed at the disposal of the Chief Engineer from the allotment sanctioned in Government Proceedings No. 42-43—D. H. O., dated the 6th April 1899.

No. Pg. 1729-30, dated Bangalore, 13th May 1899.

Order thereon.—Sanctioned.

C. SREENIVASIENGAR,

ORDER THEREON.—Approved and communicated to Comptroller.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.

READ AGAIN—

Government Proceedings No. Pg. 489—500, dated 19th November 1898, fixing the scale of allowances to Medical Officers in charge of Wards.

READ ALSO—

Letter No. 8138, dated the 12th March 1899, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

"I have the honor to state that it has been represented by the Senior Surgeon that certain modifications in the scale of allowances of Ward Medical Officers as laid down by Government Order No. Pg. 489—500, dated Bangalore, 19th November 1898, are needed. He proposes that from and after the 1st April 1899 the allowance should be fixed in accordance with the appointment, not according to the grade of the officer holding the appointment He points out that the nature of a Ward Medical Officer's work is the same whether he is a Hospital Assistant or an Assistant Surgeon, and he suggests that, as in the case of Civil Officers, the allowance of a Ward Medical Officer should be a fixed one, irrespective of the grade of such Medical Officer, and he proposes that a uniform rate of Rs 50 may be granted as allowance to a Medical Officer in charge of a Ward, and Rs 30 to a Medical Officer in charge of a Sub-Ward.

I entirely concur with the Senior Surgeon in these opinions and consider that such an arrangement would be more equable and satisfactory in every way than the present one, and I accordingly request that Government may be pleased to accord sanction to the same with effect from 1st April.

A second point raised by the Senior Surgeon is the desirability of a uniform scale of allowance for Inspecting Medical Officers, whose work is one of a very arduous and responsible nature and requires considerable tact and conscientiousness in its performance.

He recommends that from the 1st April, (1) all Inspecting Medical Officers in charge of inspection stations at which the train is stopped for the medical examination of *all* passengers should get an allowance of Rs 30 a month and (2) that Medical Officers deputed, in addition to their other duties at other stations, to examine only passengers *alighting* thereat, should be granted an allowance of Rs. 10 a month; and that where the same shall seem necessary to the Senior Surgeon, owing to the distance such Medical Officer has to traverse each time he goes to the station or to special conditions, such as loneliness of the station or dearness of living thereat, an additional carriage or local allowance of Rs. 10 shall be grantable to such Medical Officers.

I am of opinion that these proposals are fair and reasonable; I consider that the extra work done by these Inspecting Medical Officers is such as to merit the allowances proposed by the Senior Surgeon, and I accordingly request that Government may be pleased to accord sanction to the same with effect from the 1st April 1899."

(2) Letter No. 8267, dated the 15th March 1899, from the same officer, recommending the grant of a special local allowance of Rs. 15 to Mr. B Venkata Rao, Inspecting Medical Officer at Bisanatham, on account of costliness of living thereat.

No. Pg. 1772-4, DATED BANGALORE, 26TH MAY 1899.

ORDER THEREON.—In modification of so much of the Government Order referred to above, as relates to the grant of allowances to the Medical Officers in charge of Wards, Government are pleased to sanction, with effect from 1st April 1899, the following allowances without regard to the rank of the officers concerned :—

(*a*) (1) Rs. 50 per mensem to a Medical Officer in charge of a Ward.

(2) Rs. 30 to ditto in charge of a Sub-Ward.

Inspecting Medical Officers :—

(1) Rs. 30 to Inspecting Medical Officers in charge of inspection stations at which trains are stopped for the medical examination of *all* passengers.

(2) Rs. 10 to Medical Officers deputed, in addition to their other duties at other stations, to examine only passengers *alighting* thereat. Where, however, the Senior Surgeon considers that owing to the distance such Medical Officer has to traverse each time he goes to the station, or to special conditions such as loneliness of the station or dearness of living thereat, he may sanction an additional carriage or local allowance of Rs. 10 to such Medical Officer.

2. The local allowance of Rs. 15, recommended on behalf of Mr. B. Venkata Rao, Inspecting Medical Officer at Bisanatham, is sanctioned as a special case for the period he was on such duty.

READ—

Letter No. 8690—282, dated 26th April 1899, from the Inspector General of Education in Mysore.

I have the honor to inform you that all the Government Colleges and High Schools in the province with the exception of the Government College at Shimoga, have a Hindustani Munshi attached to each of them, the necessity for the appointment of a Hindustani Munshi to the Shimoga College has not been felt hitherto. There are at present seven Muhammadan students studying in the F. A. and other classes of that institution, and there is a probability of the number of students of the Muhammadan community increasing, if a Hindustani Munshi be appointed and facilities afforded to them to study Hindustani and Persian in the College. I recommend therefore that Government may be pleased to sanction the appointment of a Hindustani Munshi who will also teach Persian in the Shimoga College, in Class III of Pandits and Munshis, with effect from the 1st June 1899. The appointment may be sanctioned tentatively for one year. If at the end of that period the number of Muhammadan students in the College is found large enough to warrant the continuance of the appointment, a munshi may be permanently attached to it.

No. 13114-15—ED. 284, DATED BANGALORE, 17TH MAY 1899.

ORDER THEREON.—The proposed appointment is sanctioned tentatively for one year, with effect from 1st proximo as recommended, subject to a report being made at the end of that period as to the necessity or otherwise for the continuance of the appointment, the extra charge involved being met from the General Savings of the Educational budget for the current official year and due provision being made in the budget for the next year.

Letter No. 8445—274, dated 18th April 1899, from the Inspector General of Education in Mysore, submitting two lists of Probationary Teachers employed in schools maintained from the Village School fund, who are eligible for promotion to the rank of Assistant Master on Rs. 7 a month, and requesting that the Government may be pleased to sanction their promotions.

No. 13486-7—ED. F. 44-96, DATED BANGALORE, 25TH MAY 1899.

ORDER THEREON.—The promotions recommended in the above are in accordance with para 1 of Government Order No. 2918-19—Ed. F. 44-96, dated 28th August 1897, and are, therefore, approved and sanctioned with effect from 1st July 1899.

2. The Inspector General is requested to make the necessary provision in the Village School Fund Budget for 1899-1900, for the additional charges (as per details in the statements appended) of Rs. 4,344 involved.

Proceedings of the Government of Mysore,

READ AGAIN—

Government Proceedings No. 855-56—J. 88, dated the 15th July 1898, extending the period of training in the Police School, Bangalore, by three months from 1st July 1898.

READ —

Letter No. 3772—350, dated the 15th April 1899, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to correspondence ending with Government Proceedings No. 855-6—J. 88, dated 15th July 1899, extending the period of training of Inspectors and Jamadars in the Police Training School till the end of September 1898, I have the honor to report that the Training School, which had been closed owing to the prevalence of plague in Bangalore on the 1st October 1898, was re-opened on the 15th March last, and that it is attended by 3 Jamadars, 1 Head Constable, 10 Dafadars, 1 Sergeant, 1 Constable and 36 Recruits. Besides these, 1 Police Head Munshi attends the class (thus making the number 53), as this official has also to undergo training as per this office Circular No. 565—40, dated 5th August 1898, approved of by Government, *vide* Proceedings No. 1758—J. 181, dated 4th August 1898.

2. The course of training for the present class will extend till the 15th November 1899 at the utmost, *i. e.*, for a period of eight months as reported in this office letter No. 1279—137, dated 12th October 1893.

3. Substitutes will be appointed in places of the Police Head Munshi, 3 Jamadars and 1 Head Constable and the allowances to be paid to their substitutes will be Rs. 96 per mensem or Rs. 768 for the whole term as per margin.

	Rs.
Substitutes for 3 Jamadars at Rs. 20	60
1 Head Munshi at Rs. 20	20
1 Head Constable at Rs 16	16
Total per month ...	96
Total for a course of eight months ...	768

4. I would propose that this sum of Rs. 768 may be met out of the large balance of Rs. 5,472-12-6 remaining unspent out of Rs. 8,640 sanctioned in Government Proceedings No. 9816-25—J. F. 53-92, dated 21st December 1893.

5. I beg that early sanction may be accorded to the proposal and the Comptroller authorized to pass the pay of the officials that are now attending the school, as they are badly off for expenses.

6. A further report will be submitted at the end of this period.

No. 12428-29—J. 1542, DATED BANGALORE, 1ST MAY 1899.

ORDER THEREON.—As recommended by the Inspector General, the Government are pleased to extend the period of training in the Police School till the 15th November 1899, subject to the submission of the further report promised at the end of that period.

2. The entertainment of substitutes in place of those who are attending the Police School is also sanctioned, the allowances payable to them as noted in the margin being met from the balance remaining unspent out of Rs. 6,480 sanctioned in Government Proceedings No. 9816-25—J. F. 53-92, dated the 21st December 1893.

	Rs.
Substitutes for 3 Jamadars at Rs. 20 ..	60
Ditto for 1 Head Munshi	20
Ditto for 1 Head Constable ...	16
Total per mensem ...	96

3. In para 4 of the letter read above, the total amount sanctioned under Government Proceedings referred to above is stated to be Rs. 8,640, but the aggregate sum sanctioned under the said Proceedings for three years amounts to (Rs. 2,160 × 3) or Rs. 6,480 only. An explanation of the discrepancy is requested.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.
The Comptroller in Mysore.

READ—

Letter No. 856, dated the 14th April 1899, from the Inspector General of Registration in Mysore, submitting, for the information of Government, A and B Returns of the Registration Department for the quarter ending 30th September 1898.

No. 12443—J. 1543, DATED BANGALORE, 2ND MAY 1899.

ORDER THEREON.—The returns submitted show that the total registrations of all kinds during the quarter was 13,652 and the total receipts amounted to Rs. 30,204-4-0, as particularized in the margin, against an expenditure of Rs. 16,393-2-4, thus leaving a surplus of Rs. 13,811-1-8 in favor of the Department.

	No.	Fees. Rs.	a.	p.
A.—Immovable property—				
Compulsory Registrations ...	8376	21,711	0	0
Optional	4859	3,469	4	0
Movable property ...	321	656	0	0
Wills	95	368	4	0
Authorities to adopt ...	1	5	0	0
Total	13652	26,209	8	0
B.—Amount realized by way of penalty, extra fees, &c. ...		3,994	12	0
Total		30,204	4	0

2. The Inspector General is requested to arrange for the early transmission of the returns due for the last two quarters and for the punctual submission of the returns in future.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Inspector General of Registration in Mysore.

READ—

Letter No. 870, dated 24th April 1899, from the Inspector General of Registration in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No. 10182—J. 1253, dated 28th February 1899, forwarding for perusal copy of Madras Government Order No. 143, dated 26th January 1899, regarding the supply of stationery to the Registration Department, and enquiring how the supply of stationery to the Sub-Registrars in Mysore is regulated and whether the indents therefor are scrutinized by the Inspector General, I have the honor to state that the supply of stationery to the clerks of the District Registry offices (District Registrars who are also Deputy Commissioners not being supplied with any separate stationery from the Registration Department) as well as to the several Special Sub-Registrars and their establishments is made only on indents prepared in my office in accordance with the scale prescribed by Government in their Proceedings No. 12810-45—Mis. 2715, dated 1st April 1898.

2. I beg to append hereto a statement showing in juxtaposition the quantity of stationery now sanctioned to the Registration officials in Madras and that allowed to these officials in Mysore. On a comparison of the same, it will be observed that the supply in both the places is nearly the same with but a slight difference in some items. Whereas, for instance, the number of black-lead pencils issued to the Registration officials in Mysore is one more than what it is in Madras, the number of nibs supplied in Madras is a little larger than what it is here.

Further, in addition to the stationery supplied to the Sub-Registrars and their clerks, an extra supply of two pen-holders, six nibs and one blotting paper is separately made in Madras in the case of each registering office for the special use of the parties attending the offices for purposes of registration. But nothing of this kind is allowed in Mysore, such requirements being here met from the stationery supplied for the use of the Sub-Registrars and their staff. For purposes of stationery the Sub-Registrars are here treated only as ordinary clerks and supplied according to the same scale as is prescribed for the latter.

3. Lastly it will be seen from their order referred to above, that the Madras Government have not as yet finally reduced the scale of stationery supplied to the Sub-Registrars but have directed to test and report the actual requirements by selecting some important registering stations for the purpose. I may, in this connection, state that the present Manager of my office who had till very lately been a Sub-Registrar in some of the important stations brings to my notice that the present supply of stationery to the several Sub-Registry offices here is found to be insufficient and that in some of the heavy offices it is actually exhausted within the course of nine or ten months.

4. In these circumstances, I am of opinion that the present scale of stationery supply to the Sub-Registrars and their establishments is not in any way excessive and that no change need therefore be made therein for the present.

5. The copy of the Madras Government Order received with your docket under reply is herewith returned.

Statement showing in juxtaposition the quantity of stationery lately sanctioned for the Registration officials in Madras and that issued according to the scale at present in force in Mysore.

Officials.	Articles.	Scale in Madras as proposed by the Superintendent of Stationery and approved by the Madras Government.	Scale at present in force in Mysore.	Remarks.
Sub-Registrar ...	Black-lead pencils ...	2	3	Per annum.

No. 12559-60—J. 1555, DATED BANGALORE, 4TH MAY 1899.

ORDER THEREON.—Recorded and communicated to the Superintendent of Stationery.

2. The Government are glad to observe that every possible scrutiny combined with the strictest economy is being enforced as regards the expenditure of stationery in the Sub-Registry offices. The present arrangements therefore need no change.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Registration in Mysore.
The Superintendent of Stationery.

No. 12668-87—J. 1580.

OFFICE OF THE DEWAN OF MYSORE,
dated Bangalore, 6th May 1899.

Letter No. 1884, dated Bangalore, 29th April 1899, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to refer to the correspondence ending with your letter No. 11416—J. 1424, dated the 8th instant, and to say that there is no doubt now that arms, ammunition, &c., have been exported from the Civil and Military Station without being covered by a license from the District Magistrate of the station. Necessary action in this direction has accordingly been taken, and I am to request that you will be good enough to direct the attention of the officers concerned to the rules on the subject and let it be clearly understood that no arms, ammunition, &c., may be transported from the Civil and Military Station of Bangalore to any district in Mysore, *or vice versa*, except under a license issued by the District Magistrate concerned.

MEMO.

The attention of all District Magistrates is drawn to the foregoing letter and they are enjoined to see that the rules therein referred to for the transport of arms, ammunition, &c., are strictly enforced.

The Inspector General of Police is also requested to issue the needful instructions on the subject.

By Order
C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—All District Magistrates.
The Inspector General of Police in Mysore.
The Registrar of the Chief Court of Mysore for information.

No. 12629-67—J. 1579, DATED BANGALORE, 6TH MAY 1899.

ORDER.—Heads of Departments are requested to discontinue the transmission in future of the annual statement of suits filed by or against Public Officers, prescribed in Government Proceedings No. 2858-98—J. F. 64-92, dated 18th August 1892, the submission of the report required to be submitted to Government by para 3 of Proceedings of the Dewan, No. 4668-79—Cir. 137, dated 25th September 1888, being considered sufficient.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Heads of all Departments.

READ—

Letter No. 673—J., dated Bangalore, 8th March 1899, from the Inspector General of Prisons in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward the enclosed letter No 849, dated 31st January 1899, from the Superintendent, Central Jail, Bangalore, explaining the difficulty and the risk to which the Central Jail is put to for want of competent and sufficient guarding establishment to that Jail.

2. This state of things should not in my opinion be allowed to continue any longer and I would therefore recommend to Government that the request of the Superintendent for employing 12 more guards on Rs. 7 each a month may be granted to ensure the efficient working and safetiness of the Jail as the number of prisoners now exceeds 800.

3. Further I have the honor to recommend that the 24 contingent peons who have been budgetted for may also be brought under the permanent establishment as it would be seen from the Superintendent's letter that they are employed only according to the number of prisoners sent out-door and are therefore liable to be sent away at a moment's notice and consequently cannot be brought under the provisions of the Prison Act; and if these posts are made permanent the services of strong and good young men could be procured without difficulty.

4. In this connection I beg to draw the attention of Government to paras 12 and 13 of Mr. Biddulph's report on the accounts and records of the Central Jail where he remarks that the expression "Contingent Establishment" should be changed to "Temporary Establishment," that the cost of the establishment should be billed for separately as "Temporary Establishment" and that the grant now included under the head "Contingencies" for this establishment should be transferred to that of establishment. To obviate this difficulty and those explained above I would recommend that these 24 men may also be brought under the permanent list.

5. As I hear it is under contemplation to disband one of the Barr Regiments, I have the honor to request that the number of extra hands asked for may be supplied from this source as they are already accustomed to discipline.

(Enclosure to the above.)

Letter No. 849, dated the 31st January 1899, from the Superintendent, Central Jail, Bangalore, to the Inspector General of Prisons in Mysore.

I have the honor to invite your favorable consideration of the following facts in reference to the warder guard of the Jail as at present constituted and to request that you may be pleased to obtain the sanction of Government to my proposal for increasing the same on the grounds herein set forth.

Our present sanctioned establishment consists of—

1	Chief Warder.
1	Deputy Chief Warder.
1	Assistant Chief Warder.
2	Head Warders, 1st Grade.
3	Ditto 2nd do.
4	Ditto 3rd do.
14	Warders, 1st Grade.
18	Ditto 2nd do
18	Ditto 3rd do

2. In addition to the above, provision is made in the Jail budget for 24 contingent warders at Rs. 7 each per mensem, who are entertained as requirements occur in regard to the number of prisoners sent out-door.

3. I would here give the posts in the Jail that have to be maintained by the permanent warder guard.

Standing guard at front gate 26, (of these 13 do duty for 24 hours at a stretch every alternate day).

The duty of these men is to man four posts, that is, 1 on the Arms, 1 at the Tower, 1 at the front gate and 1 at the back gate.

In addition to these posts the following posts have to be permanently maintained both by day and night.

By day—

1.	Simple Prison	...	...	...	1
2.	Civil Prison	...	...	...	1
3.	Female Prison (1 inside, at gate)	... (females)	...	...	2
4.	Juvenile Prison	..	...	...	1
5.	Garden ...	...	...	...	6
			Total	...	11

By night—

1.	Simple	...	..	...	2
2.	Civil	..	...	...	1
3.	Female Prison	...	...	...	1
4.	Juveniles	...	...	...	1
			Total	...	5

or in all for these five posts only, which are outside the Jail proper, 16 men are required. This disposes of 42 out of the sanctioned strength of 50 warders. The remaining eight are thus disposed of—

Permanent gangs for Jail duties—

Inspector General's gang	..	...	...	1
Superintendent's gang	...	...	...	1
Front gate gang	...	...	...	1
Back gate gang	...	...	...	1
				4

Superintendent's orderly	...	..	...	1
Chief Jailor's orderly	...	.	...	1
Office orderly	...	...	...	1
Store orderly	...	...	...	1
				4
		Grand Total	...	50

The above disposes of the 50 men at present composing our permanent guard. It will therefore be seen that if one of these men is ill or absent from any cause whatever, there is a difficulty felt somewhere and some post is left un-manned. It will also be seen that there is not a single man left at the Tower for any emergency other than the solitary sentry. As I am of opinion, that it would be risky, if not absolutely dangerous to permit this state of affairs to continue any longer, especially as the number now in the Jail has so much increased, I would beg that 12 more warders on Rs. 7 each per mensem, be sanctioned to enable me to increase the standing guard and to have a *few spare men at the Tower* in case of emergency.

In this connection I would also mention that I find it extremely difficult, and at times imposible, to obtain men for the contingent guard as they are entertained only according to the number of prisoners sent out-door and are therefore liable to be sent away at any moment and consequently, on these men we have no hold as they would not in my opinion, come under the provisions of the Prisons Act when they choose to keep away. I would therefore suggest for your favorable consideration and for the sanction of Government that these 24 men also, who are now budgetted for, be made permanent when the services of good men would be ensured. I beg that you will give this matter your very early consideration as it is very urgent and of pressing importance.

3. Letter No. 6210 qr II 1991, dated Bangalore, 5th April 1899, from the Comptroller to the Mysore Government, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No. 11048—J. 1369, dated 23rd March 1899, enquiring whether the proposal made by the Inspector General of Prisons in para 4 of his letter No. 673—J., dated 8th March 1899 (forwarded to this office in original), if carried out would not be giving effect to Mr. Biddulph's suggestions and whether this office has any objection to the proposal being carried out, I have the honor to state that Mr. Biddulph's remarks are not understood. His remarks were that (1) the expression "contingent guards" should be altered to "temporary guards," that (2) the cost of these should not be included with contingent charges, and that (3) if the grant for contingencies was intended to cover these charges a transfer should be made increasing the grant under "Temporary Establishment" and decreasing that under "Contingencies."

The guards in question are called (1) "Contingent guards" according to the term used in Section 314 of the Jail Manual, and (2) the charges on account of these are not included with contingent charges as stated, but for facility of audit they are drawn on abstract contingent bills as a distinct head of charge as in the case of other Jail charges, "Rations to prisoners," "Hanging prisoners," &c., supported by a separate bill. (3) A separate provision is made in the budget for this establishment, and their cost is debited to that head as explained in my letter No. 5891—1900, dated 22nd March 1899.

The number of contingent guards depends upon the number of prisoners employed outside the Jail, and if these are brought on the permanent establishment they have to be retained at all times whether there is work for them or not, and further they have all to be brought under the Pension Rules. So far as Mr. Biddulph's suggestions in regard to the Jail accounts are concerned there is no necessity for bringing on the permanent establishment the 24 guards budgetted for year after year to meet the contingency of guarding prisoners while employed outside the Jail.

No. 12856-57—J. 1597, DATED BANGALORE, 11TH MAY 1899.

ORDER THEREON.—Under the circumstances represented by the Inspector General of Prisons, the Government are pleased to sanction the entertainment of 12 additional warders on Rs. 7 each; the date of entertainment should be intimated to the Comptroller. The cost incurred during the current official year will be met out of General Savings of the Jail budget.

2. As regards the proposal to transfer the 24 "Contingent peons" to the permanent establishment, a copy of the Comptroller's letter read above will be communicated to the Inspector General for reasons therein stated, the existing arrangements may be continued, and the difficulty complained of in procuring good men to serve as guards temporarily would, to a great extent, be removed, if the 12 additional warders now sanctioned are appointed from the existing number of contingent peons and further inducements are offered to the latter as vacancies occur by similarly transferring the more deserving of them to the permanent establishment.

C. SREENIVASIENGAR.
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Prisons in Mysore.
The Comptroller to the Government of Mysore.

READ AGAIN—

Letter No. 818—J., dated the 28th May 1898, from the Inspecter General of Prisons in Mysore, recommending the adoption in the Mysore Jails and Lock-ups of the rules observed in Madras Jails in calculating the date of release of prisoners.

READ—

1. Letter No. 902—29, dated the 9th August 1898, from the Registrar of the Chief Court of Mysore, stating, with reference to this office letter No. 17270—J. 1690, dated 30th June 1898, that the Judges are of opinion that the rules referred to by the Inspector General of Prisons may be introduced in the Mysore Jails.

2. Letter No. 330—J., dated 5th October 1898, from the Inspector General of Prisons in Mysore, submitting for approval, as requested by this office, a draft Notification on the above subject.

3. Letter No. 1786—123-93, dated 24th April 1899, from the First Assistant to the Resident in Mysore, stating that the Resident has no objection to the introduction of the proposed rules.

No. 12994-95--J. 1601, DATED BANGALORE, 15TH MAY 1899.

ORDER THEREON.—As recommended by the Inspector General of Prisons, the Government are pleased to approve of the adoption of the following rules in the matter of calculating the date of release of prisoners and direct their publication in the *Mysore Gazette*.

To ensure uniformity of practice in all Jails and Lock-ups in the Province in the matter of calculating the date of release of prisoners, the Government are pleased to direct as follows:—

1. In calculating the date of expiry of a sentence of imprisonment in a criminal case, the day upon which the sentence was passed and the day of release should both be included and considered as days of imprisonment. Similarly, if a convict is released on bail, pending appeal, or if he escapes, the day on which he was released, or escaped and the day on which he was re-admitted, or re-captured, shall both be counted as days of imprisonment.

Illustration 1.—A prisoner sentenced on the 1st January to one month's imprisonment should be released on the 31st January and not on the 1st February.

Illustration 2.—A prisoner sentenced on the 1st January to one month's imprisonment escapes on the 15th January and is recaptured on the 16th. He will be entitled on the original warrant to release on the 31st January.

2. When a prisoner is sentenced to two or more sentences, the date of release shall be calculated as though the sum of the terms was awarded in one sentence.

Illustration.—A prisoner sentenced on the 21st of November 1890 to two substantive terms of imprisonment of one year each, should be released on the 20th and not the 19th November 1892.

3. When a prisoner's sentence consists of so many months with or without the fraction of a month, the date of release shall be calculated by adding the number of calendar months to the date of the sentence, the fraction (if any) being reduced to days.

Illustration 1.—A prisoner is sentenced to one and a half months' imprisonment on the 2nd February. The date of his release will be the 16th March.

Illustration 2.—A prisoner is sentenced to 6 months' imprisonment on the 31st May, the date of his release will be the 30th November.

4. The following method shall be adopted in calculating the date of release of a prisoner who after conviction is released on bail pending the hearing of his appeal and is afterwards remanded to jail to serve out his sentence, or who escapes and is at large for a certain period. Add to the term of his sentence the number of days the prisoner is on bail or at large, exclusive of the day of release and recommittal to custody, or of escape and re-capture; the date on which the sum of these periods will elapse, counting from the date of conviction, is the date of expiration of sentence.

5. If the prisoner be sentenced to imprisonment of which the whole or any portion is in default of the payment of any fine, and if the fine or a portion of it be not immediately paid, the dates of release shall be calculated and entered in the Release Register, so as to correspond both with payment and with non-payment of the fine. If any portion of the fine is subsequently paid, the date of release shall be altered accordingly.

Illustration.—If a prisoner be sentenced on the 1st January to 6 months' imprisonment and to a fine of Rs. 300, and it be ordered that if the fine be not paid he be imprisoned for a further period of six months, then supposing that the prisoner, immediately on conviction, pays Rs. 100, the date of release shall be first fixed at 31st October (*viz.* 6 months+4 months, the equivalent of the fine unpaid); if he afterwards pays another Rs. 100, the date will be changed to 31st August and on his paying the whole, to 30th June.

6. If a prisoner who is sentenced to a fine, and in default to imprisonment for a certain number of *months*, pays any part of his fine, the reduction of imprisonment to be made in consequence of such payment shall be calculated in *calendar months*, and not in days. Any fraction of a month obtained by such calculation shall be reduced to days. When the fraction thus obtained is not exactly equal to any number of days, or is less than a single day, the portion of a day which results shall be considered and treated as being equal to a full day.

Illustration.—A prisoner is sentenced on 1st January to a fine of Rs. 300 or in default to 6 months' imprisonment. No part of the fine is realized except a sum of twelve annas. He should be released on the 29th June, though the amount realized is less than the full amount due for a single day.

7. If a prisoner escapes and on re-capture receives any fresh sentence for the escape, the date of release shall be re-calculated in accordance with the provisions of Section 396 of the Code of Criminal Procedure, and the date of release thus arrived at, shall be entered in the Release Register in place of the original date of release.

8. When the Appellate Court simply modifies a sentence passed by a lower Court without change of sections, or when the Appellate Court passes a new sentence by changing the conviction section or the punishment section or otherwise, the sentence finally passed shall count, unless otherwise specially directed, from the first day of imprisonment under the original sentence.

9. If a prisoner sentenced to imprisonment in default of payment of fine only, receives another sentence on some other account while undergoing such imprisonment, the second sentence shall begin from the date on which the first sentence expires, or if the fine is paid, from the date of payment. It should be remembered that imprisonment in default of payment of fine is a punishment for non-payment.

Illustration.—A prisoner is sentenced on the 31st January to a fine of Rs. 30, or in default to two months' rigorous *imprisonment* and on the 12th of February of the same year he is sentenced on another account to an additional imprisonment for four months. The fine is paid in full on the 28th February. The sentence of four months should begin from the 28th February, and not from the 31st January.

Note.—But see Section 398 (2) of the Criminal Procedure Code as amended by Regulation I of 1888 in regard to sentences of imprisonment in default of payment of fine, which are annexed to several substantive sentences of imprisonment or transportation.

READ—

Letter No. 899, dated the 2nd May 1899, from the Inspector General of Registration in Mysore, submitting A and B returns of the Registration Department for the quarter ending 31st December 1898.

No. 13095—J. 1611, DATED BANGALORE, 17TH MAY 1899.

ORDER THEREON.—Recorded.

2. The returns submitted show that the total registrations of all kinds during the quarter was 6,950 as against 13,652 in the previous quarter. The total receipts amounted to Rs. 16,481-12-0 as particularized in the margin, against an expenditure of Rs. 16,065-7-5, thus leaving a balance of Rs. 416-4-7 in favor of the Department, as against Rs. 13,811-1-8 in the previous quarter. The considerable disparity between these two figures is explained to be due to a marked falling off in the number of registrations owing to the prevalence of the plague.

A.—Immovable property.	No.	Fees. Rs. a. p.

READ—

Letter No. 270—31, dated the 16th July 1898, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to Government Proceedings No. 4371-2—J. 471, dated 28th September 1896, and No. 8195-6—J. 945, dated 18th January 1898, and in continuation of this office letters, numbers as per margin, I have the honor to state that all endeavours to secure competent European Inspectors for the coffee tracts have proved fruitless and that of the three officers whose appointment was sanctioned in the Government Proceedings No. 8195-6—J. 945, dated 18th January 1898, one has already applied for a transfer from the coffee tracts and another has not given satisfaction. I beg, therefore, that till eligible European Inspectors are available, permission may be given to me to employ Inspectors without regard to nationality on pay of Rs. 70, 80 and 100 and horse allowance of Rs. 20, and to give them a local malnad allowance of Rs. 50 in addition. This malnad allowance may be raised to Rs. 75 and Rs. 100 after approved service of five and ten years respectively. By this arrangement the Inspectors employed in the coffee tracts will receive a fair and ample remuneration for their services, and a sufficient inducement will be provided for qualified men volunteering for the service. At the same time the total amount sanctioned by Government will not be exceeded. I append a confidential memo explaining my reasons for this proposal more fully and beg to invite reference to letter No. 6, dated 2nd July 1898, from the Deputy Commissioner, Kadur, (enclosed herewith in original).

No 2030—242, dated 19th December 1896
No. 970—102, dated 7th September 1897.
No. 1721—186, dated 10th November 1897.
No 1921—212, dated 27th November 1897.

2. I beg also to recommend for sanction of Government the proposal of the Deputy Commissioner for granting a local allowance of Rs. 25 each to the Inspectors of Chikmagalur and Tarikere, as the greater part of their jurisdiction consists of malnad and their work is difficult and living expensive.

No. 13497-8—J. 1656, DATED BANGALORE, 29TH MAY 1899.

ORDER THEREON.—Until the arrangements sanctioned in para 2 of Government Proceedings No. 4371-2—J. 471, dated the 28th September 1896, can be given effect to, the Government are pleased to sanction tentatively the appointment of three Inspectors for the coffee tracts on Rs. 70, 80 and 100, respectively, as recommended by the Inspector General of Police. They will each be given a horse allowance of Rs. 20 and a malnad allowance of Rs. 50 with effect from 1st July next. His proposal to make the latter allowance progressive with the length of the service in the malnad, as also to grant a local allowance to the Inspectors of Chikmagalur and Tarikere, will be dealt with separately.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.
The Comptroller in Mysore.

Exd.—C.V.

Proceedings of the Government of Mysore.

READ—

Letter No. 682, dated 31st January 1899, from the President of the District Fund Boards in the Mysore district, submitting the District Fund budget estimates of the Mysore Local Fund Circle for 1899-1900 together with a copy of the Proceedings of the District Fund Board dated 16th idem, approving of the same.

No. 12437-41—L. F. 48-98, DATED BANGALORE, 2ND MAY 1899.

ORDER THEREON.—The President estimates the income under District Funds of the Mysore Local Fund Circle for 1899-1900, at Rs. 74,041 against Rs. 69,634 the actuals of 1897-98 and Rs. 74,113 the sanctioned estimate for 1898-99.

2. *Seventy-six per cent of one-anna cess on Land Revenue.*—The total demand under this head for the year 1899-1900, including the uncollected arrears of the previous years, is given as Rs. 57,445, of which Rs. 55,895 expected to be collected during the ensuing year is entered as the proposed estimate which is passed.

3. *V. Tolls.*—The increase in the estimate under this head is expected from the levy of tolls on both the in-coming and out-going traffic as per Government Proceedings No. 7537-44—L. F. 345-96, dated 5th October 1897. The estimate is approved.

4. *X. Miscellaneous.*—The estimate under this head includes Rs. 205 expected as refund of advances on account of District Fund Works and of feeding charges of impounded cattle. It is observed that the inclusion under estimates of items which are not distinct sources of revenue, but are adjustable only in accounts, is not correct. Before passing final orders, however, the President is requested to state the head or heads under which provision exists for these advances on the side of expenditure. Pending report, the estimate will stand.

5. *Opening Balance.*—The opening balance of Rs. 20,409 entered in the budget will be reduced to Rs. 18,051, which represents the correct difference between the sum of the actual balance on 1st July 1898 and of the estimated receipts for 1898-99, and the sanctioned expenditure for the year as per details given in the margin.

	Rs.
1. Actual balance on 1st July 1898	41,478
2. Estimated receipts for 1898-99	74,113
Total	1,15,591
3. Estimated expenditure for 1898-99	97,540
4. Estimated closing balance	18,051

6. Including the opening balance, the sum available for expenditure is Rs. 92,092, of which Rs. 76,316 are proposed to be expended leaving a balance at the end of the year of Rs. 15,776 which is less than one-fourth of the receipts by Rs. 2,734. The proposed expenditure has, therefore, to be reduced.

EXPENDITURE.

7. *A. Public Works to be executed by Public Works Department.*—The provision for "II Repairs," which includes increased rates of mileage allotment for the marginally noted roads, will be retained, subject to the submission of a separate reference in regard to

Names of roads.	Existing rate.	Proposed rate.
1. Yelwal-Hassan road	100	150
2. Hunsur-Begur road	60	75
3. Kowlandi-Kollegal road	40	60

the necessity for the increase proposed in each case. For reasons given in para 6 *supra*, the provision made for reserve grant will be reduced by Rs. 2,240 as per details given in the margin, a corresponding reduction being also made in the provision under "Establishments."

Reserve grant for	Amount proposed. Rs	Amount sanctioned Rs
1. Original Works	1,500	500
2. Repairs	2,240	1,000
Total	3,740	1,500

8. *B. Public Works to be executed by Revenue Department.*—The provision under this head includes Rs. 400 for repairing the road to Chamundi Hills. It is not clear whether this is the portion of the road transferred to the Mysore City Municipality in Government Proceedings No 8197-8—L. F. 77-93, dated 16th January 1899. If so, it should appear not under this head but under "C. Civil Charges, IX Contribution." The President is, therefore, requested to explain the matter; moreover the total cost of works for which provision is made under this head is only Rs. 13,255, while the same is given as Rs. 13,440 in the consolidated budget. The former figure will be retained, the provision for establishment being raised to Rs. 1,578, which correctly represents 10 per cent of the provision for works under this head and "VI Conservancy Charges" as per margin.

	Provision Rs
Public Works	13,255
Sanitary Works	2,520
Total	15,775

9. *C. Civil Charges, I. Office Establishment*—The provision under this head will be retained, pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution from Municipal and District Funds towards the cost of establishments in the offices of the President, the Comptroller and the Dewan.

10. *III. Hospitals and Dispensaries*—The budget does not provide for the District Fund quota of the contribution payable towards the salaries of the Superintendent of Her Highness the Maharani's Hospital at Mysore on Rs. 100 and a cook on Rs. 6 per mensem. In regard to this, the early submission of the information called for in this office docket No. 1654—L. F. 218-96, dated 30th July 1898, will be awaited. The marginally noted differences observed in the provisions made for medical institutions of the district, in District Fund and Municipal budgets, which bear two-thirds and one-third cost, respectively, require explanation, pending which the proposed estimate will be retained.

	One-third quota provided in the Municipal Budget	Two-thirds quota provided in the District Fund Budget
Dispensary at Old Agrahar—		
Contingency	40	83
Dispensary at Erangere—		
Toti on Rs. 4	16	
Contingency	40	84
Dispensary at Nazarbad—		
Toti on Rs. 6		48

11. ***Conservancy and Sanitary Charges.***—**The provision under this head is on account of the salaries of sweepers (Rs. 2,600) employed for the sanitation of large villages and on account of Sanitary Works (Rs. 1,500) as well as avenue trees (Rs. 1,000). It is observed that according to the detailed list of sanitary works their cost is only Rs. 1,150, whereas the same is given as Rs. 1,500 in statement of civil charges and that the correct cost of sweepers is only Rs. 2,580 and not Rs. 2,600 as entered. These discrepancies require explanation, pending which, the estimate will stand.**

12. ***IX. Contribution.***—**To meet the contribution of Rs. 470 payable to the Mysore City Municipality on account of the up-keep of four miles of the Mysore-Suburban road, transferred in Government Proceedings No. 8197-8—L. F. 77-93, dated 16th January 1899, the provision made under this head will be raised to Rs. 1,620.**

13. The other items call for no remarks and are passed.

14. The budget estimates of receipts and expenditure of the Mysore District Fund Board for 1899-1900 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below :—

		Rs.	
1.	Estimated opening balance on 1st July 1899 ...	18,051	
2.	Do receipts for 1899-1900	74,041	
3.	Total including Balance		92,092
4.	Estimated expenditure for 1899-1900—		
	A. Public Works to be executed by the Public Works Department.	35,849	
	B. Public Works to be executed by the Revenue Department.	14,833	
	C. Civil Charges	23,570	
	Total A, B and C. ...		74,252
5.	Estimated closing Balance		17,840

15. Notwithstanding the reduction effected in para 7 *supra*, the closing balance is less than the prescribed minimum by Rs. 670. The President is requested to maintain the usual balance by effecting savings in the sanctioned items unless the actual balance on 1st July 1899 should be in excess of the opening balance adopted in this budget.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Letter No. 591, dated 6th April 1899, from the President of the District Fund Board, Tumkur, submitting for sanction a re-appropriation statement of budget grants for 1898-99 for works to be executed by the Department of Public Works.

No. 12799-801—L. F. 103-97, DATED BANGALORE, 10TH MAY 1899.

ORDER THEREON.—In the statement received with the above, it is proposed to raise the sanctioned grant for certain works by Rs. 3,500, of which Rs. 1,000 is proposed to be re-appropriated by reducing the grant for certain other works, the balance Rs. 2,500 being treated as an additional grant.

2. The re-appropriation of Rs. 1,000, which is noted in the margin, being from one minor head to another under the same major head, is within the powers of the President and requires no special sanction of Government.

Proposed Increase.	Rs.	*Proposed Reduction.*	Rs.
1. Constructing bridges and tunnels on Holalkere-Huliyar road . .	500	Opening out a cart-track from Chiknayakanhalli to Hagalvadi	500

The Chief Engineer in Mysore.

READ—

Letters Nos. 654 and 656, dated 27th April 1899, from the President, District Fund Board, Tumkur, submitting the explanation called for in Government Proceedings No. 13007-12—L. F. 103-97, dated 13th April 1898, in regard to the District Fund Budget estimates of the Tumkur Circle for 1898-99.

No. 13012-4—L. F. 103-97, DATED BANGALORE, 16TH MAY 1899.

ORDER THEREON.—1. *Public Works repairs.*—The information called for in para 4 of Government Proceedings quoted above as to what reduction, if any, could be made in the mileage allotment of such portion of the Yediyur-Tiptur road as was proposed to be specially repaired, has not been submitted yet. The omission should now be supplied. Meanwhile, the estimate will stand.

Para 4 of Government Proceedings.

2. *IV. Sweeper for Travellers' Bungalows and Musafirkhanas.*—The absence of provision in the budget for the salary of the servant attached to the inspection lodge at Amrathur, is stated to be due to the fact that the building has not been handed over to the District Fund Department. The Chief Engineer is requested to state whether the lodge is required by the Public Works Department and whether no provision need be made in the District Fund Budget for the salary of the servant attached thereto. The attention of the President is drawn to para 8 of the Government Proceedings of 13th April 1898, and he is requested to state why no separate references have been submitted, as therein called for, in regard to the employment of caretakers for the marginally noted musafirkhanas, for whom provisions were newly made in the District Fund Budget for 1898-99. Pending information, the estimate will stand.

Para 8 of Government Proceedings. President's letter No. 654, dated 27th April 1899.

READ—

Report on the Administration of the District Funds of the Shimoga Circle for 1897-98, received with President's No. 485—384, dated 16th December 1898.

No. 12899-903—L. F. 37-98, DATED BANGALORE, 13TH MAY 1899.

ORDER THEREON.—It is observed that there was a delay of more than two months and a half in the submission of the above report. In future the annual reports should be submitted so as to reach the Government by 30th September.

2. The District Fund Board consisted of 14 official and 7 non-official members presided over by the Deputy Commissioner, and held five meetings during 1897-98.

3. The income of the Board for the year 1897-98, including the balance at the commencement of the year, was Rs. 1,19,096-9-0, of which Rs. 88,666-7-11 was expended, leaving a balance of Rs. 30,430-1-1 at the end of the year.

4. In spite of an increase of Rs. 3,622 under "Local Cess," "Cattle-pounds," "Ferries" and "Bungalow fees," there was a net decrease of Rs. 53,853 under "Receipts" which is nominal, as in the year 1896-97, a sum of Rs. 57,415-14-6 was credited from General Revenues as a refund of the expenditure incurred from the District Funds on western-malnad roads (*vide* Proceedings No. 1573-6—L. F. 232-93, dated 30th July 1896).

5. An expenditure of Rs. 72,152, or Rs. 13,232 in excess of the budget allotment for the year, was incurred on works executed by the Public Works Department. The excess, which was chiefly on 16 original works undertaken during the year, received the sanction of Government in Proceedings No. 1564-5—L. F. 259-96, dated 28th July 1898. Four-hundred and forty-nine miles of the District Fund roads were maintained in trafficable order at an average cost of Rs. 65 per mile, and all 3rd class travellers' bungalows were repaired at a cost of Rs. 938.

6. The statement of works undertaken by Revenue Agency shows that out of 8 works therein entered under the head "Original," three were completed, leaving the remaining five incomplete, and that all the 32 works under "Repairs" have been completed during the year. The total outlay incurred was Rs. 5,684 against the sanctioned grant of Rs. 9,370, and the balance of Rs. 3,686 was allowed to lapse at the end of the year. It is hoped that with the staff of Work Inspectors recently appointed, for the supervision of works undertaken by the Revenue Department, the percentage of lapses will be minimized in future.

	Estimate.	Actuals.		
	Rs.	Rs.	a.	p.
Original works .	4,000	810	15	6
Repairs ..	4,870	..		

7. The number of Local Fund dispensaries was 12, or one more than in the previous year, the dispensary at Siralkoppa having been established under the authority conveyed in Government Proceedings No. 16863-6—L. F. 162-96, dated 23rd June 1898. The expenditure from the District Funds on these dispensaries amounted to Rs. 4,350-10-4 against Rs. 4,224 in the previous year. The number of in-door and out-door patients treated was 45 and 70,691 against 35 and 59,416 respectively, the cost per head of patient treated being the same as in the previous year, *viz.*, one anna and one pie. In all but Siralkoppa dispensary, for which no information is furnished, the number of major and minor operations performed and of *post mortem* examinations held by Hospital Assistants in charge of these dispensaries was 29; 1,134 and 36, respectively, against 31; 1,085 and 42 of the previous year.

8. The decrease in the number of cases attended by midwives is due to the vacancies caused by the transfer of the midwife at Sorab to Yesvantapur on plague duty and of the midwives at Nagar and Tirthahalli to other taluks not

having been filled up before the end of the year. The number of labour cases attended by this class of medical subordinates was 398, of which 320 were natural and 78 difficult against 541, 413, and 128, respectively, of the previous year. The midwife at Honnali attended the largest number of cases, *viz.*, 97.

9. *Vaccination.*—Seven-hundred and sixty-nine persons were vaccinated by the taluk vaccinators against 6,498 of the previous year, exclusive of 202 cases operated upon by the Hospital Assistants in charge of Local Fund dispensaries. The work of itineration does not appear to have been satisfactory, as so many as 730 out of 2,000 villages or 36·5 per cent remained to be visited by the vaccination staff during the year.

10. During the year under review seven of the 3rd class bungalows were raised to the 2nd class and the charge thereof was accordingly transferred to Provincial Funds. The number of halts made and the amount of fees collected from the travelling public in the remaining 3rd class bungalows and musafirkhanas were Rs. 488 and Rs. 178-7-1, respectively, against Rs. 508 and Rs. 160-3-1 of the previous year.

11. The number of births decreased to 7,634 from 9,862 in the previous year, while the number of deaths increased from 9,062 to 14,704, the increase (5,642) being chiefly under "bowel-complaints," "fevers" and "cholera," the last of which is reported to have prevailed in all the taluks of the district.

12. *Conservancy and Sanitary Charges.*—The attention of the President is invited to para 4 of Government Proceedings No. 8500-5—L. F. 63-97, dated 23rd January 1899, and he is requested to see that in future a para is added in the District Fund annual reports in regard to the nature of the sanitary chargs incurred in the district.

13. *Local Funds General.*—Out of 25 sources of drinking water for men and cattle, the construction or improvement of which was undertaken by the Revenue Department during 1897-98, eight were completed, leaving the remaining 17 incomplete at the end of the year. The total expenditure incurred on these as well as on 38 incomplete works of the previous years was Rs. 14,201-14-8.

The prevalance of such diseases as bowel-complaints, fevers and cholera which raised the number of deaths more than fifty per cent indicates the necessity of greater attention being paid to the sanitary improvements and the supply of drinking water. More liberal provision for expenditure under these heads appears also called for.

14. *Village School Fund.*—The statement (M) shows that the number of schools maintained during the year from the Village School Fund, to which 24 per cent of the Local Cess on all items of Revenue is credited, was 178 * consisting of 4,921 boys and 485 girls. The aggregate expenditure incurred on them was Rs. 23,905-2-4, the amount of school fee realized from Anglo-Vernacular and Taluk Branch Schools (16 in number) being Rs. 693-12-9.

The Inspector General of Education.

Memo No. 12904-37.

To—The President of District Fund Boards in the remaining Districts and other Heads of Departments.

READ—

Letters Nos. 942 and 998, dated 24th March and 8th April 1899, respectively, from the President of the District Fund Board, Bangalore, submitting the District Fund Budget Estimates of the Bangalore Local Fund Circle for 1899-1900.

No. 13069-74—L. F. 45-98, DATED BANGALORE, 17TH MAY 1899.

ORDER THEREON.—The income for the year 1899-1900 is estimated at Rs. 72,165 against Rs. 72,384, the actuals of 1897-98, and Rs. 71,194, the sanctioned estimate for 1898-99.

2. *Seventy-six per cent of one-anna cess.*—The enclosure A shows that the total demand under this head is Rs. 66,377 and that there are no arrears of previous years. The estimate proposed, however, exceeds this amount by Rs. 166. It is not explained from what source this increase is expected. The omission should be supplied. Meanwhile the estimate will stand.

3. *VII. Private Contribution.*—The estimate under this head includes the contribution of Rs. 42 payable by the Muzrai Department towards the cost of the sweeper employed in the chattram at Hebgod, and is passed.

4. *B. Public Works to be executed by Revenue Department.*—No provision has been made under this head for works to be executed by the Revenue Department, on account of want of funds. It should be explained whether the cost of the Work Inspectors can be met entirely from Municipal Funds.

5. *I. Office Establishment.*—The provision under this head will be retained, subject to alteration after the issue of final orders on the Comptroller's proposal to levy a fixed contribution from the District Fund as well as Municipal Funds towards the cost of Local Fund establishments recently sanctioned.

6. *II. Medical Scholarships.*—Pending the disposal of the Senior Surgeon's reference to grant medical scholarships during the next three years the current year's provision repeated in the present budget will be retained.

7. *III. Hospitals and Dispensaries.*—The increase provided under this head is due to the provision made for the increase of salaries due to the compounders of certain Local Fund Dispensaries in the district, in accordance with the scale sanctioned in Government Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896, of which intimation was given to the President by the Senior Surgeon. The provision is approved.

7. *IV. Sweepers for Travellers' Bungalows and Musafirkhanas.*—The provision under this head includes the salary of the sweeper of the chattram at Hebgod recently transferred to the District Fund Board for maintenance as a musafirkhana, and is approved.

8. The other items call for no remarks and are passed.

9. The Budget estimates of the District Fund of the **Bangalore Local Fund Circle for 1899-1900** are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

		Rs.	Rs.
I.	Estimated opening balance on 1st July 1899		14,273

READ —

Letter No 917, dated 20th April 1899, from the President, Local Fund Boads, Mysore district, submitting a revised District Fund Budget estimate of the Mysore circle for 1898-99, as also the explanation called for in Government Proceedings No. 13909-21—L. F. 104-97, dated 27th April 1898, in regard to the original Budget estimates for the year.

No. 13368-78—L. F. 104-97, DATED BANGALORE, 26TH MAY 1899.

ORDER THEREON.—The variations proposed in the estimates for 1898-99 are given below :—

	Original.	Revised.	Variations
Receipts.	Rs.	Rs.	Rs.
Opening balance	15,572	41,475	+25,903
IX. Miscellaneous fees and rents from markets	2,000	3,000	+ 1,000
Expenditure			
A. Public Works by P. W. Dept.—			
Original works	11,748	12,724	+ 976
Repairs	21,535	24,679	+ 3,144
Establishment	5,823	6,545	+ 722
B. Public Works to be executed by the Revenue Officers—			
Original works	9,205	15,105	+ 900
Repairs	1,814	1,014	— 800
Incomplete works	...	11,585	+11,585
C. Civil charges—			
III. Hospitals and Dispensaries ...	8,326	6,886	— 1,440
IX. Contributions	1,150	2,548	+ 1,398
X. Miscellaneous other items ...	1,000	1,100	+ 100

2. *Opening balance.*—The increase under this head is due to the actual balance having been entered in lieu of the approximate figure given in the original budget.

3. *Fees from market rents.*— The estimate under this head is proposed to be raised to Rs. 3,000, as the highest bid accepted for the latter half of the year amounted to Rs. 2,000. The estimate is approved.

4. *A. Public Works to be executed by Public Works Department.*—The provision under "I. Original works," including supplemental grant of Rs. 4,000 already sanctioned, will be raised to Rs. 12,724 as per particulars given in the margin*. An additional grant of Rs. 3,544 is applied for, for the following three works under "II Repairs". Excluding the maintenance allowance of four miles of road to Chamundi Hills transferred to the Municipality of Mysore, the total provision under "Repairs" comes to Rs. 24,679, which is sanctioned.

	Original estimate.	As now sanctioned including supplemental grant.
	Rs.	Rs.
1. Improving Narsipur-Chamrajnagar road ...	3,980	7,980
2. Providing iron railings to tank bunds ...	3,980	3,000
3. Reserve grant	3,788	1,713
4. Reconstructing dry stone wings to Taraka river.	...	31
Total ...	11,748	12,724*

	Rs.
1. Petty repairs to Hunsur-Begur road	460
2. Ditto Hassan road	260
3. Reserve for minor works	2,824
Total ...	3,544

Owing to the increases provided under "Original Works and Repairs," the provision under "III Establishments" will be raised to Rs. 6,545.

5. *B. Public Works to be executed by Revenue Department.—I. Original Works.*—An increase of Rs. 17,485 has been proposed under this head to provide for the supplemental grant of Rs. 5,000 sanctioned in Proceedings No. 6034-5—L. F. 53-97, dated 11th November 1898, for the Santemarnahalli market, and for Rs. 11,585 sanctioned in Proceedings No. 4854-55—L. F. 104-97, dated 7th October 1898, the provision under "II. Repairs" being reduced by Rs. 800. Although there was a net increase of Rs. 16,685 in the provisions for works, no increase has been provided under "III. Establishments" on the ground that the pay of the Work Inspectors was not increased. As, under the existing orders, 10 per cent on the provision for works has to be provided on account of supervision charges without reference to the cost of the Work Inspectors, which is annually distributed to the several funds in proportion to the expenditure on works incurred from Municipal and District Funds as well as Local Funds General, the provision under "Establishments" will be raised to Rs. 2,770.

	Rs
I. Original works	15,105
Incomplete works ..	11,585
II Repairs	1,014
Total ...	27,704

CIVIL CHARGES.

6. *III. Hospitals and Dispensaries.*—The decrease under this head is due to the omission in the present budget of the provisions sanctioned for the dispensaries at Periyapatam, Saligram, and Bannur, on the ground that the Hospital Assistants attached to each were employed on plague duty. As funds may be required to meet the cost of these dispensaries in the event of the Hospital Assistants being relieved from plague duty or others being sent to re-open the dispensaries, the original provision will be retained under this head.

7. *IX. Contributions.*—The increase of Rs. 1,398 provided under this head on account of the District Fund quota of the cost of a dispensary building at Gundlupet is accepted.

8. *X. Miscellaneous.*—The sum of Rs. 100 provided under "Other items" on account of charges for the ferry on the Nagu river accounts for the increase under this head. The estimate is allowed, but the nature of the ferry charges to be incurred should be specified.

9. *VI. Sweepers for Travellers' Bungalows, &c.*—The absence of provision under this head for the salaries of watchmen of the marginally noted inspection lodges, noticed in para 11 of Government Proceedings No. 13909-21—L. F. 104-97, dated 27th April 1898, is explained to be due to the adjustment in the Public Works Department of their salaries by a debit to the maintenance allowance of the roads on which they stand. With reference to this, it should be stated whether the cost of these watchmen may not be deducted from the provision under "II. Repairs" and transferred to this head. Pending information the estimate will stand.

	Rs
1. Hunsur	60
2. Saligram	60
3. T. Narsipur ...	60
4. Yedatore	60
Total ...	240

10. *Conservancy and Sanitary charges.*—The provision under this head includes the salary of a sweeper for the Mysore taluk, sanctioned in Proceedings No. 6915-16—L. F. 2-97, dated 14th December 1897. The total provision for conservancy charges will accordingly be distributed for purposes noted in the margin.

	Original. Rs.	Revised. Rs.
(a) Salaries of sweepers ...	2,580	2,640
(b) Removing manure-pits ...	1,000	949
(c) Sanitation on jatra occasions or avenue trees.	1,000	1,000
Total ..	4,580	4,589

11. The other items call for no remarks.

12. The District Fund Budget estimates of the Mysore circle for 1898-99 as now revised will stand as per particulars given in the accompanying appendix, of which an abstract is given below :—

Receipts.

	Rs.

The attention of the President is invited to Government Proceedings No. 1564-5—L. F. 259-96, dated 28th July 1898, and he is requested to see that, in future, supplemental or revised budgets are submitted before the end of March of the year to which they relate. The explanation called for in Government Proceedings No. 13909-21—L. F. 104-97, dated 27th April 1899, in regard to the original budget, should have been furnished within a month from the receipt of the order.

READ —

Letter No. 647, dated 26th April 1899, from the President, District Fund Board, Tumkur, submitting the explanation called for in Government Proceedings No. 13007-12—L. F. 103-97, dated 13th April 1898, in regard to the District Fund Budget estimates of Tumkur for 1898-99 as also supplemental estimates for the year.

No. 13479-83—L. F. 103-97, DATED BANGALORE, 29TH MAY 1899.

ORDER THEREON.—The supplemental grants proposed in the above are given below :—

	Rs.
(1) Opening balance	11,281
Expenditure.	
A. Public Works to be executed by Public Works Department—	
I. Original Works	2,534
II. Repairs	993
B. Public Works to be executed by Revenue Department—	
Incomplete works	4,835
III. Establishments	490
C. Civil Charges—	
II. Medical scholarships. Cost of medical books	67
V. Sweepers and care-takers for 3rd class travellers' bungalows and musafirkhanas.	72

2. The increase under "Opening balance" is due to the actual balance having been entered in the present budget in lieu of the approximate figure adopted in the original budget.

3. *A. Public Works to be executed by Public Works Department.*—The following modifications proposed account for the increases provided under "I Original Works" and "II Repairs" in the present budget.

I. Original.	As per original budget.	As per revised budget.	Increase provided.
	Rs.	Rs.	Rs.
1. Constructing bridges and tunnels on Holalkere-Huliyar road.	2,000	2,500	500
2. Ditto musafirkhana at Sira ...	1,000	1,500	500
3. Ditto do Huliyurdurga ...	1,000	1,500	500
4. Ditto Mayasandra bridge on Nelligere-Sira road.	...	1,500	1,500
5. Amount of appropriation required for incomplete works specified in statement A.	...	534	534
	Total increase ...		3,534
Deduct reductions made under—			
6. Opening out a cart-track from Chiknayakanhalli to Hagalvadi.	...	...	500
7. Constructing a musafirkhana at Huliyar.	...	...	500
	Total reduction ...		1,000
	Net increase ...		2,534

II. Repairs.

	Rs.
1. Special repairs of Tiptur-Channarayapatna road	500
2. Cost of incomplete works requiring appropriation as per statement B.	493
Total ...	993

With reference to the above the attention of the Deputy Commissioner is invited to para 4 of Government Proceedings No. 13007-12—L. F. 103-97, dated 13th April 1898, and he is requested to report, as therein called for, what reduction, if any, could be made in the mileage allotment for so much of the Yediyur-Tiptur road as had been proposed to be specially repaired. Similar information should also be furnished in regard to the Tiptur-Channarayapatna road now proposed to be specially repaired. Pending information, the increased provisions will stand. As no increase has been proposed on account of supervision charges on the increased allotments for works, a sum of Rs. 617 at 17½ per cent on the increased provision for works will be entered on this account, and the provision under "III Establishment" raised from Rs. 6,995 to Rs. 7,612.

4. *B. Public Works to be executed by Revenue Department.*—The increased provision of Rs. 8,000 made on account of incomplete works in accordance with Government Proceedings No. 3447-8—L. F 103-97, dated 12th September 1898, and that of Rs. 1,110 on account of supervision charges at 10 per cent on the cost of works are passed.

C. Civil Charges.

5. *II. Medical Scholarships.*—The increase proposed under this head, to meet the cost of medical books supplied to the students under-going training at the Madras Medical College, as already sanctioned by Government, is passed.

6. *V. Sweepers for III Class Travellers' Bungalows and Musafirkhanas.*—The present budget provides for the pay of the care takers at the travellers' bungalows at Chiknayakanhalli and Bukkapatna recently transferred to District Funds, at the rate of Rs. 5 per mensem instead of the low rate of Rs. 2 provided in the original budget, in view of securing the services of the sweepers of the musafirkhana at Chiknayakanhalli and of the talvar at Bukkapatna to watch these bungalows. The arrangement having been found to be inconvenient, two separate servants are stated to have been entertained. The attention of the President is invited to para 7 of Government Proceedings No. 13007-12—L. F. 103-97, dated 13th April 1898, and he is requested to submit the information therein called for as early as practicable. Pending information, the provision will stand.

7. *IX. Contributions.*—The information called for in regard to the inclusion in the provision under "A Public Works II Repairs" of the sum of Rs. 985 entered under this head on account of contribution payable to the municipality of Tumkur should have been submitted. The omission should be supplied forthwith.

8. The budget estimates of the Tumkur Local Funds Circle for 1898-99 as now revised will stand as per particulars given in the accompanying appendices, of which an abstract is given below:—

	Rs.
1. Opening balance	41,589
2. Estimated receipts for 1898-99	73,080
Total .	1,14,669
3. *Expenditure.*	
A. Public Works to be executed by Public Works Department ...	51,307
B. Do do Revenue Department ...	12,210
C. Civil Charges	20,270
Total ..	83,787
4. Closing balance	30,882

9. Government regret to notice that there was great delay in the submission of the supplemental budget and explanation on the original budget. The attention of the President is invited to Government Proceedings No. 1566-72—L. F. 259-96, dated 28th July 1898, and he is requested to see that, in future, supplemental budgets are submitted within three months from the expiration of the year to which they relate.

READ—

Letter No. 648, dated 26th April 1899, from the President, District Fund Board, Tumkur, submitting the Budget estimates of the Tumkur Circle for 1899-1900, passed by the Local Fund Committee on 7th January 1899, and amended on 22nd April 1899.

No. 13505-10—L. F. 47-98, DATED BANGALORE, 30TH MAY 1899.

ORDER THEREON.—The District Fund Revenue for 1899-1900, is estimated at Rs. 73,150 against Rs. 71,171, the actuals of 1897-98, and Rs. 73,080, the sanctioned estimate for 1898-99.

2. *Seventy-six per cent of one anna cess.*—The estimate under this head, which is the same as that sanctioned for 1898-99, is passed, but the President is requested to state whether no arrears of cess are expected to remain at the end of the current year and, if so, why the same have not been shown in column 5 of the enclosure A.

3. *Opening Balance.*—The estimate under this head will be altered to Rs. 30,882, which is the correct closing balance of the year 1898-99, according to the supplemental budget.

4. *A. Public Works to be executed by Public Works Department.*—The provision under "II Repairs" includes Rs. 500 entered for the special repair of Yediyur-Tiptur road. With reference to this, information similar to that called for in para 4 of Government Proceedings No. 13007-12—L. F. 103-97, dated 13th April 1898, should be submitted. Pending the receipt of information, the estimate will stand. The correct provision that has to be made on account of supervision charges at 17½ per cent on the cost of works is Rs. 6,740 and not Rs. 6,716 as entered. The former figure will be entered under "III Establishments."

5. *Public Works to be executed by Revenue Department.*—The provision made on account of establishment charges will be raised to Rs. 1,601 at 10 per cent on the cost of works to be executed as noted in the margin.

		Rs.
1.	Original Works	7,300
2.	Repairs	2,210
3.	Incomplete works ..	4,000
4.	Village sanitation	1,500
5.	Construction and repair of cattle-pounds.	1,000
	Total .	16,010

CIVIL CHARGES.

6. *I. Office Establishment.*—The provision under this head will be retained pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution from District Funds towards the cost of Local Fund Establishments as recently revised.

7. *II. Medical Scholarships.*—The estimate will be allowed to stand subject to revision after the disposal of the Senior Surgeon's recommendation to grant ten scholarships for three years commencing from 1899-1900.

8. *III. Hospitals and Dispensaries.*—In the sanctioned budget for 1898-99, the "salaries of watermen" of the dispensaries of Maddagiri and Sira were shown as Rs. 40 each, while in the enclosure D of the present budget, only Rs. 16 is shown to have been sanctioned for the year, and the latter figure is adopted in the present budget. The President is, therefore, requested to state the correct salary of each of the watermen. Pending information, the provision will be retained, and the sum of Rs. 200 entered under "X Miscellaneous" on account of furniture to Local Fund dispensaries, will be transferred to this head.

9. *V. Sweepers for Travellers' Bungalows and Musafirkhanas.*—The net increase of Rs. 48 under this head is due to the provision made at Rs. 5 each to the care-takers of the 3rd class travellers' bungalows at Chiknayakanhalli and Bukkapatna, instead of at Rs. 2 each per mensem, and to the omission of the monthly allowance of Rs. 2 sanctioned in the year 1898-99 to the toti employed to look after a portion of the old taluk cutcherry at Huliyurdurga used as musafirkhana. Including the sum of Rs. 360 entered under "X Miscellaneous" on account of the cost of vessels to be supplied to musafirkhanas and 3rd class travellers' bungalows which will be transferred to this head, the total provision comes to Rs. 3276 which is passed.

10. *X. Miscellaneous.*—Excluding the sum of Rs. 560 transferred to other heads in paras 8 and 9 *supra*, the provision under this head comes to Rs. 4,120, which is approved.

11. The other items call for no remarks and are passed.

12. The budget estimates of the District Funds of the Tumkur Circle for 1899-1900 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

		Rs.	Rs.
1.	Opening balance		30,882
2.	Estimated receipt for 1899-900		73,150
3.	Total including balance		1,04,032
4.	Estimated expenditure for 1899-1900—		
	A. Public Works to be executed by Public Works Department	45,458	
	B. Do Revenue Department	15,311	82,389
	C. Civil Charges	21,620	
5.	Closing balance		21,643

13. The Government regret to notice that there was a great delay in the submission of this budget. It was due in this office by the end of January 1899, but was not received for nearly three months from the due date. The explanation furnished for the delay is unsatisfactory. Every endeavour should be made to submit the annual budget so as to reach this office on or before the due date, in view to enable the Government to issue District Fund budgets early for transmission to the Chief Engineer for compilation of the Public Works Department budget in time.

L. B. B.—MUNICIPAL FUNDS

Proceedings of the Government of Mysore,

READ—

The Annual Report on the working of the Municipalities in the Chitaldrug District for the year 1897-98, received with President's No. 608—583, dated 28th January 1899.

No. 12505-10—L. F. 38-98, DATED BANGALORE, 4TH MAY 1899.

ORDER THEREON.—The Government regret to notice that there was a delay of nearly four months in the submission of the above report. In future the annual report should be submitted not later than the 30th of September.

2. The number of municipalities in the district during the year 1897-98, was 11, or one more than in the previous year, a municipality at Malebennur having been sanctioned in Proceedings No. 13149-52—L. F. 341-96, dated 10th June 1897. The population of these municipalities ranged between 1,156 in Bagur to 8,035 in Davangere. The number of members, both official and non-official was 99 against 89 in the previous year. One hundred and thirty four meetings were held by the several Boards with an average attendance of 5·6 members as against 126 and 5·8, respectively, in 1896-97.

3. The following statement exhibits the financial condition of the several municipalities during 1897-98 as compared with that of the previous year:—

Receipts.					Expenditure.				
Items.	Budget grant for 1897-98.	Actuals for 1896-97.	Actuals for 1897-98.	Difference.	Items.	Budget grant for 1897-98.	Actuals for 1896-97.	Actuals for 1897-98.	Difference.

Grand Total ...	50,369	88,930	69,111	...	Grand Total ...	50,369	88,930	69,111	...

4. The increase under "Octroi," which was levied in six of the municipalities in the district, was due to additional articles having been brought under taxation in Chitaldrug and Challakere and to the importation of larger quantities of excisable articles into municipal limits for consumption, and that under "House tax" to the collection of the tax in the newly constituted municipality of Malebennur; while the falling off of revenue under "Mohatarfa" and "Miscellaneous" was due,

respectively, to the abolition of the loom tax under Government Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897, and to smaller loans having been obtained on account of sanitary improvements.

5. It is observed with satisfaction that out of the total demand of Rs. 54,239-3-3, Rs. 54,205-11-3 was collected leaving only a small balance of Rs. 33-8-0 outstanding at the end of the year.

6. The increase under the head "(IV) Conservancy" was due to the employment of one peon, three sweepers and a cart for the newly constituted municipality of Malebennur and to the additional establishments entertained or increases allowed to the existing hands in others. Due attention was paid to the sanitation of all the towns. Good drinking water was available in all the municipalities and the supply was ample except in Hiriyur, for which a project is under preparation in the Public Works Department.

7. The water-supply project for the town of Chitaldrug, sanctioned in 1896-97 at an estimated cost of Rs. 30,645, was the only work of importance executed by the Public Works Department.

8. The number of births decreased from 1,011 to 819. The number of deaths from all causes rose from 635 to 961, the increase being chiefly under "Cholera," "Fevers" and "Bowel-complaints."

9. Municipal Funds contribute towards the cost of seven out of ten Local Fund dispensaries in the district. The number of in-door and out-door patients treated during the year was 158 and 47,746, respectively, against 126 and 39,976, the cost per head treated being four pies against six pies.

10. The number of midwives was the same as in the year previous, *viz.*, 9, and the number of labor cases attended by them was 635 against 750.

11. During the year under review only 428 persons were vaccinated by taluk vaccinators and 116 by medical subordinates in charge of dispensaries against the total of 1,026 in the previous year. The attention of the Senior Surgeon and the Deputy Commissioner will be invited to this large falling off.

12. The municipalities in the district, except the district head-quarter town, pay a fixed contribution of Rs. 970 towards the cost of English and Kannada schools, the management of which vests in the Educational Department. Particulars regarding the number of schools for which contribution is paid from Municipal Funds and the number of pupils studying in them should be obtained from the Inspector General of Education and embodied in future annual reports.

(10) Letter No. 721, dated 14th April 1898, from the Superintendent, Revenue Survey.

No. 12704-13—L. F. 295-96, DATED BANGALORE, 8TH MAY 1899.

ORDER THEREON.—It is observed that when the Deputy Commissioner of Bangalore recommended in January 1896, the payment of 3 per cent commission to the village shanbhogs of Nelamangala and Closepet for collecting house and mohatarfa taxes, the authorized rate of 2 per cent only was sanctioned in Proceedings No. 3655-6—L. F. 157-92, dated 16th September 1896. The Deputy Commissioners of the several districts were, however, requested to state whether in minor municipalities where mohatarfa collections were small, and had not been taken into account in fixing the pakka potgi of the village servants, any difficulty was felt in inducing village servants to undertake collection by receiving the remuneration of 2 per cent fixed in Proceedings of 31st October 1892, and if so, what other percentage they would propose and on what grounds.

2. From the replies received, it appears that no change in the rate of commission is recommended for the districts of Bangalore, Kolar, Hassan and Chitaldrug. In the town of Shimoga a separate establishment exists for collecting the taxes, while in the remaining municipalities of the Shimoga district except Shikarpur, where only 2 per cent commission is allowed, remuneration according to the scale laid down for pakka potgi settlement has been fixed and the President recommends payment to the shanbhog at Shikarpur also at the potgi rates. The Deputy Commissioners of Kadur and Mysore recommend a remuneration of 3 per cent and 5 per cent, respectively, to their village servants.

3. Before passing final orders on the above proposals, the Superintendent, Revenue Survey, was requested to furnish certain additional information and he now states that since the receipt of Government Proceedings No. 3977—482, dated 1st June 1892, no mohatarfa has been taken into account in fixing potgi in municipalities, that in cases where previous to that order, mohatarfa had been taken into account in municipalities, the potgi to both the shanbhogs and patels was fixed, but that there are no means of ascertaining whether portions or the whole mohatarfa was taken into account in fixing the potgi settlement.

4. Government consider that although the source of the mohatarfa revenue in the municipalities is by an assignment by Government, its development, collection and appropriation will ere long be matters of regulation by Statute and that it seems to be sound policy to have the organization for its collection in municipal towns quite distinct. A revision of the shanbhogs' remuneration with this object and in this direction is desirable in the municipalities already settled and the Superintendent, Revenue Survey, is accordingly requested to revise the shanbhogues' potgi, leaving the mohatarfa collections in such municipalities entirely out of account.

5. The Government are pleased to issue the following instructions for fixing remuneration to village servants for collecting municipal taxes in municipalities other than those at Bangalore and Mysore cities as well as other towns, where a separate agency already exists for collecting the taxes:—

(*a*) Three per cent may be adopted as a tentative measure for the larger municipalities with incomes above Rs. 3,600, so as to secure a remuneration of not less than Rs. 108 per annum or Rs. 9 per mensem for a shanbhog;

(*b*) when this minimum cannot be got in smaller municipalities, the limit may be raised to 5 per cent;

(*c*) when the 5 per cent limit has to be exceeded, the municipalities concerned may make special recommendations to Government for such higher rates as may be considered necessary.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners, of Districts and Presidents of Municipalities in the State.
The Superintendent, Revenue Survey.
The Comptroller to the Government of Mysore.

READ—

Correspondence ending with letter No. 822, dated 21st March 1899, from the President of the Municipalities in the Mysore district, submitting the information called for in this office docket No. 8373—L. F. 341-96, dated 19th January 1899, in regard to the formation of a municipality at Kikkeri in the Krishnarajpete taluk, as also the budget estimates of the municipality for the year 1898-99.

No. 12741-5—L. F. 115-97, DATED BANGALORE, 9TH MAY 1899.

ORDER THEREON.—Government are pleased to sanction the formation of a municipality at Kikkeri, with effect from 1898-99.

2. The municipality will be maintained by the entire revenues of house and mohatarfa taxes, which will now be transferred to it and miscellaneous receipts such as cattle-pounds, &c.

3. The receipts and expenditure of the municipality for the year 1898-99 are estimated as shown below and are sanctioned, subject to the submission of explanation as to the source from which a revenue of Rs. 30 is expected under X Miscellaneous (*o*) Land Revenue.

Items of receipts.	Estimate for 1898-99.	Items of expenditure.	Estimate for 1898-99.
	Rs.		Rs.
II Tax on houses, buildings, &c	532	III Collection ...	16
		IV Conservancy ...	106
VII Mohatarfa—		VII Lighting ...	150
(a) Shop tax	176	VIII Public Works—	
(b) Oil-mill tax .	40	(a) Supervision ...	35
(c) Cart tax	30	(b) to (o) Works ..	350
IX Fines .	1	XI Miscellaneous ...	23
X Miscellaneous	89		
		Total Expenditure .	680
		Closing Balance .	188
Total Income	868	Grand Total .	868

4. Separate orders will be issued in regard to the members proposed to be appointed for the newly constituted municipality of Kikkeri.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of Municipalties, Mysore District.
The Comptroller to the Government of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Chief Engineer of Mysore.
The Superintending Engineer, Sanitary Works, through Chief Engineer of Mysore.

READ—

Letter No. 823, dated 21st March 1899, from the President of the Municipalities in the Mysore district, submitting supplemental budget estimates of the several municipalties in the French Rocks sub-division for 1898-99.

No. 12802-7—L. F. 116-97, DATED BANGALORE, 10TH MAY 1899.

ORDER THEREON.—The supplemental grants proposed in the letter read above are given hereunder—

			Rs.
Opening Balance	. . ...	...	8,406
	Expenditure.		
II.	Head office ...	...	78
III	Collection ..	. .	166
IV.	Conservancy . .	...	696
VII.	Lighting .	...	42
VIII.	Public Works ...	...	1,569
IX.	Charitable Grants ...	...	387
	Total	...	2,938

2. The increase under Opening Balance is due to the actual balance having been entered in the present budgets in lieu of the approximate estimates entered in the original budgets.

3. *II. Head Office.*—The increased provision under this head will be retained, pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution from Municipal and District Funds towards the cost of Local Fund establishments as recently revised.

4. *III. Collection.*—The increase provided in the budget of Seringapatam is stated to be necessary for the salaries of two Octroi peons retained for one month in excess of five months sanctioned in the past year. The amounts shown against the remaining municipalities are on account of the potgi payable on the mohatarfa collections made in the past years. The provision is passed.

	Rs.
Octroi—Seringapatam	10
Mohatarfa—Malvalli	99
Melkote	20
Nagamangala	27
French Rocks	10

5. *IV. Conservancy.*—The marginally noted items provided under this head account for the increase under this head.

	Rs.
Seringapatam—Five extra sweepers on Rs. 6 each	30
Two extra scavengers on Rs. 7 each	14
Malvalli—Two sweepers on Rs. 6 each	12
Conservancy cart at Rs. 10 per mensem instead of at Rs. 8 sanctioned in the original budget.	2

As these have been sanctioned in Government Proceedings No. 16134-35—L. F. 115-97, dated 11th June 1898, the provision is approved.

6. *VII. Lighting.*—The increase of Rs. 42 proposed under this head is needed for purposes noted in the margin and is sanctioned.

	Provision. Existing. Rs.	Now required. Rs.	Increase. Rs.
1. Mandya—Cost of lighting .	100	120	20
2. Krishnarajpete—Purchasing new lamp-posts and lanterns. ..		22	22

7. *VIII. Public Works.*—The provision made under this head on account of incomplete works of previous years in the marginally noted municipalities, sanctioned in Proceedings No. 3851-2—L. F. 282-96, dated 19th September 1898, does not include the usual provision for supervision charges. A sum of Rs. 38 will be entered on this account and the estimate raised accordingly.

	Cost of incomplete works. Rs	Supervision charges. Rs.
1. Seringapatam	1,193	.
2. Krishnarajpete	57	6
3. Nagamangala (the correct amount that ought to be entered is not 319 but only 318.)	318	32

8. *IX. Charitable Grants.*—One-third contribution payable from Municipal Funds of the marginally noted towns towards the cost of dispensary buildings and furniture, has been provided under this head and is approved.

	Rs.
1. Mandya—Plastering compound wall of the dispensary ...	105
2. Maddur—Constructing a dead house at Maddur ...	167
3. Malvalli—Repairing the dispensary in the town ...	94
4. Seringapatam—Furniture for the dispensary ...	7
5. Malvalli Ditto	7
6. Krishnarajpete Ditto	7

9. The budget estimates of the several municipalities in the district, as now revised, will stand as per particulars given in the accompanying appendices.

READ—

Letter No. 690, dated 11th April 1899, from the President of the Mysore City Municipality, submitting for sanction a supplemental budget estimate of the Mysore City Municipality for 1898-99.

No. 12785-96—L. F. 111-97, DATED BANGALORE, 10TH MAY 1899.

ORDER THEREON.—The modifications proposed in the budget received with the above are given hereunder :—

Receipts.

		Rs.
I	Octroi	— 13,200
II	Tax on houses, buildings and lands ...	— 1,551
III	License receipts	— 1,751
IV	Carriage tax	— 80
V	Tax on animals	— 281
VII	Mohatarfa—	
	(*a*) Shop tax	— 1,516
	(*b*) Loom tax	+ 21
	(*c*) Oil-mill tax	— 187
	(*d*) Cart tax	— 289
VIII	Rents	— 2,322
X	Miscellaneous	+ 1,104
XI	Payments for municipal services to individuals.	— 69
	Total Receipts ...	— 20,121
	Opening Balance ...	+ 23,798
	Receipts including Balance .	+ 3,677

Expenditure.

		Rs.
II	Head Office charges	+ 165
III	Collection charges . .	+ 22
IV	Conservancy	+ 1,742
VIII	Public Works . . .	+ 1,700
IX	Charitable grants . .	+ 100
X	Education .. .	— 1,000
XI	Miscellaneous . .	— 978
	Total Expenditure .	+ 1,751
	Closing Balance	+ 1,926
	Grand Total ...	+ 3,677

Receipts.

2. Owing to the prevalence of plague in the city, a large decrease is apprehended under all items of revenue except under "VII Mohatarfa (*b*) Loom tax" and "X Miscellaneous (*a*) Sale of houses and lands, and (*g*) Sale of manure." The increase under "X Miscellaneous (*a*) Sale of houses and lands" is expected from the sale of lands and materials of houses demolished. The increase under "(*g*) Sale of manure" has not been explained, nor the circumstances under which a new estimate of Rs. 21 has come to be inserted in the revised budget under "Loom tax" against nil in the original budget, the tax having been abolished in Government Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897. Pending explanation the estimate will stand.

3. *Opening Balance.*—The estimate under this head will be raised to Rs. 45,467, which is the actual balance on 1st July 1898, in favor of the Mysore City Municipality as per Comptroller's accounts.

Expenditure.

4. *VIII. Public Works.*—The increased estimate under this head, *viz.*, Rs. 47,752, probably includes the cost of incomplete works sanctioned in Proceedings noted in the margin. The estimate is approved.

No. and date of Government Proceedings.	Amount sanctioned. Rs.
No. 1695-6—L. F. 111-97, dated 3rd August 1898	11,184
No. 3526-7—L. F. 111-97, dated 13th September 1898	1,269
Total	12,453

5. *X. Education.*—The particular item under which a reduction of Rs. 1,000 is proposed should be stated, and a detailed list of pial schools, for which a lump sum of Rs. 2,640 was entered in the original budget, should be submitted, as called for in para 20 of Government Proceedings No. 2-16—L. F. 111-97, dated 1st July 1898. Pending information, the provision will stand.

6. The other items call for no remarks and are passed.

7. The budget estimates of the Mysore City Municipality, as now revised, will stand as per particulars given in the accompanying appendix, of which an abstract is given below :—

		Rs.
I	Opening Balance on 1st July 1898	45,467
II	Income during 1898-99	1,01,149
III	Total Income including Balance	1,46,616
IV	Expenditure during 1893-99	1,35,802
V	Closing Balance	10,814

8. From the above, it appears that the closing balance is less than the prescribed minimum by Rs. 9,186. Every endeavour should be made to maintain the usual balance by effecting as far as possible savings in the sanctioned allotments.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

-The President, Mysore City Municipality.
The Comptroller to the Government of Mysore.
The Chief Engineer of Mysore.
The Superintending Engineer, Sanitary Works, through Chief Engineer.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
-The Presidents of other Municipal Boards.

Exd.—C.V.

READ—

Letter No. 716, dated 14th April 1899, from the President of the Municipalities in the Hassan district, submitting for sanction a revised estimate amounting to Rs. 770 for repairing the roads in the Banavar Municipality and stating that the work was completed in 1897-98 at a cost of Rs. 769-12-5, of which a sum of Rs. 160-13-6 was paid during that year.

No. 12953-62—L. F. 58-98, DATED BANGALORE, 13TH MAY 1899.

ORDER THEREON.—The estimate received with the above is sanctioned.

2. The balance, *viz.*, Rs. 608-14-11 remaining out of the estimated cost, after deducting the amount already paid, will be met from the sum of Rs. 609 provided under "VIII Public Works" in the current year's revised Municipal budget of Banavar, sanctioned in Proceedings No. 12739-40—L. F. 117-97, dated 9th May 1899.

3. It is pointed out that well matured projects should be taken up for execution after full consideration. Cases of the kind under notice will only end in confusion and result in bad and unsatisfactory work.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipalities, Hassan District, returning the sanctioned estimate.
The Comptroller with a copy of abstract estimate.
The Chief Engineer in Mysore.
The Presidents of Municipalities in other Districts.

READ—

Letter No. 4911—1741, dated 14th February 1899, from the Comptroller, stating that the loan of Rs. 50,000 sanctioned to the Bangalore City Municipality for opening out conservancy lanes, &c., in Proceedings No. 11301-3—L. F. 89-97, dated 14th March 1898, has since been made available for works of special sanitation referred to in Public Works Proceedings No. 983-90—5477-84, dated 22nd September 1898, relating to Plague Administration, and requesting the issue of orders as to whether the charges incurred by the Public Works Department on the works mentioned above should be debited to the head "Loan" or "to 24. Miscellaneous Plague Administration," and in the latter case whether the sum of Rs. 50,000 can be taken as an additional grant for Plague Administration.

No. 13061-63—L. F. 89-97, DATED BANGALORE, 17TH MAY 1899.

ORDER THEREON—The Comptroller is authorized to debit the charges referred to, to the head "Plague Administration", and to include the sum of Rs. 50,000 alluded to as an additional grant therefor".

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore.
The President, Bangalore City Municipality.
The Plague Commissioner in Mysore.

READ—

Letter No. 918, dated 20th April 1899, from the President of the Municipalities in the Mysore district, submitting supplemental budget estimates of the several Municipalities in the Mysore district for 1898-99.

No. 13431-5—L. F. 115-97, DATED BANGALORE, 27TH MAY 1899.

ORDER THEREON.—The supplemental grants proposed in the letter read above are given hereunder :—

			Rs.
	Receipts.		
I. Octroi	...	...	661
II. Opening balance	...	...	9,123
		Total ...	9,784
	Expenditure.		
III. Collection	...	...	40
IV. Conservancy	...	...	122
VIII. Public Works	...	...	6,980
IX. Charitable grants	...	...	45
XI. Miscellaneous	...	...	100
	Total Expenditure	...	7,287

RECEIPTS.

2. *I. Octroi.*—The amount entered under this head consists of the estimated revenue of Rs. 466 expected from octroi on kerosine oil and jaggery in Nanjangud, sanctioned in Proceedings No. 10299—L. F. 30-98, dated 4th March 1899, and of Rs. 195 expected from octroi to be levied in Chamrajnagar as per President's letter No. 919, dated 20th April 1899. Pending the issue of orders on this reference, the estimate will stand.

3. *II. Opening Balance.*—The increase under this head is due to the actual balances having been entered in the present budgets in lieu of the approximate estimates entered in the original budgets.

EXPENDITURE.

4. *III. Collection (a) Octroi.*—The budget of Chamrajnagar does not include the salary of the peon on Rs. 5 per month proposed to be entertained for collecting octroi duty in the town in President's No. 919, dated 20th April 1899. As an estimate of Rs. 195 has been entered as octroi revenue in Chamrajnagar, a provision of Rs. 15 will be entered under this head.

5. *III. Collection (b) Mohatarfa.*—The provision of Rs. 40 made under this head in the budget of Chamrajnagar is stated to be required to meet the collection charges of 1897-98 paid in the current year, owing to the non-receipt of the bill before the end of the past year. This is passed.

6. *IV. Conservancy.*—The increases provided in the budgets of Saligram and Mirle are on account of the increased pay of sweepers sanctioned in Government Proceedings No. 9063-4—L. F. 115-97, dated 3rd February 1899, and No. 4688-9—L. F. 115-97, dated 5th October 1898, respectively, and are approved.

7. *VIII. Public Works.*—The provisions made under this head are on account of incomplete works sanctioned in Government Proceedings No. 6128-9—L. F. 115-97, dated 16th November 1898, and are allowed.

8. *IX. Charitable Grants.*—The sums entered under this head are stated to be the excess amounts over the existing budget provisions, required to meet the one-third contribution payable by the marginally noted Municipalities towards the cost of furniture in accordance with Senior Surgeon's No. 587, dated 12th August 1898. The provision is passed.

	Rs.
1. Hunsur	7
2. Chamrajnagar	7
3. Yedatore	7
4. Gundlupet	17
5. Nanjangud	7
Total	45

9. The other item calls for no remark and is approved.

10. The budget estimates of the several Municipalities in the Mysore Circle, as now revised, will stand as per particulars given in the accompanying appendices.

11. The attention of the President is invited to Proceedings No. 1564-65—L. F. 259-96, dated 28th July 1898, and he is requested to see that in future the supplemental budgets are submitted before the end of March every year.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipalities in the Mysore District.
The Comptroller.
The Chief Engineer
The Superintending Engineer, Sanitary Works.
The Senior Surgeon.

Ead.—C.V.

REVENUE

Proceedings of the Government of Mysore,

READ—

Letter No. 476, dated 6th April 1899, from the Deputy Commissioner, Kadur district, requesting sanction to the grant to one Annegauda, for cardamom cultivation, of 5 acres and 24 guntas of gomal land unauthorizedly cultivated by him out of Survey No. 99 in the Bhainapura village, Mudgere taluk.

No. 7977-8—R. 3545, DATED BANGALORE, 2ND MAY 1899.

ORDER THEREON.—In July 1894, Annegauda applied for about 8 acres of land out of unassessed Survey No. 94 of the aforesaid village for cardamom cultivation, and the land was, as usual, measured and reported upon by the shekdar. The sale was held on the 14th February 1895 and the land knocked down to the highest bidder Annarajaiya for Rs. 86. After the confirmation of the sale by the Deputy Commissioner on the 23rd April 1895, the Amildar issued instructions to the mojanidar for the re-survey of the land. At the time of re-survey in February 1897, *i. e.*, after a delay of nearly a year and a half, it was found that Annegauda, the original darkhastdar, had purchased the land from the auction purchaser Annarajaiya, and cultivated it as well as another piece of land, measuring 5 acres and 24 guntas out of the adjoining gomal No. 99, with cardamom. Annegauda pleaded that the unauthorized cultivation of the gomal land was not intentional but was due to a mistaken notion that it formed part of the land originally applied for by him and subsequently purchased from Annarajaiya, the boundary stones of which had not been fixed.

2. The Amildar then reported the matter to the Deputy Commissioner who directed the case being dealt with by the Jamabandi Officer. On the 15th December 1897, the Jamabandi Officer, Mr. Weir, observed that it was represented that there was a genuine difficulty, owing to the remoteness of the spot, in ascertaining boundaries, that the encroachment might have been made in good faith, and that the land was not likely to be taken up by others, and therefore directed that the encroached portion be, subject to Government sanction, confirmed to the party on his paying the usual fine, *viz.*, 5 times the assessment, plus the upset price and two years' kandayam. The fine and the assessment amounting to Rs. 40-15-6 were accordingly recovered and credited to the Treasury, the upset price remaining yet to be levied.

3. The Deputy Commissioner states that with the exception of 5 acres and 24 guntas unauthorizedly cultivated by the petitioner, the rest of Survey No. 99 is unfit for cultivation, being merely grass land and that suitable land is not available to make up the minimum of 15 acres prescribed for coffee lands in Government Proceedings No. 5934-12—R. F. 1-97, dated 13th December 1897. He therefore recommends the land (5 acres and 24 guntas) being confirmed to Annegauda, subject to payment of an upset price of Rs. 10 per acre.

4. The land was taken possession of long ago, and the excuse of ignorance pleaded by Annegauda had, perhaps, to be accepted, as the boundaries of the land were fixed after its re-survey. The matter has been pending from 1895, and it is unnecessary to disturb the possession which had been confirmed, though subject to the sanction of Government, by the Deputy Commissioner more than once. Under these circumstances the Deputy Commissioner's recommendation is sanctioned.

5. The suggestion made by the Deputy Commissioner that the minimum of 15 acres be reduced to 5 acres in the case of lands applied for for cardamom cultivation, may form the subject of another communication.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District, returning the enclosures.
The Superintendent of Revenue Survey, with copy of gomal statement.

READ—

Docket No. 484, dated 8th April 1899, from the Deputy Commissioner, Kadur district, requesting sanction to the resumption and sale of shanbhogi service inam land, Survey No. 273 of the Uppahalli village, Chikmagalur taluk, for the recovery of the arrears of revenue, *viz.*, Rs. 61-14-3, due for the year 1897-98, by one Chendrasekharaiya, minor represented by his father and guardian Venkatramanaiya, on account of the marginally noted shanbhogi service inam lands in the Uppahalli and Nallur villages of the Chikmagalur taluk, and stating that there is no other means of recovering the arrears.

Village.	Survey No.	Extent. A.	g.	Assessment. Rs	a.	p.
Uppahalli	4 (dry)	1	28	2	4	0
	9 (do)	0	31	1	0	0
	91 (wet)	3	10	18	0	0
	273 (do)	5	33	34	0	0
Nallur	17 (dry)	1	37	3	0	0
	Total ...			58	4	0
	Local cess ..			3	10	3
	Total ...			61	14	3

No. 8065—R. 3571, DATED BANGALORE, 5TH MAY 1899.

ORDER THEREON.—Under the circumstances stated, the Government direct that Survey No. 273 referred to above, be resumed and sold by public auction as ordinary kandayam land, the sale proceeds being appropriated towards the arrears in question. Considering the small amount of the arrears due and the great value of the land which once had been sold for Rs. 700, it is deemed necessary to call the attention of the Deputy Commissioner to para 2 of Section XXXVI of the Land Revenue Rules, under which only such portion of the land as is absolutely necessary for the recovery of the arrears due could be subdivided, and proceeded against.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Kadur District.

READ—

Docket No. 678—180, dated 12th August 1898, from the Deputy Commissioner, Kolar district, submitting his review of the District Jamabandi Reports for the year 1897-98, together with the original reports of the Jamabandi Officers.

No. 8368-75—R. F. 21-98, DATED BANGALORE, 16th MAY 1899.

ORDER THEREON.—The statement subjoined shows the names of officers who conducted the Jamabandi of the several taluks of the Kolar district for the year 1897-98, dates of commencement and completion of Jamabandi and the number of camps made:—

Name of taluk or sub-taluk.	Number of villages settled.	Name of officer who settled the Jamabandi.	Date of commencement of Jamabandi.	Date of completion of Jamabandi.	No. of Camps.
Bowringpet ...	320	Mr. A. Ranganayakamaiengar	11 2 98	8 5 98	4

Kolar ...	261	Do	1 2 98	15 7 98	5
Goribidnur ...	227	Do	16 6 98	30 6 98	7
Bagepalli ...	204	Do	11 5 98	30 5 98	7
Mulbagal ...	91	,, Ramachandra Rao, Sub-Division Officer ..	4 4 98	12 5 98	2
	212	,, K. P. Puttanna Chetty, Deputy Commissioner.	13 6 98	19 6 98	2
Chikballapur ...	208	,, Ramachandra Rao, Sub-Division Officer ...	5 2 98	6 4 98	6
Gudibanda (sub-taluk) ...	139	Do	11 4 98	30 6 98	4
Malur ...	267	,, K. S. Dorasami Iyer	12 2 98	21 3 98	3
Srinivaspur ...	120	Do	28 3 98	2 4 98	3
Sidlaghatta ...	281	,, Krishnaiengar	23 4 98	29 5 98	4

The period occupied in the settlement of the whole district extended from 1st February to 15th July 1898, inclusive of time devoted to other public business at the Head Quarters.

2. The Deputy Commissioner has not submitted his reports for the Bowringpet and Mulbagal taluks settled by him. His attention is invited to the instructions laid down in para 5 of Government Proceedings No. 2594-601—R. 954, dated 5th September 1896, and he is requested to submit in future his own reports in respect of the taluks he may settle along with those of the other Jamabandi Officers.

3. *Pahani Work.*—None of the reports furnishes any information as to whether the Jamabandi Officers made "Pahani" (inspection) in the taluks settled by them, and if so what the percentage was of the number of villages the pahani whereof was done by them. This work of inspection of pahani is of the utmost importance and should not escape the attention of Jamabandi Officers. The instructions conveyed in General Circular No. 273, dated 18th November 1881, published at pages 1—3 of the Revenue Manual of 1886, and in Government Proceedings No. 7650-57—R. F. 21-1898-99, dated 24th April 1899, reviewing the Jamabandi reports of the Shimoga district for 1897-98 should be strictly adhered to in future.

4. *Inspection of Boundary arks.*—The boundary marks are stated to have been generally in good condition in all the taluks except Sidlaghatta, where nearly $\frac{1}{8}$ths of the number was in need of repair, and Bowringpet and Mulbagal, for which reports are wanting. In this connection, attention is invited to the instructions laid down in Government Proceedings No. 6520-28—R. F. 32-97, dated 17th March 1899.

5. *Examination of Village Accounts.*—In the taluks of Sidlaghatta, Chintamani, Goribidnur, Kolar and Bagepalli, village accounts of more than 10 per cent are stated to have been examined by the Jamabandi Officers and the errors and omissions noticed duly rectified. The report for the Malur and Srinivaspur taluks shows that the accounts of 30 and 10 villages, respectively, were examined by the Jamabandi Officer, while no information is forthcoming for the other taluks. The attention of the Deputy Commissioner is invited to the instructions laid down on this point in Government Proceedings quoted in para 3 above and he is requested to issue necessary orders in the matter.

6. In the Chintamani, Goribidnur, Kolar, Bagepalli and Sidlaghatta taluks and in the Gudibanda sub-taluk, for which alone information has been given in the reports; the accounts Nos. 14 and 15 are stated not to have been maintained by the Inamdars and that requisite orders have been issued. How far the said orders have since been given effect to should be mentioned in the report for the current year 1898-99.

7. *Estimated Jamabandi and Uncollected Arrears.*—No information has been furnished on this point in any of the reports except those for the Chikballapur and Sidlaghatta taluks and Gudibanda sub-taluk. The report for the Sidlaghatta taluk gives a balance of Rs. 21,000 at the end of the year, for the early collection of which orders are stated to have been issued. The instructions laid down in Government Proceedings referred to in para 3 above in regard to the entry of estimated demand in Jamabandi reports and the verification of arrears with reference to Kulwar Baki Patti, should be strictly followed.

8. *Examination of Raiyats' Pattas.*—Raiyats' pattas are stated to have been examined in all the taluks, except Bowringpet and Mulbagal, for which information is not available, and Malur and Srinivaspur where the pattas were not produced by raiyats. The number examined has been mentioned only in the reports for the Chikballapur taluk and Gudibanda sub-taluk. The pattas examined contained entries of collections as per kirdi account except in those of the Chintamani taluk, which were duly rectified. Examination of pattas forms one of the important duties of the Jamabandi Officer and on this point the Deputy Commissioner's attention is invited to Government Proceedings quoted in para 3 above.

9. *Disposal of Darkhasts, applications for transfers of Pattas and of cases of unauthorized cultivation and surreptitious use of Government water.*—On all these points information has not been furnished in any of the reports except those for the Chikballapur taluk and Gudibanda sub-taluk.

10. *Loans for the construction of Irrigation Wells.*—In some taluks the instalments due by persons to whom loans had been granted were not brought on the khate and that the omissions were caused to be duly supplied. The advances made in some cases are stated to have been recovered for non-execution of the works in time and other causes. It is desirable that all the Jamabandi reports should contain information regarding the demand, collection and balance of all loans under the Land Improvement Loans Regulation.

11. ***Inspection of Boundary Marks on the boundary lines between Mysore and British Territories.***—On this important question which has been dealt with in Government Proceedings No. 9564-71—R. 3113, dated 1st April 1898, information has not been furnished in respect of the Bowringpet taluk and no inspection is stated to have been made in the Malur and Srinivaspur taluks as the instructions of Government in the matter reached the Jamabandi Officer rather late. In the other taluks the boundary marks and pahani stones are stated to remain intact and no disputes were brought to notice, but the Madras Survey Department is stated to have fixed new stones in certain survey numbers of the Kudamalakunte village in the Goribidnur taluk a year ago and the Deputy Commissioner has addressed the Collector of Anantapur district in the matter. The result of this correspondence should be reported for the orders of Government. The Deputy Commissioners of districts should note that information in connection with boundary marks on the British frontiers is very important and they should invariably furnish it in their future Jamabandi reports, their Assistants being also instructed in the matter.

12. The other work done by the Jamabandi Officers, which consisted of the inspection of tanks, avenues, trigonometrical Survey stations, &c., calls for no remarks.

C. SREENIVASIENGAR,
Secy. to Govt., Gen & Rev. Depts.

To—The Deputy Commissioner, Kolar District, returning the original reports of the Jamabandi Officers.
The Deputy Commissioners of other Districts.

READ THE FOLLOWING—

Letter No. 457, dated 5th January 1898, from the Deputy Commissioner, Kadur District, to the Secretary to the Government of Mysore, General and Revenue Departments.

In forwarding for information and orders of Government copy of the marginally noted correspondence between this office and the Chief Court, has the honor to state that a suit for the recovery of Survey Assessment and Kalsat amount from the tenants was filed by the jodidars of Kerkipet in the first instance before the Deputy Commissioner on 22nd November 1895, who entertained it and transferred it to Mr. B. Ramaswamaiengar, Extra Assistant Commissioner, for disposal, but, he having been otherwise engaged, the case was subsequently transferred to Mr. V. N. Gopalaiengar for disposal. He enquired into the case and disposed of it on its merits and the appeal therefrom was disposed of by Mr. Sparkes, the then Deputy Commissioner.

1. Chief Court Order No. 1152—680.
2. This Office No. 408, dated 1st September 1897.
3. Chief Court order No. 2777—1227.

2. The party aggrieved having appealed to the Chief Court, that Court in the first instance quashed the proceedings of both the lower and the appellate Courts on the ground that the suit should have been disposed of by the Deputy Commissioner, that he could not transfer it to the Assistant Commissioner who had not been placed in charge of the taluk by Government as required by Section 8.

3. The attention of the Chief Court was invited to Government Order No. 91942-9—R. 3539, dated 4th April 1895, as the authority under which Assistant Commissioners not placed in charge of taluks, could dispose of such cases when entertained by Deputy Commissioner and transferred to them.

4. The Chief Court have finally replied that the suit being one under Section 88, Chapter VII, of the Land Revenue Code, Deputy Commissioners alone should decide the suit.

5. The ruling of the highest judicial tribunal in the Province must, of course, be accepted, and the case will accordingly be dealt with by the undersigned as Deputy Commissioner in due course. Meantime, the undersigned thinks it advisable to bring the ruling of the Chief Court to the notice of Government.

6. It will be observed that the suit now in question is one of a special kind, *viz.*, a suit under Section 88 of the Land Revenue Code, and that this class of suit is not one of the kinds of suit enumerated in para 4 of Rule XLIII of the Land Revenue Rules, referred to in the Government Order of 4th April 1896.

ENCLOSURE I.

Chief Court Order No. 1152—680, dated Monday the 23rd day of August 1897.

Present.

Second appeal against the decree of the Deputy Commissioner of Kadur in appeal No. 2 of 1896-97 reversing the decree of the Court of the Treasury Assistant Commissioner of Kadur in Revenue Case No. 4 of 1895-96.

This second appeal coming on for hearing this day, the Court delivered the following

Judgment.

The suit should have been disposed of by the Deputy Commissioner. He could not transfer it to the Assistant Commissioner, who had not been placed in charge of the taluk by Government, as required by Section 8. Following the course adopted in Mis. Appeal No. 20 of 1894-95, we quash both the Proceedings of the Assistant Commissioner and those of the Deputy Commissioner, and remand the suit for disposal according to law.

The costs hitherto incurred will be costs in the cause.

ENCLOSURE II.

Letter No. 408, dated 1st September 1897, from the Deputy Commissioner, Kadur district, to the Registrar, Chief Court of Mysore.

With reference to No. 1152—680, forwarding copy of order passed in second appeal No. 57 of 1896-97, Appellants Mallappa and others, Respondents Kallappa and others, quashing the Revenue Proceedings on the ground that the case was enquired into by an Assistant Commissioner who had not been placed in charge of a taluk, and remanding the suit for disposal according to law, has the honor to state that the suit in question was entertained in the first instance by the then Deputy Commissioner, Mr. Sparkes, acting on the authority of Government Order No. 91942-9—R. 3539, dated 4th April 1896, and referred to the Treasury Assistant Commissioner for disposal, and that when an appeal was preferred, Mr. Sparkes disposed of it on merits.

2. In inviting the Registrar's attention to the Order of Government quoted above, the undersigned would add that Assistant Commissioners *not placed in charge of taluks*, are by the same order, declared competent to dispose of cases transferred to them *after* they are entertained by the Deputy Commissioners.

3 The records are herewith retransmitted for reference.

ENCLOSURE III.

Proceedings of the Chief Court of Mysore No. 2777—1227, dated 11th October 1897.

READ—

Record in Revenue Appeal No 2 of 1896-97 on the file of the Deputy Commissioner of Kadur

READ ALSO—

Docket No 408, dated 1st September 1897, from the Deputy Commissioner, Kadur district, stating that by Government Order No. 9142-49—R. 3539, dated 4th April 1896, Assistant Commissioners *not placed in charge of taluks* are, by the same order, declared competent to dispose of cases transferred to them *after* they are entertained by the Deputy Commissioners.

The transfer of the suit to the Court of the Treasury Assistant Commissioner is sought to be justified by the Order of Government, dated 4th April 1896. The Rule is to the effect that suits under Section 221 of the Revenue Code must be instituted in the Courts of Deputy Commissioners, and that thereupon they may be transferred to Assistant Commissioners for disposal. Civil Courts are debarred from taking cognizance of such suits, but no provision is made in the Code itself as to the Class of Revenue Courts which have jurisdiction to entertain them, as to the mode of recording evidence, and as to the procedure generally of those Courts All these matters are provided for by rules made by Government, and the order to which we have been referred, explains one of those rules. The ruling does not apply to suits instituted under Chapter VII of the Code. There is a clear provision made by Section 88 that "Such Deputy Commissioner shall decide the suit after holding a formal enquiry."

No. 8446-54—R. 3738, DATED BANGALORE, 18TH MAY 1899.

ORDER THEREON.—Recorded. The Ruling of the Chief Court is quite right and does not conflict with the Government Order No. 9142-49—R. 3529, dated 4th April 1896.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

The Registrar, Chief Court.
The Deputy Commissioners of other Districts.

READ THE FOLLOWING—

I. Letter No. 1135, dated 3rd June 1897, from the Deputy Commissioner, Hassan District, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit herewith for orders of Government a file of Vernacular correspondence ending with Survey Superintendent's yadi No. 2247, dated 9th April 1897.

2. On 28th November 1887, one Yelwal Jannaiengar applied to the Amildar of Arkalgud for the sub-division of Survey No. 102 consisting of 1 acre and 25 guntas of wet and 1 acre and 25 guntas of garden with an assessment of Rs. 22 in the aggregate.

3. The khate of the number stood in the name of one Magge Srinivasaiengar. From enquiry, it was found that the khatedar had sold a portion of the number to the applicant Yelwal Jannaiengar and the remainder to one Magge Jannaiengar. The khatedar consented to the sub-division being carried out as prayed for. The entire number was phoded according to the respective enjoyment of the purchasers, and the sub-divisions stand as shown below :—

No.	Name of holder.	Extent. A. g.	Kharab. A. g.	Balance. A. g.	
102—1	Yelwal Jannaiengar ..	2 4	0 4	2 0	Consisting of 1 acre and 25 guntas of wet and 15 guntas of garden.
102—2	Magge Jannaiengar, deceased, his son Narasimhachar.	1 14	0 4	1 10	Of garden.

4. As the records related to the sub-division of a survey number comprising wet and garden land, the same was forwarded with the measurement record to the Survey Superintendent for his approval, as directed in Government Proceedings No. 4819-27—1670, dated 26th November 1896. But that officer has refused to approve of the sub-division on the ground that the assessment on the phod is less than that on the other and that it would be well if the different portions are re-classified and separately numbered.

5. The sub-division is effected in accordance with the rules on the subject at the instance of the khatedar. I do not see why the Survey Superintendent should not apportion the kandayam on a reference to the Classer's Field Book. If, however, a re-classification is considered necessary in all such cases, I beg that the Government may be pleased to pass necessary orders.

II. Letter No. 55, dated 16th July 1897, from the Superintendent of Revenue Survey in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to acknowledge receipt of your docket No. 11427—R. 3794, dated 26th June 1897, enquiring in the case of Survey No. 102 of the Kolgavi village of the Arkalgud taluk, the sub-division of which, on the authority of Government Proceedings Order No. 4819-27—R. 1670, dated 26th November 1896, I had objected to, what the difference in the assessment would be if the sub-division had been accepted.

2. The garden portion of Survey No. 102 is alone involved in the above question. The present rate is Rs. 7. If sub-divided, the assessment of one portion would be Rs. 8 and of the other portion about Rs. 6-12-0.

3. This case is in itself a paltry one and I am prepared to withdraw my objection.

4. As regards the far more important general question, which your docket under reply moots, of whether a sub-division otherwise permissible under the Rules can be refused on the ground that the assessment on one "phod" is less than on the other, I beg to remark as follows. The essence of Government Order No. 4819-27—R. 1670 of 26th November 1896, is contained in proviso to para 1 of Land Revenue Rule XXVII, which reads thus—* * "any sub-division made under these Rules will not be carried out unless "approved by the Superintendent of Revenue Survey * *." If it was intended that the power to be delegated to the Superintendent of Survey was only the power to re-adjust the assessment of the "phoded" portions from the Classer's books but not to refuse the sub-division altogether, then, I submit, the proviso to para 1 of Land Revenue Rules XXVII should have been worded accordingly.

5. Now if these sub-divisions under Land Revenue Rule XXVII generally and especially under Land Revenue Rule XXVII (3), were subject to the provisions of Section 110 (*b*) of the Code, there would be little harm, so far as Government is concerned, in the "phod" being made on the basis of the average rate of the survey number under each head, dry, wet or garden, but unfortunately para 8 of the Land Revenue Rule XXVII gives to each sub-division under that Rule the status of a separate field by which I presume is meant a survey field or number, a status which, I submit, such sub-division cannot have and at the same time be consistent with the provisions of the Code itself. I have already reported to Government the extreme necessity which exists for carefully revising Land Revenue Rule XXVII, and I trust the matter will in due course be considered by Government, but in the meantime I beg most urgently to recommend the following para being at once added to those under Rule XXVII—

> "9. All sub-divisions made under this Rule shall, for the purpose of Section 110 (*b*) "of the Land Revenue Code, be regarded as recognized sharer of survey "numbers."

6. If the above course be adopted, I have no wish to scrutinize the sub-divisions which may be made in mixed numbers, and the proviso to para 1 of Land Revenue Rule XXVII may be cancelled.

7. The step I have suggested will go a great way towards counteracting what I have always and consistently maintained are the mischievous effects of Land Revenue Rule XXVII as it now stands.

8. The enclosures received with your docket under reply are herewith returned.

No. 8437-45—R. 3737, DATED BANGALORE, 18TH MAY 1899.

ORDER THEREON.—The Superintendent of Revenue Survey has acted within his powers as described in the proviso added to para 1 of Rule XXVII of the Land Revenue Rules by Government Order No. 4819-27—R. 1670, dated 26th November 1896. As, by a separate re-classification, the rates may differ, the objection of the Superintendent of Revenue Survey to accept the result arrived at by the simple process of the rule of three, does not appear to be technical or invalid. Government, therefore, see no reason to interfere in the matter, and it is left to the Superintendent of Revenue Survey to give such directions as will ensure a proper sub-division of the assessment and the field as applied for by the parties concerned.

2. The other question relating to the modification of Rule XXVII of the Land Revenue Rules is under the consideration of Government.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Hassan District, returning the enclosures.
The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of other Districts.

READ—

The following papers relative to the proposed introduction of Survey Settlement into the Nanjangud taluk of the Mysore district :—

(I) Letter No. 460, dated 20th January 1899, from the Superintendent of Revenue Survey in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit the following proposals for the revision of the assessment of the Nanjangud taluk of the Mysore district.

2. I append a sketch map of the taluk, together with a report by Mr. D. Shama Rao, Special Assistant in charge of classing operations, which deals with the circumstances of the tract under settlement, so fully as to leave me free to devote my remarks more especially to the question of revising the assessment, quoting now and again from Mr. Shama Rao's report on salient points of interest.

3. The Nanjangud taluk is divided into the following maganis or sub-divisions :—

No.	Magani.	Villages.	Alienated villages.	Kavals.	Total.	Remarks
1	2	3	4	5	6	7
1	Nanjangud	22	7	...	29	
2	Kalale	34	15	1	50	
3	Hura	37	3	3	43	
4	Tawyur	17	4	...	21	
5	Devanur	6	...	...	6	
6	Hedatale	11	4	...	15	
7	Rampura	15	...	...	15	
8	Hadinaru	6	2	2	10	
9	Dasnur	17	...	...	17	
	Total ...	165	35	6	206	

The town of Nanjangud representing, as it does, the terminus of the Mysore State Railway, as well as being the point of departure of almost every road which serves the taluk, is obviously the proper head-quarters. The taluk itself, however, stretches over some 34 miles of country, from east to west, its average breadth being not more than 12 miles. Consequently and especially, at a part of the Province where the dividing line between plain and jungle is so close, great variations occur in climate, physical characteristics and even in crops, in an area so small as 380 square miles. To any one acquainted with the district, the importance of these variations will readily occur, when I mention that the south-western villages adjoin comparatively wild parts of the Gundlupet and Heggadevankote taluks, while the north-eastern villages abut on the most fertile portion of the Tirumakudlu-Narsipur taluk. Roughly dividing the taluk in two, the eastern portion may be described as of the ordinary "Maidan" type, more level than usual, owing to the presence of much black cotton soil, well wooded, but with no jungle, and better populated than the rest of the taluk. Here jola is the staple crop. The western half has a predominating red soil, is less level and the country westward, gradually blends into scrub which in the extreme west and south-west becomes pretty heavy. Here ragi takes the place of jola as the staple crop.

4. The returns of rainfall are not very reliable. The Amildar (see para 5 of Classing Officer's Report) gives the annual fall as 43 inches, which Mr. Shama Rao thinks too high and estimates at 35 inches, while in the Mysore Gazetteer of 1897, it is set down at 26·66 inches. Accepting the last figure as correct, I presume that the register was kept at taluk head-quarters, in which case it would fairly indicate the rainfall in the eastern and central villages but not in the western villages, where I think it must be heavier. After considerable experience of the taluk and observation of its crops, I am inclined to regard the climate as exceedingly favorable to dry crop cultivation, not so much on account of the actual quantity of the rainfall as on account of its comparative periodical certainty. It is a well known fact, applying to the taluk now under report, that the further west, after a certain point, the less remunerative does dry crop cultivation become, owing probably to excess of rain, or to an unsuitable periodical distribution of rain, or to both causes. The dry crop cultivation is nowhere bad in this taluk, but it is undoubtedly best in the eastern villages, gradually deteriorating on proceeding westward.

5. The garden and wet crops, excepting in so far as the latter are, or will be, affected by the construction of the two channels, drawn from the Kapila river and known as the Rampur and the Hulihalla, deserve little notice. Before the channels were constructed the taluk could boast of little wet cultivation, even under tanks. The gardens which, at the best, may be called unimportant will be little affected by the channels, if anything they will deteriorate, or disappear, a rice crop being more remunerative, as noticed by Mr. Shama Rao at para 17 of his report. As regards the new channels, it is difficult to realize how great a factor they will finally represent in the prosperity of this hitherto purely dry crop taluk. The cultivators will no doubt become more and more experienced in time and will probably, later on, cultivate sugar-cane, but at present they raise nothing but ordinary rice crops. I may slightly anticipate here, in order to show the importance of these channels, by stating that, in the taluk under report alone, the survey has recorded and classed nearly 8,000 acres under them which will give, in round numbers, Rs. 38,000 of revenue. All the lands commanded by the channels have been classed and assessed, but when Mr. Shama Rao wrote his report in January 1897, the lands under the Hulhalli channel had not received water, although those under the Rampur channel had been fully brought under wet cultivation. The lands under both channels have however all been classed.

6. In the matter of communications the taluk under report is peculiarly happy. A railway from Mysore to Nanjangud, two trunk roads branching from the latter place to Ootacamund and the Hasanur Ghat, respectively, together with Local Funds roads to Tirumakudlu-Narsipur and Hura, respectively, and with a branch from the Mysore-Chamrajnagar road at Kaulandi towards Santemarhalli, make up a goodly list. The Kapila and Gundal rivers are both bridged. It is satisfactory to find that the two trunk roads are in good order. The suggestions made by Mr. Shama Rao comprise the bridging and improvement of the branch road from Kaulandi to Santemarhalli and the extension of the road which now runs from Nanjangud *via* Hulhalli to Hura, to join the Begur-Sargur road. In the first of these suggestions, I would strongly support Mr. Shama Rao. Santemarhalli, an important market, is nowhere approached by any good road. The road from Tirumakudlu-Narsipur *via* Mugur is bad, while that from Chamrajnagar to Santemarhalli is still worse. The branch road from Kaulandi presents fewer difficulties, especially in the matter of soil, than the other two just mentioned. From Kaulandi as far as Ummatur the soil is favorable to road making, after which the usual difficulty, comprised in black soil, begins.

7. The important markets for this taluk are stated by Mr. Shama Rao to be Santemarhalli, in the Chamrajnagar taluk, on the one side, and Mysore on

the other, the weekly local markets held at the inam villages of Gangnur and at Hura being comparatively unimportant. The large fairs and festivals, for which the taluk is so well known, are described at paras 26 and 27 of Mr. Shama Rao's report. No regular trade is carried on at these fairs and festivals, but a small traffic takes place in cocoanuts, plantains and articles required by the devoties and visitors generally. The disposal of surplus produce must in some small measure be facilitated by these large gatherings.

8. Before proceeding to deal with the question of assessment I may state that I fully endorse the opinion expressed by Mr. Shama Rao, in the concluding part of his report, as to the general condition of the raiyats of this taluk. The advantages which they enjoy and the consequent indications of prosperity are very concisely summed up at para 41. I would only remark that some of these advantages, chiefly the extension of the railway to Nanjangud and the construction of the Hulhalla and Rampur channels, are of comparatively recent introduction, and also that the same indications of prosperity which at once attract the eye in the eastern half of the taluk are not by any means so marked in the western half. In short, owing to the variations of climate and other characteristics in this long narrow taluk, a by no means uniform condition of things can be expected to exist.

9. The following are the statistics for the 171 Government villages (including kavals) collected during the progress of classification:—

Villages.	Houses.	Population	Square miles.	Cattle.	Ploughs.	Carts.	Markets.	Remarks.
1	2	3	4	5	6	7	8	9
171	15,380	79,515	308	1,13,554	13,129	5,685	2	...

The population, for the whole area, is 258 to the square mile and, for the arable area only, 386 to the square mile. We shall gain but little information by comparing these figures with those of neighbouring taluks, so much depending, when the whole area is concerned, on the presence or otherwise of much unarable land, and when the arable area alone is concerned, upon differences in the mode of cultivation and the consequent size of holdings. In both respects the taluk under report is superior to the Chamrajnagar taluk and inferior to the Tirumakudlu-Narsipur taluk. The reasons are of course quite obvious. The Chamrajnagar taluk has a larger proportion of unarable land, while the Tirumakudlu-Narsipur taluk has a very large proportion of wet land. In due course the channel-irrigated lands in Nanjangud will attract a larger population, and the taluk will exhibit, in a few years, very different statistics to what it does at present.

10. Putting aside, however, all question of comparison and taking the figures on their merits, considerable agricultural prosperity is indicated, one of the most remarkable features being the number of carts. It is true that about half of these are waddar carts, but even then the number is unusual.

11. The taluk under report has been divided up by survey as follows:—

Description.	Government.		Inam.		Grand Total, Government and Inam.
	Occupied area.	Waste area.	Occupied area.	Waste area	
1	2	3	4	5	6
Dry crop	109,420	3,227	6,016	...	118,663
Rice	9,285	178	483	...	9,946
Garden	3,049	21	255	...	3,325
Total ...	121,754	3,426	6,754	...	131,934
Area of unculturable waste including village site, &c.			...	...	65,335
Area of alienated villages			...	...	47,949
Area of kavals			...	...	2,604

There is comparatively little assessed waste and that chiefly dry crop land. 35 inam villages contain an area of 47,949 acres and are not dealt with in this report. There are no forests and only 2,604 acres comprised in six kavals. There is nothing very unusual in the evidence afforded by the figures in the above statement. Like almost all the taluks of the Mysore district, but little cleared land has been left uncultivated, but from my experience in other taluks I have little doubt that, ere long, lands now entered as "kharab" will be applied for, cleared and cultivated.

12. With a view to obtaining some idea of the weight and incidence of the old assessment, now being revised, I have prepared the following Maganiwar statement:—

Number.	Magani.	Dry crop.			Rice.			Garden.			Rice and garden combined.		
		Acres by survey.	Old collections.	Average rate.	Acres by survey.	Old collections.	Average rate.	Acres by survey.	Old collections.	Average rate	Acres by survey.	Old collections.	Average rate
1	2	3	4	5	6	7	8	9	10	11	12	13	14
1	Nanjangud ..	12,388	8,620	0 11 2	2,268	4,978	2 3 1	569	1,537	2 11 3	2,837	6,515	2 4 9
2	Kalale ...	22,923	14,972	0 10 3	213	803	3 7 5	686	1,120	1 10 1	918	1,923	2 1 6
3	Hura ...	16,154	11,478	0 11 4	22	60	2 11 8	57	141	2 7 7	79	201	2 8 9
4	Taiyur	11,466	9,126	0 12 9	1,916	414	0 3 7	265	177	0 10 8	2,181	611	0 4 6
5	Devanur ...	10,285	8,409	0 13 4	13	130	10 0 0	345	786	2 4 5	358	916	2 5 11
6	Hedatale ..	9,390	7,693	0 13 1	813	3,869	4 12 2	591	512	0 13 10	1,404	4,381	3 1 14
7	Rampur ...	10,676	5,388	0 8 0	2,349	10,124	4 5 0	105	185	1 12 2	2,454	10,309	4 3 3
8	Hadinaru ...	4,464	2,840	0 10 2	1,648	7,760	4 11 4	67	126	1 14 1	1,715	7,886	4 9 7
9	Dasnur ...	11,676	9,224	0 12 8	24	329	13 11 4	364	462	1 4 4	388	791	2 0 7
	Total ...	1,09,420	77,540	0 11 5	9,285	28,467	3 1 2	3,049	5,046	1 10 5	12,334	33,533	2 11 6

It is not fair to draw any inference from the above as regards the lands under the new channels which, at the time of classification, were, in many instances, paying no wet rate although classed as wet by the survey. As regards the garden rates it is also impossible to draw any useful inference, for a great deal more has been classed by the survey than is shown in the old accounts, in other words, the rates shown in the statement are too low. As regards the dry crop land no uncertainty exists, and we gather that the rates in column 5 are absurdly uniform for a tract in which so much diversity, as regards climate and general advantages, exists. At the same time the dry rate, hitherto actually paid, is very low, only 11 annas 5 pies per acre, exactly the same as we found was being paid in the Chamrajnagar taluk.

13. The revenue accounts show the extent of occupied land to be as below stated, in contrast with the area now ascertained by survey:—

Description.	Acres by revenue accounts.	Acres by survey.
Dry	73,1.0	109,420
Wet	5,589	9,285
Garden	606	3,016
Total ...	79,485	121,751

The excess, under all descriptions of land, is certainly very great but is most serious in the case of wet land. Fortunately the necessary explanation is forthcoming in the fact that the new river channels, being still in an embryonic condition, a great deal of land which appears in the survey as wet is still entered in the revenue accounts as dry. I have no desire to attach too much importance to the excess found, because it is a feature not only of the present settlement but of all the settlements effected up to date. I prefer to base my rates upon the experience gained in the surrounding taluks, all of which have been settled.

14. The next point to be considered is the revenue which the taluk has hitherto been able to pay, and in what manner, whether easily or with difficulty. The following statement exhibits the actual realizations for 30 years ending with the year 1893-94. The prices of the staple food grains during the same period are shown in juxtaposition with the collections:—

Year.	Old bijavari into khandis.	Total collections.	Seers per rupee.		Remarks.

15 do		97,301			
10 do		100,625			
5 do		107,405			

15. The above statement brings the figures only up to 1893-94, that being the year for which I had, with considerable labor, taken out the details, village by village, necessary for this report, but in order to bring the revenue history of the taluk up to date, I furnish below the following supplementary information for later years:—

Year.	Collections.				
	Dry.	Wet.	Garden.	Miscellaneous.	Total.
1894-95	77,334	29,524	4,825	1,710	113,393
1895-96	78,326	32,481	4,984	1,857	117,648
1896-97	76,428	35,403	4,953	2,087	120,871
1897-98	77,719	40,547	4,932	2,513	125,711

But for the irrigation from the new channels being gradually made use of, the realizations of the four years shown above would have differed but very slightly from those of 1893-94, for, it will be seen, the collections under dry and garden have scarcely varied at all. The exclusion, therefore, of these later years, with their abnormal channel revenue, from the statement at para 14, will enable us to judge all the better how the taluk has been able to pay the ordinary revenue demand. Apparently there have been no remissions, and the figures generally are indicative of an easily paid revenue. There has been no forcing up of the revenue one year with the inevitable re-action next year, but all along the collections show a fluctuation quite consistent with prices and events.

16. The effects of the great famine, so disastrous in more eastern taluks, impaired the revenue of this taluk but very slightly, indeed the collections, far from falling off, improved. The fact is that the high famine prices actually benefited a taluk which, itself, but slightly felt the direct effects of the famine on its agricultural stock. An impetus to cultivation was given in 1889-90, the prices of which year and of a few previous years were very high. As a matter of fact, discarding the transitory famine prices, the period subsequent to that calamity shows a marked rise in the prices of all food grains. Since 1880 prices must have risen close on 30 per cent, and as the rise is due to permanent causes, such as the construction of railways and a consequent strong outside demand, prices are likely to continue to rule high.

17. The lump sum taken hitherto from the taluk as land revenue has, in my opinion, sat very lightly upon it, even with the faulty distribution of it, to which I have alluded at para 12 above. In saying this I of course intentionally suggest the inference that with a due regard to the circumstances of the taluk as comprised in climate accessibility and advantages generally, a very much larger revenue could have been easily and justly secured.

18. For the purpose of assessing the 165 Government villages under report I propose to divide them into four groups as below :—

Group.	Number of villages.	Maximum dry rate.	Maximum wet rate.		Maximum garden rate.	Remarks.
			Ordinary.	Channel.		
		Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	
I	86	1 14 0	8 0 0			
II	19	1 12 0	8 0 0	9 0 0	10 0 0	
III	39	1 10 0	8 0 0			
IV	21	1 6 0	6 0 0			

The first group of 86 villages is a large one and is composed of the eastern part of the taluk generally, together with a few of the best situated central villages, the advantages enjoyed by which in the way of communications compensate for a slight deficiency, as compared with the eastern villages, in point of climate. The whole 86 villages may safely go into one group. The second group consists of 19 villages of the western half of the taluk inferior to the villages of the first group in a climate suitable to the soil, and also in communications. The third group of 39 villages consists of the western half of the taluk, generally, while group 4 of 21 villages is that so unfavorably alluded to by Mr. Shama Rao at para 41 of his report. For this last group I have proposed not only a lower dry rate but also a lower wet rate than in the three other groups. No distinction is required in the maximum wet rate or in the maximum channel wet rate, for the first three groups. The fourth group contains no channel-irrigated lands.

19. My proposed rates give the following estimated results on the occupied area:—

Group.	No of villages.	Dry crop			Rice						Garden.			Total.		
					Ordinary.			Channel								
		Acres	Assessment.	Average rate.	Acres	Assessment	Average rate.	Acres	Assessment	Average rate	Acres	Assessment	Average rate	Acres,	Assessment	Average rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
1	86	61,402	59,254	0 14 8	1,772	7,208	4 1 1	6,582	34,075	5 2 10	2,532	7,674	3 0 6	75,378	108,211	1 4 0
2	19	15,871	11,999	0 12 1	87	320	3 10 10	652	3,692	5 10 7	592	769	1 15 5	17,002	16,780	0 15 9
3	39	28,838	17,739	0 11 1	39	142	3 10 3	153	881	5 12 2	115	259	2 4 0	24,145	19,021	0 12 7
4	21	5,219	3,321	0 10 2	..	...	...	...	...		10	19	1 14 5	5,229	3,340	0 10 3
...	165	109,420	92,313	0 13 6	1,898	7,670	4 0 8	7,387	38,648	5 3 9	3,049	8,721	2 13 9	121,754	147,352	1 3 4

The average rates for the various descriptions of land are certainly very moderate but the effect of the proposed settlement will perhaps be better understood if shown in another form as below—

Description of land.	Acres by survey.	By old accounts.		By survey.	
		Collections.	Average rate.	Collections.	Average rate.
1	2	3	4	5	6
			Rs. a. p.		Rs. a. p.
Dry	1,09,420	77,540	0 11 5	92,313	0 13 6
Wet of all kinds ...	12,334	33,533	2 11 6	55,039	4 7 4

20. As I have already explained, the old collections, under the head of wet, are of no use for the purposes of comparison, a large amount of revenue derived or derivable from the new channels, taken to account by the survey, having been still undeveloped under the old system in 1893-94. We must look at the wet rates intrinsically; an average rate of Rs. 5-3-9 for channel-irrigated land, of Rs. 4-0-8 for ordinary or tank-irrigated land and of Rs. 2-13-9 for garden land, cannot be regarded as at all high. In the case of dry land the effect of the settlement is to raise the average rate from Re. 0-11-5 to Re. 0-13-6. This is a very small increase indeed, and there is no doubt that an average

rate of Re. 0-13-6 is low for a taluk like that under report. The average dry rate for the Chamrajnagar taluk was Re. 0-13-10 just four pies higher than that for the taluk now under report. The truth is that the first group of 86 villages is of rather a mixed character and yet difficult to split up further, and consequently I kept the maximum dry rate as low as I could, consistently with rates in adjoining settled taluks.

21. The extent and assessment of waste lands available for cultivation are shown below:—

Group.	No of villages.	Dry crop.			Rice.			Garden.			Total.		
		Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate	Acres.	Assessment	Average rate.	Acres.	Assessment.	Average rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
1	86	1,299	1,030	0 12 6	93	454	4 14 1	10	14	1 6 5	1,402	1,498	1 1 1
2	19	851	604	0 11 4	81	399	4 14 10	4	8	2 0 0	936	1,011	1 1 3
3	39	878	620	0 11 4	4	22	5 8 0	7	12	1 11 5	889	654	0 11 9
4	21	199	116	0 9 4	..	.	...	.	...		199	116	0 9 4
	165	3,427	2,370	0 11 9	178	875	4 14 8	21	34	1 9 11	3,426	3,279	0 15 4

22. The garden and wet lands shown in the above will, I have no doubt, be taken up at the settlement as well as some of the dry land, but of the latter it may be necessary to assign some as free grazing. The truth is that the limit of cultivation, so far as cleared land is concerned, has been very nearly reached.

I anticipate, however, that a good many applications will be made, especially in the western villages, for land for cultivation out of the large unassessed numbers or "kharab".

23. The extent and assessment of the minor inams included in the Government villages under report appear in the following statement:—

Group.	No of villages	Dry crop.			Rice.			Garden			Total.		
		Acres.	Assessment	Average rate	Acres	Assessment	Average rate.	Acres	Assessment.	Average rate	Acres	Assessment.	Average rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
1	86	3,177	2,961	0 13 8	419	898	2 0 0	221	620	2 12 10	4,147	4,479	1 1 3
2	19	1,125	833	0 11 10	31	62	2 0 0	24	39	1 10 0	1,180	934	0 22 8
3	39	1,371	996	0 11 7	3	6	2 0 0	10	18	1 12 10	1,384	1,020	0 11 10
4	21	43	26	0 9 8		.	...	...	...	...	43	26	0 9 8
...	165	6,016	4,816	0 12 0	453	966	2 0 0	255	677	2 10 6	6,754	6,459	0 15 4

24. Finally the result of the proposed rates on the whole area, Government occupied, waste and inam, is shown, in contrast with the old collections for each group.—

Group.	No of villages	By old accounts		By survey.							
				Government occupied		Government waste		Inam		Total.	
		Buyari khandis.	Collection	Acres.	Assessment	Acres.	Assessment.	Acres.	Assessment	Acres.	Assessment.
1	2	3	4	5	6	7	8	9	10	11	12
			Rs								
1	86	6,128	78,772	75,378	1,08,211	1,402	1,498	4,147	4,479	80,927	1,14,188
2	19	1,040	13,084	17,002	16,780	936	1,011	1,180	934	19,118	18,725
3	39	1,609	17,616	24,115	19,021	889	851	1,384	1,020	26,418	20,893
4	21	254	3,235	5,229	3,340	199	116	43	26	5,471	3,482
...	165	8,431	1,12,707	1,21,754	1,47,352	3,426	3,279	6,754	6,459	1,31,934	1,57,090

25. The increase falls most heavily on the villages of the first group, a result which I of course knew to be unavoidable, considering the faulty distribution of the old assessment, under which good and bad land fared alike, regardless of climate, position or communications. These villages are well able to bear the proposed increase. In drawing a comparison, however, between the old and the new assessment it will be well to look chiefly at the collections under the head of dry, and if we do this, it will be seen that Rs. 14,773 will be added to the old demand under that head. The channel revenue will only settle down properly at the time of settlement; at present there is a good deal of confusion in fixing and realizing water rates.

26. The actual increase by the settlement, on the collections of 1893-94, comes to Rs. 36,279, but on the collections of 1897-98, shown at para 15, the increase will be only Rs. 21,641, the channel revenue having come on. The real increase may be taken at that which the revision of the dry assessment gives, *viz.*, Rs. 14,773. I have of course every expectation that under the new channels there will be gain to Government, but what I desire to make clear is that, whatever this amount may be, it is not an increase on the old revenue demand but a new revenue which we have no means of comparing with any old revenue from the same source. Since writing as far, I have received from the Amildar a report to the effect that the portion of the wet revenue of 1897-98 which may be fairly set down to the channels is Rs. 31,332. The survey assessment of the channel lands is Rs. 38,548 so here we have to some extent definite grounds for comparison but still the comparison is not wholly accurate as even in 1897-98, the water of the channels may not have been fully utilised.

27. To put the effect of the settlement in plain language, we shall raise the dry land assessment by Rs. 14,573 and the assessment of the irrigated land of all kinds by Rs. 21,506 on the collections of 1893-94 but only by Rs. 14,594 and Rs. 9,260, respectively, on the collections of 1897-98.

28. *Grazing.*—The realizations from the sale of grazing have been only Rs. 1,552; under the new system the realizations may be estimated at about the same figure.

29. *Local Cess.*—The local cess, which in 1893-94 brought in Rs. 9,285, will under the proposed settlement be about Rs. 9,820.

30. *Irrigation Fund.*—The contribution to the Irrigation Fund will be about Rs. 3,237.

31. Pay of village officers will cost roughly about Rs. 9,000.

32. I confidently recommend for sanction the proposed settlement which, if it errs, does so on the side of moderation.

33. I submit the usual classwar statement showing particulars of past and proposed settlement for each village, as also a list of inam villages with the mode of survey applied to each.

List of Inam villages in the Nanjangud taluk.

II. Letter No. 599, dated 4th March 1899, from the Superintendent of Revenue Survey in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit correspondence as per margin ending with Deputy Commissioner's letter No. 1434 of the 18th February 1899, on the subject of the revision of the assessment of the Nanjangud taluk of the Mysore district.

1. Report No. 460, dated 20th January 1899, with its enclosures.
2. Mysore District Deputy Commissioner's letter No. 1434, dated 18th February 1899.

2. The Deputy Commissioner concurs generally in the suitability of the proposed rates but asks me to reconsider the maximum dry rate of Rs. 1-14-0 proposed for such of the villages of Group I as adjoin what he properly calls the Santemarahalli portion of the Chamrajnagar taluk, where the maximum dry rate adopted was Rs. 2-4-0.

3. It will be gathered from para 20 of my report that I fully anticipated criticism of my proposals on this particular point, and it would perhaps have been better had I, in the first instance, entered more fully into the reasons which induced me to make so great a distinction between the best villages of Chamrajnagar and the first group of Nanjangud now in question.

4. At para 9 of my report No. 249 of the 28th September 1897 on the settlement of the Tirumakudlu-Narsipur taluk, I described a stretch of black soil of remarkable fertility enjoying advantages due to a happy combination of soil and climate, which placed it in advance of any of the adjoining country. This stretch is contributed to chiefly by Yelandur and Chamrajnagar and in a lesser degree and extent by Tirumakudlu-Narsipur and Nanjangud. The difference between the two last taluks, however, is that in Tirumakudlu-Narsipur the extent contributed although small is excellent, being purely and essentially belonging to the tract described; while in Nanjangud the extent contributed is more mixed and the villages, as I explained at para 20 of my report, difficult to assign to distinct groups. The Deputy Commissioner is quite right in saying that black soil preponderates in the eastern villages of Nanjangud, but it is mixed and not pure like the Yelandur, Chamrajnagar and Tirumakudlu-Narsipur stretches. I am forced to dispute his statement that the eastern villages of Nanjangud have the same advantages as regards roads and markets as the villages to which a Rs. 2-8-0 maximum dry rate was applied. Only a very few villages could be so described; the bulk of the eastern villages of the taluk are decidedly less favorably situated in the respects mentioned than the villages of the three adjoining taluks for which I adopted a maximum of Rs. 2-4-0, being farther situated from both roads and markets.

5. Whether my judgment in respect of the purely black soil stretch above described be correct or not, I have at any rate been consistent, for by reference to the respective settlement reports, it will be seen that I made no less than eight annas difference between the 1st and 2nd groups in Tirumakudlu-Narsipur and of six annas between the 1st and 2nd groups in Chamrajnagar. This is exactly what I have done as between the 1st group of Nanjangud and the 1st group of Chamrajnagar. The 1st group of Nanjangud for which I now propose a maximum dry rate of Rs. 1-14-0 is subtended on the north by Mysore and Tirumakudlu-Narsipur villages with a maximum dry rate of Rs. 1-12-0, and on the south by Chamrajnagar villages with a maximum dry rate of Rs. 1-14-0. It is therefore only a few of the eastern villages of the group that could be made into a special group, and it so happens that the villages nearest Santemarahalli, as any one taking the road from Kaulandi to Yelandur can easily see, are poor as to soil, and the villages which, as belonging to the black soil stretch, might possibly be raised, are comparatively distant from Santemarahalli as a market and from roads. I might possibly make an intermediate group with a maximum dry rate of Rs. 2-2-0 or Rs. 2, but I do not recommend the step for reasons above given,

and I may add because it is upon these very villages (see paras 24 and 25 of my report) that the increase by settlement falls most heavily.

6. The Deputy Commissioner remarks at para 4 of his letter upon the difference in the wet rate in the taluk under report and in the Tirumakudlu-Narsipur taluk are inadvertently founded on an oversight. He takes the average rate on wet of *all kinds*, and on this, draws an inference regarding channel lands only. The average rates for channel lands in Nanjangud and Tirumakudlu-Narsipur, respectively, are Rs. 5-3-9 and Rs. 6-8-9, not Rs. 4-7-4 and Rs. 6-1-8 as assessed by the Deputy Commissioner. The maximum rate for channel-irrigated land is the same in both taluks, *viz.*, Rs. 9-8-0. In Nanjangud the only two channels are drawn from the Kapila river and are 32 and 34 miles long, respectively. In Tirumakudlu-Narsipur, the channels are more numerous, generally of less length and drawn from the Cauvery. Naturally the classification works out of a lower rate in Nanjangud. I may add also, although I have not actually allowed any thing for the fact, that to the cultivators in the Nanjangud taluk river channel irrigation is a new experience.

7. In conclusion I beg to state that I consider the Deputy Commissioner's suggestion of a somewhat higher dry rate for some of the eastern villages most natural, indeed almost imperative, from an officer having a knowledge of the country, but I think I am right in asking Government to allow my original proposals to stand.

III. Letter No. 1434, dated 18th February 1899, from the Deputy Commissioner, Mysore District, to the Superintendent, Mysore Revenue Survey.

With reference to your letter No. 461, dated 20th January 1899, forwarding for my opinion your report to Government on the proposed revision of the assessment of the Nanjangud taluk, I have the honor to state that I generally concur in your proposals for the settlement of the taluk, but I would, however, beg to offer the following for your consideration.

2. You will observe from para 17 of your letter to Government No. 750, dated 31st May 1894, that the maximum dry rate of assessment for the 40 villages comprised in the first group of the Chamrajnagar taluk, has been fixed at Rs. 2-4-0 per acre, while the villages of the first group of the Nanjangud taluk which adjoin the Santemarhalli portion of the Chamrajnagar taluk and, which possess the same facilities and advantages as the latter in respect of roads, markets, &c., have been assessed at a lower rate of Rs. 1-14-0 per acre. A rate of Rs. 2-4-0 having also been adopted for the first group of the T. Narsipur taluk consisting of eight villages situated to the north of the Santemarahalli Magani, as will be seen from para 17 of your letter to Government No. 249, dated 27th September 1897, the difference of annas six between Nanjangud and Chamrajnagar is in my humble opinion large, and would seem to require reconsideration.

3. I beg to invite your attention to para 16 of Mr. D. Shama Rao's report dated 18th January 1897, wherein he describes the prevailing soil in dry crop lands in the eastern half of the taluk as being generally rich.

4. The average wet rate of the Nanjangud taluk is Rs. 4-7-4, or only three annas, nine pies more than that of the Chamrajnagar taluk, and shows a large decrease of Rs. 1-10-4 as compared with the average of the T. Narsipur taluk, where it is Rs. 6-1-8, though the first mentioned taluk has been furnished with two long channels drawn from the Kapila river. All the lands under the Hulhalli or the south channel have been brought under cultivation since the date of Mr. Shama Rao's report, and both the channels are as good as those in the T. Narsipur taluk. The marked difference in the average rate of assessment being higher in the T. Narsipur taluk is, I observe, mainly due to the higher average rate of assessment on the lands below the channel in that taluk.

5. The enclosures of your letter under reply are herewith returned.

IV. Report dated 18th January 1897, by the "M" and "E" establishments, Mysore Revenue Survey:—

Boundaries.—The taluk is bounded on the north by the Mysore taluk and a portion of the Heggaddevankote taluk, on the east by the T. Narsipur taluk and part of the Chamrajnagar taluk, on the south by Gundlupet and Chamrajnagar taluks, and on the west by the Heggaddevankote taluk.

2. *Area.*—Its extreme length north and south is 25¾ miles and extreme breadth east and west 34 miles. The total area is 2,34,547 acres or 366 square miles, of which 1,70,764 acres or 266 square miles is arable. The taluk is pretty regular in shape, except for a projection to the south-west. The head-quarters of the taluk is on the right bank of the Kapila river and is situated in a convenient position about the centre of the taluk. It is about fifteen miles distant from Mysore and is connected with it by railway.

3. *Population.*—The population of the taluk according to the Census of 1891, is 97,374 souls, which gives an average of 266 per square mile of total area, and of 366 per square mile of culturable area. The population is generally evenly distributed except in a few villages in the south-west corner of the taluk.

4. *Divisions.*—The taluk is divided into nine hoblis and contains 207 villages, both Government and Inam, including Palace kavals distributed among the several hoblis as shown below:—

Hobli.	Govt. villages, number.	Inam villages, number.	Palace kavals.	Total number.
Nanjangud	22	7	...	29
Tyrua	17	4	...	21
Devanur	6	...	...	6
Dasanur	17	...	...	17
Hedatale	11	4	...	15
Kalale	34	15	1	50
Hura	38	3	3	44
Ramper	15	...	...	15
Hadinar	7	2	1	10
Total	167	35	5	207

5. *Climate and Rainfall.*—The subjoined table furnished by the Amildar gives the rainfall during the past twenty years:—

Years.	Inches.	Cents.
1875—76	12	70½
1876—77	49	78½
1877—78	31	63½
1878—79	85	11½
1879—80	23	72½
1880—81	34	31
1881—82	65	20½
1882—83	37	75
1883—84	32	94½
1884—85	12	71
1885—86	28	11
1886—87	27	38½
1887—88	80	50
1888—89	15	84
1889—90	75	2
1890—91	76	36
1891—92	39	2
1892—93	83	5
1893—94	36	21½
1894—95	28	30
Average per year	43	78

6. I fear that the figures furnished under this head are not quite accurate and that probably some mistake has been made in measuring the rainfall, at any rate in the years 1878-79, 1881-82, 1887-88, 1889-90, 1890-91 and 1892-93. The average is, I think, not more than 35 inches a year. As in the neighbouring taluks of Mysore, Chamrajnagar, and T. Narsipur, the "Mungar" rains set in rather early in the months of April and May, and the latter rains linger as late as November sometimes.

7. The climate of the taluk is generally healthy, excepting the few villages which are situated in the south-west corner of the taluk bordering on Heggaddevankote and Gundlupet taluks.

8. *Drainage.*—The Kapila (Kapani) river, into which the entire drainage of the taluk falls, enters the taluk in the north-western corner and flows throughout the entire breadth of the taluk from the west to east. It is joined by two of its small tributaries, the Bhrugu commonly known as Nugu and the Gundal, the former near its entrance into the taluk and the latter at the head-quarters of the taluk. The Kapila river has been made use of considerably for irrigation purposes and two channels are taken off, from it to irrigate the lands on both sides, the details of which will be stated hereafter.

9. *Physical Features.*—The greater portion of the taluk is plain country, with a solitary bare hill here and there to set it off. The western and south-western portion is rather hilly and is covered with scrub jungle. It is here that there is a small area of District Forest containing some stunted teak and other reserved trees besides bamboos.

10. *Channels.*—As already mentioned, there are two channels drawn from the Kapila river, from an anikat built across it, near Hullahalli. There was an old anikat here which was repaired and improved about eight years ago, and the channels were newly constructed at an enormous cost to Government.

11. The northern channel known as the Rampur channel, one of the two mentioned above, begins its course near Inam Huttaval village in Nanjangud taluk. It is about thirty-two miles in length and discharges itself into the Kapila, near the inam village of Kuppyagala of the Mysore taluk. It irrigates the lands of Rampur, Kembal, Bidergode, Maralur, Goddanapura, Kurahatti, Yedhagahalli, Thandya, Chikkayana chattra, Basavanapura, Hejige, Toramavu, Immavu, Hulimavu, Bukkahalli, Hadmaru, Mudahalli, Allathur, Hoskote, Tumbanerle in Nanjangud taluk, Yedakola and Kuppyagala of the Mysore taluk.

12. The southern or Hullahalli channel is taken from the same anikat to the south of the river beginning from Hullahalli village. It runs a course of thirty-four miles and finally discharges itself into the Kapila river near the village Dhanaikanapura in T. Narasipur taluk. It irrigates the lands of Hullahalli, Belale, Kongahalli, Heggadahalli, Belar, Debur, Kullahalli, Kathavadipura, Chamalapura, Nanjangud, Golur, Gikanahalli, Mullur, Haralvadi, Alumbur, Suragur, Nagarli, Haniumballi, Kullamahalli, Belagunda, Kuppervalli, Suthur, Bilagalli, Iggali, Tayur in this taluk and Dhanaikanpura of T. Narsipur taluk.

13. Both these channels do not feed any tank in their course, and are the direct means of irrigation of a large extent of land. Sugar-cane is not grown in the lands irrigated by either of these channels. Rice is the only crop that is ordinarily raised. The lands under the whole length of the Rampur or north channel have been brought under wet cultivation. Under the Hullahalli, or the south channel, which is fast approaching completion, water will be let for cultivation throughout the whole length of the channel during the current season. Only a small strip of land had been brought under rice cultivation up to Debur village at the end of last year.

14. *Tanks.*—There are very few irrigation tanks in this taluk. Most of them are small in size and are unimportant, the only important ones being the Arasinakere of kasaba Nanjangud and Halepura tank in Hedatale hobli. They look at first sight to be very large tanks, but being shallow, run dry very frequently. The water in the tank does not, as the report goes, suffice for the lands below, unless the tank fills and discharges more than twice a year. This it seldom does. The Kalale tank is another large work, but its water-supply is scanty. It is in contemplation to supplement its supply by providing a new feeder for it.

15. *Cattle.*—The taluk is generally wanting in forests and grazing lands, except in a few unhealthy villages situated in the south-west corner of the taluk. Nearly all available land has been taken up for cultivation. The agricultural stock used for cultivation does not appear to me to be very superior. For rich black cotton soils and rice lands, good bullocks are used. They are also used for draught purposes in carrying surplus produce to Santemarahalli and other markets and timber to the Nanjangud and Mysore depôts. Chakra and waddar carts are both in use in the taluk. The Amildar furnishes the following statistics under this head :—

Bullocks and cows	55,968
Buffaloes	4,332
Sheep and goat	57,196
Horses and ponies	300
Donkeys	916
Chakra carts	2,208
Waddar carts	2,410

16. *Soils.*—The prevailing soil in dry-crop lands in the eastern half of the taluk bordering on T. Narsipur and Chamrajnagar taluks is generally rich, black soil being predominant. The soil in dry crop lands in the western half is generally red and also fairly good though not so rich as the soils in the eastern half of the taluk. Gravelly soils are frequently met with, and sand is present in a greater or less degree in all lands. The soil of wet lands under channels and tanks is generally good, the principal faults being karral in black soils and sand in red loam.

17. *Crops.*—In the eastern half of the taluk, jola is the staple dry crop, and ragi is grown in small quantities here and there. In the western half ragi and jola change places, the former becoming the staple crop and the latter being found in patches here and there. Dry crops, such as jola, ragi, haralu, togari, avare, hessaru, uddu, kudli, alasandi, menthya, kothumbri, yellu, huchellu, save, navane, harali, &c., are grown in the usual manner. Mulberry is also grown to a small extent, in black soil, without irrigation as in Chamrajnagar and T. Narsipur. Rice of an ordinary kind is grown under the river channels and tanks. There is very little sugar-cane cultivation in the taluk. There are not many gardens Cocoanut gardens are found here and there, and to a fairly large extent in Kalale and Nanjangud villages. Plantains, panval and a few areca trees are grown in small patches of gardens. Small patches of vegetable gardens are also met with in many villages, the produce of which is generally bartered for grain. In some lands irrigated by the Kapila channels, a few cocoanut trees are found, but the excessive irrigation for the rice crop below has nearly killed the trees; and they are being gradually cut down as the occupants of the land find rice crop more remunerative than cocoanut trees.

18. ***Manure.***—The manure chiefly used for dry crop lands is made up of cattle droppings and ashes, &c. The same is also used for rice lands. The raiyats are just beginning to raise, in lands below channels, crops of green and black gram, the leaves of which are again ploughed up and mixed with the soil

to serve as manure. They, however, do not yet fully understand the mode of wet cultivation in channel lands, as such cultivation on a large scale has only just been begun there.

19. *Roads and Communications.*—A glance at the map of the taluk shows that it is fairly provided with roads. There are two roads maintained from Provincial Funds: one runs north to south from Mysore to Ootacamund, *via* Nanjangud, and the other from Mysore to Hasanur ghat *via* Nanjangud and Chamrajnagar. These two roads are in good condition. The other roads in the taluk are maintained from Local Funds.

20. One of them runs from Nanjangud to T. Narsipur passing through the eastern villages of the taluk. It taps the villages where the new channel extension to the south of the river has been effected, and is in fair condition. Another connects Nanjangud with Hullahalli and runs on to Hura; the former is in fair condition, and the latter is a mere cart-track, the mile and furlong stones being the only sign by which one can recognize it as a made road. It is necessary that it should be brought up to standard and extended southward to join the Begur-Sargur road.

21. The third branches off from the Mysore-Chamrajnagar road at the 11th mile to Yelandur and Kollegal, touching the important market of Santemarahalli. It is a fair weather road, and leading as it does to the most important market in the locality, it may with great advantage be improved and bridged.

22. The fourth is a small bit of Sargur-Begur road which passes through a few villages in the south-west corner of the taluk, and is in fair condition.

23. There is also railway communication between Mysore and Nanjangud.

24. A road connecting Hura direct with Nanjangud, tapping the important villages of Valagere and Ambale, where gold mining industry has made a good beginning, will be of great value not only to the gold mining industry but also to several villages in the neighbourhood. There is already a fair weather cart-track which is made use of for carrying surplus produce and firewood to Mysore, with great difficulty, especially in the rainy season.

25. *Markets.*—Two weekly markets are held, one in the sarva Inam Ganaganur village in Tayur hobli and the other at Hura. They are, however, not very important. Santemarahalli in Chamrajnagar taluk on one side, and Mysore on the other, are the principal markets for the disposal of the surplus produce of the taluk.

26. Large fairs are held thrice a year at Nanjangud, in the annual car festival, Karthika car festival and Girijakalyana of the celebrated Srikanteswaraswami, besides the monthly ordinary car festivals on full moon days. There is also a large gathering of people for festivals known as Sivarathri and Andhakasurasamhara. Several thousands of people from all the surrounding taluks and from other parts of the Province visit the temple on these occasions; and during the Dasara, when people resort to Mysore to enjoy the festivities in the capital, take advantage of their visit to Mysore, to visit this sacred place also.

27. A car festival is held in March or April, in connection with the Lakshmikanthaswami temple at the Kalale village. Besides the above, festivals known as Mari jatras are held in almost all the important villages in the taluk after the harvesting season is over.

28. *Manufactures and Industries.*—There is nothing of importance in the shape of manufactures. Coarse cloths and cumblies are made in small quantities

for the use of the poorer classes here and there; but the bulk of the cloth required even for the poorer classes is imported from outside. These are generally machine-made goods.

29. There are two gold mining blocks in the taluk, known as Ambale and Valagere blocks. The former was taken up only last year and the latter in 1882. Work has been begun in both the blocks. As the quartz found seems to be of a promising nature, the industry seems to have a bright future before it. If it proves a success, it will, no doubt, add to the prosperty of that part of the taluk.

30. Limestones are found in large quantities in Kalale and other hoblis. They are burnt and removed to Bangalore and other places in large quantities by rail.

31. *Imports and Exports.*—No accurate statistics of the trade of the taluk appear to have been kept. The principal exports are jola, ragi, paddy and other food grains. Salt, piece-goods, sugar, jaggory, kerosine oil, cotton, dry cocoanuts and arecanuts, &c., are the chief articles imported. Most of the imports come from Mysore, and the exports are taken to the markets mentioned in para 25.

32. *Weights and Measures.*—The kandy measure current in the taluk is of 100 seers of 80 tolas each. The weights in use are the same as in other taluks, *viz.*, a seer contains 24 tolas and a maund contains 40 seers.

33. *Wages.*—An agricultural man-cooly gets when rice is being cut from five to eight measures of paddy a day, and when cash is paid, he gets from three to five annas a day. Female coolies get from two to three annas a day. Skilled labor commands higher wages in proportion to the above.

34. *Sub-letting.*—Lands wherever sub-let are on the usual *wara* or half share tenure; the landlord and the tenant share in the gross produce of the land, the former generally paying the Government dues. Rice lands under the new channels are still sub-let generally on *wara* tenure, as the lands have not yet been thoroughly brought up to the required wet cultivation standard. A few superior lands, situated in convenient and favorable localities, are sub-let for fixed payments of grain, the rate varying from 5 to 10 kandis of 100 seers of paddy per kandi of rice land, containing about two acres. This cannot be taken as the standard quantity of *Gutta* for wet lands under channels, for reasons already stated.

35. *Prices.*—The prices of grain given by the Amildar are as follows:—

Rice	...	9	seers a	rupee
Ragi	...	26	do	do
Jola	...	26	do	do
Gram	...	25	do.	do

36. *Remuneration of Village Servants.*—The patels get no remuneration whatever in the taluk, either in the shape of inam lands or ready money grant or *aya* from raiyats. A small sum of Rs. 27-9-1 is distributed among the shanbhogs of the taluk, as pay, in small sums varying from Re. 0-1-11 to Rs. 1-12-0 per mensem. They get from raiyats *masikanike*, besides, varying from four annas to one rupee per annum from every kandayam-paying raiyat inhabiting the villages, and also some grain, about which there is no fixed rule.

37. Totis who are known here as *chakras* hold inam lands and get aya in kind from raiyats, who are, however, not very punctilious in paying it.

38. *Rates of Assessment.*—The rates of assessment prevailing in the taluk, as reported by the Amildar and as found for numbers tested, are given below.

As furnished by the Amildar.

Hoblis.	Dry crop per acre.						Rice per acre.						Garden per acre.					
	From.			To.			From.			To.			From.			To.

39. The average found at test, for test numbers, is admittedly more accurate than the figures supplied by the Amildar. Although the area covered by the figures from which the above averages are deduced, is not very large, yet they are accurate so far as they go.

40. *General Remarks.*—Nanjangud is so called after the celebrated important temple dedicated to Nanjundeswara, which is situated in the head-quarters of the taluk. A large number of pilgrims visit the shrine. The place is thus one of considerable importance, and is, besides, a good market for the agricultural produce of the taluk. The head-quarters, however, is not so healthy as it should be. Its drainage is defective and source of water-supply not quite free from pollution. There is also no accommodation for the large number of people that flock to the place on festive occasions. The result is, epidemics break out very frequently. Latterly pipes have been laid down and water let into them for the use of the people; but until the drainage is improved and accommodation provided for the people resorting to the place, the place will continue, as it is, a hot bed of disease and a centre from which epidemics are disseminated to surrounding places.

41. *Conclusion.*—There are a few villages (noted in the margin) of the Hura hobli, situated to the south of the Suragur-Begur road, that require special consideration in grouping them. They have large tracts of jungle about them. They contain very few houses, greater portion of the lands being used for grazing purposes. The climate is unhealthy and is subject to regular outbreaks of fever during winter. They have no communications or

1. Hadanur-Vadayanapur.
2. Naganapura.
3. Ballur.
4. Nanjahalli.
5. Kodakallu.
6. Bankahalli.

important markets in the vicinity for the ready disposal of their produce as in other parts of the taluk.

With this exception, the taluk is, on the whole, considered to be a healthy one. The inhabitants are well-to-do. The villages are large and thickly populated. The style of their houses, the mode of their living and dressing create a very favorable impression in regard to their material condition and general prosperity. This is especially the case with the villages in the eastern half of the taluk. The extension of railway to the head-quarters, the construction of the two important channels of the Kapila, the existence of bridges over the Kapila and Gundal rivers near Nanjangud, and its close proximity to the capital of the Province affording a ready market for their surplus produce, and its connection with other bordering taluks and important markets by fairly good roads, &c., have, in my opinion, made the taluk more prosperous than the adjoining taluks of Heggaddevankote, Gundlupet and Chamrajnagar.

42. The taluk map has already been submitted to the Superintendent's office with vernacular yadi No 4 of the 5th instant.

No. 8435-6—R. 3736, DATED BANGALORE, 17TH MAY 1899.

ORDER THEREON.—The subject having been dealt with at length in the Survey Superintendent's reports read above, it is unnecessary to enter into the details of the proposed settlement.

2. According to survey, the total area of the whole taluk, including inam villages and minor inams in Government villages, is 247,822 acres, of which 121,754 acres represent Government occupied lands assessed, according to the rates now proposed, at Rs. 1,47,352.

3. The maximum rates proposed for the dry, wet and garden lands compare as shown below with the rates sanctioned for the adjoining taluks of T. Narsipur and Chamrajnagar :—

Groups of villages.	No. of villages in each group.			Maximum dry rate.			Maximum wet rate.						Maximum garden rate.		
							Ordinary			Channel.					
	Nanjangud.	T. Narsipur.	Chamrajnagar (portion)	Nanjangud.	T. Narsipur.	Chamrajnagar (portion)	Nanjangud.	T. Narsipur	Chamrajnagar (portion)	Nanjangud	T. Narsipur	Chamrajnagar (portion)	Nanjangud.	T. Narsipur.	Chamrajnagar (portion).
				Rs a p.	Rs. a. p.	Rs. a. p.	Rs.	Rs a. p.	Rs	Rs.	Rs. a. p.	Rs.	Rs	Rs.	Rs
I	86	8	46	1 14 0	2 4 0	2 4 0	8	8 0 0	8	9	9 8 0	9	10	10	12
II	19	26	12	1 12 0	1 12 0	1 14 0	8	8 0 0	8	9	9 8 0	9	10	10	12
III	39	42	70	1 10 0	1 8 0	1 8 0	8	8 0 0	7	9	9 8 0	9	10	10	12
IV	21	25	4	1 6 0	1 6 0	0 12 0	6	7 8 0	7	9	9 8 0	9	10	10	12

4. The proposed average rates compare with the average rates under the old system of assessment as indicated below :—

	Old rates. Rs. a. p.	Proposed rates. Rs. a. p.
Dry	... 0 11 5	0 13 6
Rice	... 3 1 2	Channel ... 5 3 9
Rice and garden combined	... 2 11 6	Ordinary.. 4 0 8
Garden	... 1 10 5	2 13 9

5. The average rates proposed for the Nanjangud taluk, compare as follows, with those in the adjoining taluks of T. Narsipur and Chamrajnagar :—

Taluk.	Dry rate.	Wet rate.		Garden rate.
		Ordinary.	Channel.	
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Nanjangud	0 13 6	4 0 8	5 3 9	2 13 9
T. Narsipur ..	0 13 4	3 7 8	6 8 9	3 11 7
Chamrajnagar ..	0 13 10	3 10 6	5 2 6	3 15 2

The rates proposed by the Survey Superintendent are extremely moderate. Indeed for dry land, somewhat higher rates than those proposed would be perfectly justifiable, but the Government decide to adopt the rates proposed by the Survey Superintendent, which, if anything, err on the side of moderation, and give an average rate per acre of Re. 0-13-6, which is nearly the same as that for the neighbouring taluks of T. Narsipur and Chamrajnagar.

6. As regards the lands under the new channels, the Government are satisfied with the proposed average rate per acre of Rs. 5-3-9 as compared with Rs. 6-8-9 in T. Narsipur. It is a reasonably moderate rate, and will be accepted with complete satisfaction, though this kind of cultivation has only been very recently introduced into the taluk.

7. The realizations from grazing amounted in 1893-94 to Rs. 1,552, and no increase is anticipated under this head. The amount of local cess collected in 1893-94 was Rs. 9,285, while under the proposed settlement it will come to Rs. 9,820. Exclusive of grazing realizations and local cess, the land revenue collections for 1893-94 and 1897-98 amounted to Rs. 1,12,707 and Rs. 1,25,711, respectively, while the assessment of the occupied lands under the proposed settlement is Rs. 1,47,352, showing an increase of Rs. 34,645 * over the collections of 1893-94 and of Rs. 21,641 over the collections of 1897-98. Deducting from these, Rs. 3,237 on account of contribution to Irrigation Fund and Rs. 9,000 on account of remuneration to village officers, the net increase in land revenue on Government occupied lands is Rs. 22,408 over the collections of 1893-94 and Rs. 9,404 over the collections of 1897-98.

* Not Rs 36,279 as stated in para 26 of the Survey Superintendent's letter No. 460, dated 20th January 1899.

8. With the foregoing observations, sanction is accorded to the introduction of the proposed settlement into the Nanjangud taluk with the usual guarantee of 30 years.

9. The attention of the Deputy Commissioner is invited to the recommendation of the Survey Superintendent regarding the improvement of the Kowlandi-Santemenhalli road, which deserves early consideration.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioner, Mysore District.

FINANCIAL

Proceedings of the Government of Mysore.

READ—

Letter No. 169, dated the 10th May 1899, from the Secretary to the Mysore State Life Insurance Committee, soliciting orders for amending question 7, in Insurance Forms Nos. 1 and 2, in the statement of questions to be answered by the proposer before the Medical Officer, by the insertion of the words "or accepted with a penalty" after the word "rejected" in line 1 of the question.

No. 8573—FL. 1035, DATED BANGALORE, 25TH MAY 1899.

ORDER THEREON.—The proposed additions are approved. The question as now amended will be as stated below:—

"7. Was your life ever before rejected or accepted with a penalty by the "State Insurance Committee or by any and what Insurance Company?"

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Mysore State Life Insurance Committee.

READ—

Letter No. 1390—7, dated 3rd February 1899 and despatched on 24th March 1899, from the Secretary to the Mysore State Life Insurance Committee, submitting a report on the working of the Life Insurance Scheme for the official year 1897-98.

From the Secretary to the Mysore State Life Insurance Committee, Bangalore, to the Secretary to the Government of Mysore, General and Revenue Departments, No. 1390-7, dated 3rd February 1899.

SIR,

I am directed to submit the following report on the working of the Mysore State Life Insurance scheme for the year ending 30th June 1898.

2. During the year under report 46 old officials submitted their proposals for insurance and there still remain 2,254 of them uninsured according to the statistics prepared in 1891-92. These have lost the privilege of insuring their lives as the time allowed by the Government Notification No. 3946—Fi. 213, dated 25th October 1895, expired on 30th June 1897. The Committee have however resolved with the approval of Government conveyed in Proceedings No. 7206—R. F. 161 92, dated 1st February 1898, to entertain proposals for insurance received within one year from the date of above order from those officials whose pay has been raised to Rs. 10 and above after the introduction of the Insurance Scheme.

As particularised in the margin 1,130 proposals had to be disposed of during the year. A comparative statement of proposals received and disposed of during the past 7 years is appended (*vide* Appendix I). From this it will be observed that the business done during the year was more than double in any one of the previous years. The great influx of proposals was due to the introduction of a certificate in the pay bills of officers and their establishments whereby all those officials who have been hitherto delaying insurance were compelled to send in their proposals promptly.

	Rs.
Pending disposal at the close of the previous year	63
Received from old officials .	46
From new officials ...	592
For further insurance	429
Total .	1,130

4. Appendix II exhibits the manner in which the 1,130 proposals, alluded to in para 3, have been disposed of. Of the 902 policies issued during the year, 4 as detailed in the margin were cancelled, besides policy No. 1948 issued in the previous years. The sum assured on the remaining 898 policies is Rs. 4,62,112 and the premia recoverable thereon is Rs. 1,636.

No	Bonus	Premium.	Cause
	Rs.	Rs a p.	
3528	1,235	5 0 0	Temporary promotion
2662	568	2 0 0	Owing to death of party before taking delivery.
2190	295	1 0 0	Unwilling to produce medical certificate
2509	71	0 8 0	Owing to party's ill health.
1948	175	1 0 0	Unwilling to accept reduced bonus.
5	2,345	9 8 0	

5. Appendix III exhibits the lives accepted according to different ages and Appendix IV the amount of business done in different districts during the year as compared with the year previous.

6. The receipts during the year including the opening balance and the interest at $3\frac{1}{2}$ per cent amounted to Rs. 3,34,807-8-8 and the expenditure as per abstract in the margin to Rs. 12,265-11-4, leaving a balance of Rs. 3,22,541-13-4 in favor of the fund at the close of the year. The percentage of gross expenditure to the income of the year was 3·663 and that of office establishment and contingencies alone was 1·831 (*vide* Appendix 5).

	Rs. a. p.
Establishment charges	1,671 9 10
Contingencies	118 9 6
Bonus paid	10,475 8 0
Total	12,265 11 4

7. Among the insured five persons are reported to have died during the year as detailed below. This brings the total number of deaths from the commencement to 39, the claims arising in consequence was Rs. 52,327-4-0 of which Rs 42,417-4 0 has been paid up leaving Rs. 9,910 unpaid pending formal application from the heirs of the deceased (*vide* Appendix VI).

No.	Name of deceased.	Policy No	Bonus payable	Amount of premia recoverable.	Age at death.	Cause of death.
1	Chilavuya ...	1759	2,3 0	16 8 0	41 4 1	
2	K. Hanumantha Rao ...	70	389 0	101 5 7	39 0 8	
3	D. Bhujanga Rao ...	332 & 961	1,450 0	227 8 0	29 1 9	Fever.
4	Doraswmi Mudaliar	212	454 0	297 0 0	46 10 8	Concussion of the brain.
5	Krishnappa	493	405 0	61 0 0	26 0 10	

8. During the year under report besides the five policies cancelled as detailed in para 4, four persons have discontinued payment of premia owing to dismissal from service and other causes, and their cases have been brought under Rules 10 and 26. Exclusive of all the policies that have lapsed owing to death and other causes and those that have not been claimed in time and pending re-issue, there remain on the books of this office on 1st July 1898, 2,935 effective policies held by 1,949 individuals assuring in the aggregate Rs. 22,19,820-12-0 and realising a monthly premia of Rs. 8,417-8-0 (*vide* Appendix VII).

9. The accounts of the year were audited and found correct by Mr. T. Sathiaraja Chettiar, Account Probationer in the Comptroller's office and M. R. Ry. Annamalai Mudaliar an Accountant in the office of the Examiner, Public Works Department and Railway Accounts, and their report has been recorded.

10. During the year the Committee held four meetings for the discussion of doubtful points in connection with the disposal of proposals and other business. Mr. V. P. Madhava Rao resigned his seat on the Committee during the year.

11. A valuation of the assets and liabilities of the Insurance Fund up to end of June 1897 was made by Actuary Mr. James Meikle of Edinburgh whose report is now with the Government.

I have the honor to be,

Sir,

Your most obedient servant,

E. R. SUBRAYER,

Secretary, Insurance Committee.

No. 8600—R. F. 101-93, DATED BANGALORE, 26TH MAY 1899.

ORDER THEREON.—Including the balance of 63, there were for disposal 1,130 proposals, of which 902 were accepted and 98 rejected during the year under report, leaving a balance of 130 proposals pending disposal at the close of the year. The large increase in the number of proposals received, which was more than double the number for 1896-97, was the effect of the system introduced whereby a certificate as regards insurance is required to be attached to pay bills.

2. The time allowed to the old officials for insuring their lives having expired on the 30th June 1897, a large number of them, about 2,254, lost the opportunity of insuring their lives.

3. Four policies were cancelled owing to death, &c., of the insured before taking delivery of the same and the bonus payable on the remaining 898 policies amounted to Rs. 4,62,112 against Rs. 2,60,245 on 437 policies issued in the year previous, the premium payable thereon being Rs. 1,636 and Rs. 899-8-0, respectively.

4. The number of effective policies, both for first and further insurance, held at the close of the year by 1,949 individuals was 2,935, the monthly premium and the amount of bonus payable thereon being Rs. 8,417-8-0 and Rs. 22,19,820-12-0, respectively.

5. There were only 5 casualities against 13 in the previous year, the amount of bonus payable being Rs. 2,981 against Rs. 23,192-8-0. The total number of deaths up to the close of the year was 39, the amount of premia paid and the bonus payable amounting to Rs. 7,803-9-11 and Rs. 52,327-4-0, of which latter Rs. 9,910 still remained to be paid.

6. The gross receipts and expenditure of the year were Rs. 3,34,807-8-8 and Rs. 12,265-11-4, respectively, against Rs. 2,49,861-10-1 and Rs. 12,796-12-4 in 1896-97. The percentage of expenditure to the income was 3·66.

7. The balance at the credit of the Insurance Fund at the close of the year was Rs. 3,22,541-13-4 against Rs. 2,37,064-13-9.

8. The Actuary's Report on the valuation of the assets and liabilities of the Insurance Fund is under the consideration of Government.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

FOREST

Proceedings of the Government of Mysore,

READ—

Letter No. 2793—167, dated the 24th February 1899, from the Conservator of Forests in Mysore, submitting for sanction the budget estimates of receipts and expenditure of the Khedda Department for the year 1899-1900.

No. 7974-5—Ft. F. 52-95, DATED BANGALORE, 2ND MAY 1899.

ORDER THEREON.—The total receipts are estimated at Rs. 22,000, and the expenditure at Rs. 25,000.

2. A sum of Rs. 11,550 has been provided under expenditure for the up-keep of elephants, of which Rs. 8,300 are an aggregate of sums under several sub-heads. This provision for a small capture, as proposed, may be retained to meet either of the following contingencies, *viz.* :—

1st. The possibility of a herd or part of a herd walking into the khedda, as has happened before and being then secured by the ordinary establishment.

2nd. An organized capture for purposes of sport in connection with the visit of a distinguished State guest. Such an organized capture will, of course, not be undertaken except with the express previous sanction of the Government.

3. With the foregoing observations, the item in question will be allowed to stand and the budget estimates are passed and forwarded to the Comptroller for incorporation in the Provincial budget.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Comptroller, Mysore Government with budget statement.

Letter No. 2061—123, dated the 19th December 1898, from the Conservator of Forests in Mysore, submitting for orders papers regarding the purchase of Garga kaval in the Chitaldrug district from Mr. K. Shamaiengar, late Khedda Superintendent.

2. Letter dated 26th December 1898, from Mr. K. Shamaiengar, requesting that early orders may be passed in the matter.

3. D. O. letter dated 23rd January 1899 from Mr. J. L. Pigot, Conservator of Forests in Mysore, furnishing his opinion on the above.

No. 8120—Ft. F. 27-98, DATED BANGALORE, 6TH MAY 1899.

ORDER THEREON.—The Garga kaval consists of six survey numbers and is 2,135 acres and 33 guntas in extent bearing an assessment of Rs. 535. It is a connecting link between Nirthadi Forest already reserved and the Holalkere block, the reservation of which is under contemplation.

Survey No.	A.	g.	Assessment. Rs.
1	386	4	97
2	352	25	88
3	522	12	131
4	423	39	106
5	250	26	63
6	200	7	50
Total	2,135	33	535

2. In 1884 these lands were applied for by one Tirumalachar, agent of Mr. Shamaiengar, on *trijoy tenure*; after the usual preliminaries, the sale was held in August 1885, and the lands were knocked down to one Nanjundaiya for Rs. 350. A few days after the sale, one sahukar Adivappa applied for these lands on full assessment; Nanjundaiya also applied, but only for Nos. 4, 5 and 6 on full assessment. The lands were accordingly resold in September 1885 for Rs. 32 to one Mallaiya, Adivappa's agent, and about 400 or 500 teak trees on the hills were reserved for Government, the rest being sold

Letter No. 2061—123, dated the 19th December 1898, from the Conservator of Forests in Mysore, submitting for orders papers regarding the purchase of Garga kaval in the Chitaldrug district from Mr. K. Shamaiengar, late Khedda Superintendent.

2. Letter dated 26th December 1898, from Mr. K. Shamaiengar, requesting that early orders may be passed in the matter.

3. D. O. letter dated 23rd January 1899 from Mr. J. L. Pigot, Conservator of Forests in Mysore, furnishing his opinion on the above.

No. 8120—Ft. F. 27-98, DATED BANGALORE, 6TH MAY 1899.

ORDER THEREON.—The Garga kaval consists of six survey numbers and is 2,135 acres and 33 guntas in extent bearing an assessment of Rs. 535. It is a connecting link between Nirthadi Forest already reserved and the Holalkere block, the reservation of which is under contemplation.

Survey No.	A.	g.	Assessment. Rs.
1	386	4	97
2	352	25	88
3	522	12	131
4	423	39	106
5	250	26	63
6	200	7	50
Total ...	2,135	33	535

2. In 1884 these lands were applied for by one Tirumalachar, agent of Mr. Shamaiengar, on *trijoy tenure*; after the usual preliminaries, the sale was held in August 1885, and the lands were knocked down to one Nanjundaiya for Rs. 350. A few days after the sale, one sahukar Adivappa applied for these lands on full assessment; Nanjundaiya also applied, but only for Nos. 4, 5 and 6 on full assessment. The lands were accordingly resold in September 1885 for Rs. 32 to one Mallaiya, Adivappa's agent, and about 400 or 500 teak trees on the hills were reserved for Government, the rest being sold

along with the lands as they were reported to be only fit for fuel purposes. In November 1888, these lands were transferred to one Tirumalachar's name. The conditions of the transfer and the consideration paid for it are not known. The transfer was confirmed by Amildar Kesavaiengar.

3. On the motion of Mr. Shamaiengar that he would sell his kaval to Government, Mr. K. Srinivasa Rao, Assistant Commissioner at Davangere, inspected the lands and reported that the acquisition of the lands was necessary for the following reasons :—

(1) Three large feeders of the Holalkere tank pass through this kaval and the water-supply in the tank has completely failed since the kaval had been given out;

(2) The reservation of trees in the drainage area of these feeders is likely to improve the water-supply of the tank;

(3) The situation of the kaval close to the State Forest necessitates its absorption into it; and

(4) It is near the railway station. Mr. Srinivasa Rao proposed that Rs. 9 per acre might be given.

4. In agreeing with Mr. Srinivasa Rao in the desirability of acquiring the kaval the Deputy Commissioner, Chitaldrug, stated that Rs. 9 an acre seemed too high and that between Rs. 6 and 8 an acre would be nearer the mark for valuation purposes.

5. Colonel Campbell Walker, the late Conservator of Forests, recommended the acquisition of the kaval and its constitution into a State Forest provided that it could be obtained for Rs. 7 an acre, or Rs. 15,000 in all, and that it was absolutely unencumbered with any private rights except those of way.

6. Mr. Shamaiengar, in his letter dated 26th December 1898, states that as he took objection to the rate of Rs. 8 fixed by the panchayetdars, the matter was referred to Mr. Srinivasa Rao, who, after inspecting the kaval, fixed the rate at Rs. 9 per acre, and that he is not therefore willing to sell the kaval at Rs. 7 an acre.

7. The present Conservator, Mr. Pigot, is also in favor of acquiring the kaval; but is not for paying at Rs. 9 or 10 an acre. He proposes Rs. 7 an acre or Rs. 15,000 in all, and states that if Mr. Shamaiengar is not willing to part with the property, it should be acquired under the Land Acquisition Act.

8. Considering the circumstances of the case, Government observe that the original sale of this kaval for a very trifling sum was a great mistake which reflects discredit upon the Local Revenue Officers of the time.

9. Seeing that the sale of 1885 was for Rs. 32, that the teak trees are reserved to Government, and that the owner has not invested money in special improvements of any kind, the Government are of opinion that Rs. 15,000 recommended by the Conservator of Forests is a very liberal price, possibly a price far above the market value. But in order to avoid the procedure of compulsory acquisition, the Government are willing to buy the lands for Rs. 15,000.

10. Mr. Shamaiengar may be informed that the Government are willing to buy the lands *free of all encumbrances* for Rs. 15,000 if the sale is completed within the 25th May 1899, after which date, the offer must be regarded as cancelled. The Government are not prepared to pay a larger sum for the lands, and the offer of Rs. 15,000 now made is without prejudice to any proceedings under the Land Acquisition Act.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore, returning the original enclosures.

READ —

The following letter No. 2842—173, dated the 27th February 1899, from the Conservator of Forests in Mysore, to the Secretary to Government, Revenue and General Departments.

I have the honor to forward in original for information and for such orders as Government may see fit to pass, a communication from Mr. A. G. R. Theobald, Sub-Assistant Conservator in charge of the Hunsur Forest Range, protesting against certain remarks contained in para 5 of the Memo of Inspections in the Mysore district, written and circulated by my predecessor. A copy of the memo is enclosed.

2. The sentence objected to by Mr. Theobald should be read with the preceding portion of para 5 and with the first sentence of para 4. I do not understand Colonel Walker's intention to have been to specially attribute to Mr. Theobald dereliction of duty in the matter referred to, but rather that he desired to draw attention to and to prohibit a most objectionable practice not unknown in this State and not very long since suppressed in Coorg.

3. Mr. Theobald's representation is not couched throughout in sober language; but I am not disposed to look closely into that because, as it appears to me, he has grounds of complaint in a matter personal to himself. While unwilling to criticise my predecessor's action, I feel constrained to submit that even admitting the expediency of discussing such a subject in a widely circulated printed memorandum, an officer should not have been in any way connected by name or as holding an office with so objectionable a proceeding except upon very sure grounds and after careful enquiry.

4. I do not consider it necessary, so far as Mr. Theobald is concerned, to enter upon the investigation suggested in para 6 of his letter, although the subject generally has already attracted and will occupy my attention. I propose to withdraw the memorandum, to re-circulate it after the deletion of the passage complained of and to inform Mr. Theobald that I do not attribute to him personally the mal-practice in question. As Mr. Theobald, however, is a gazetted officer of Government, I think it right to submit the matter formally for orders before so doing.

---

2. Letter No. 3891—234, dated the 13th May 1899, from the same officer, reporting on the practice which prevailed in the preparation and assortment of sandalwood at Hunsur at the time of Colonel Campbell Walker's inspection in November 1898.

No. 8662-90—Ft. F. 1-95, DATED BANGALORE, 27TH MAY 1899.

ORDER THEREON.—The Government agree with the Conservator of Forests in thinking that no personal insinuation was intended, but that an objectionable practice prevailing in the Hunsur koti was animadverted upon by Colonel Campbell Walker without any personal reference to Mr. Theobald. This will be explained to Mr. Theobald by the Conservator.

C. SREENIVASIENGAR,

PETITION

Proceedings of the Government of Mysore,

Appellant.		Respondent.
Sibi Doddaiya.	*versus*	Narsappa.

READ—

Petition of appeal No. 169—A. 4 of 1898-99, presented by Sibi Doddaiya of Hariyappanhalli village, Tumkur taluk, against the Deputy Commissioner's order confirming the sale of S No. 122 of Brahmasandra village in the appellant's holding, for arrears of revenue.

(2) Records of the case received with letter No 274, dated 30th September 1898, from the Deputy Commissioner, Tumkur district.

The land revenue due by the appellant on his share of S No. 122 (3 acres and 19 guntas—Rs 5), having fallen due, a notice of demand for Rs. 2-4-4 was, on 16th May 1897, served on him. As the arrear continued unpaid, the land S. No. 122 was declared forfeited on 1st July 1897 by the Taluk Sheristadar on behalf of the Amildar. The notice of sale was published on 10th July 1897, a copy being served on the appellant's son, and the land was sold on 13th August 1897 to the respondent who is the father of the village shanbhog for Rs. 2-13-0. The sale was confirmed by the Deputy Commissioner on 14th September 1897 and on 18th December 1897, the appellant complained to the Deputy Commissioner that the acknowledgment of the service of the notice of demand was a forgery by the patel; that the sale proclamation was not properly published; that the shanbhog who possessed a half share in the land S. No. 122 fraudulently brought about the sale in order to purchase the entire survey number and that the existence of date trees and salt-pans on the land was not noted in the sale patti and jafti patti.

2. The Amildar, to whom the petition was referred for report, stated that there was no reason to disbelieve the patel who swore to having served the notice of demand on the appellant and that no mention of the date trees and salt-pans was made in the sale proceedings, as the salt-pans were reserved in 1892 when the land was given out for cultivation and as the date trees stood on the same spot as the salt-pans. Thereupon the Deputy Commissioner declined, to cancel the sale as there was no irregularity in the sale proceedings and as the appellant had not complained within 30 days of sale. Hence this second appeal to Government.

No. 8022-9—PET. F. 83-98, DATED BANGALORE, 3RD MAY 1899.

ORDER THEREON.—Government observe that the land assessed at Rs. 5 has not fetched even this amount at the auction. The declaration of forfeiture of the holding by the Sheristadar is unauthorized (*vide* Proceedings of Government No. 5768-75—P. F. 55-98, dated 22nd February 1899), and the sale is vitiated thereby and must therefore be set aside.

2. The appellant will be allowed to pay the arrears due forthwith, and, on default, the necessary steps will be taken to recover the sum according to law. It is reported that there are many date trees on the land in dispute and it does not clearly appear either from the proceedings or proclamation of sale, what, if any, reservation was made thereof. The Deputy Commissioner's attention will be drawn to this matter with a view to needful orders being issued.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Tumkur District, with records.
The Deputy Commissioners of other Districts.

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ —

(1) Government (Public Works) Circular Order No. 32, dated 16th April 1886, directing the transfer (with the proportionate mileage allotments provided in the Annual Public Works Budgets) of portions of through Provincial Roads lying within municipal limits, to the Municipalities concerned, for maintenance.

(2) Public Works Secretary's Note, dated 26th March 1898, recommending the re-transfer to the Public Works Department of the above roads, on account of their serious deterioration, due in great measure to Minor Municipalities not having the required staff for proper supervision, &c.

No. 389-401—2211-23, DATED BANGALORE, 2ND MAY 1899.

ORDER THEREON.—The re-transfer of Provincial Roads to the Public Works Department for maintenance, as recommended by the Chief Engineer, is approved, with effect from 1st July 1899.

2. The contributions hitherto given to the Municipalities concerned, for the maintenance of these roads, will accordingly cease from 1899-1900.

D. McNEIL CAMPBELL, COL.,
Secy. to the Govt. of Mysore, P. W. D.

To—The Superintending Engineers of Circles.
The Deputy Commissioners of Districts.

READ—

Western Circle Superintending Engineer's No. 74 of the 7th January 1899, forwarding Shimoga Division Executive Engineer's No. 429 of the 14th December 1898, recommending that an allowance of Rs. 50 be sanctioned to Sub-Assistant Engineer Mr. K. Ponnappa, who has been placed in charge of the Honnali Range, as he has to travel in four taluks and maintain extra establishment for the efficient discharge of his duties.

2. Public Works Secretary's note, dated 28th January 1899, representing the necessity that occasionally arises for putting temporarily a Sub-Assistant Engineer or an upper subordinate in charge of a "Range," which entails on him much more additional work, travelling and responsibility, than pertains to his position, as a Range consists of two or more sub-divisions; and stating that, it is nothing but fair that when the exigencies of the service render it necessary to have an officer or subordinate below the rank of Assistant Engineer, put temporarily in charge of a Range, he should be given a Range allowance, to be fixed at Rs. 50 per mensem, as a remuneration for the increased responsibility, &c., and that a rule to this effect may be introduced and inserted in the Mysore Service Regulations, for future guidance in all such cases.

No. 451-7—2584-90, DATED BANGALORE, 27TH MAY 1899.

ORDER THEREON.—Government approve of the Range allowance proposed in the above being granted to officers or subordinates below the rank of Assistant Engineers, when placed in charge of Ranges.

II. The allowance recommended to Sub-Assistant Engineer Mr. K. Ponnappa, is sanctioned.

III. The Comptroller will be requested to insert in the Mysore Service Regulations, a rule to this effect, as suggested in the note read above.

The Secretary to Government, General and Revenue Departments.
The Comptroller of Mysore, for information and obliging attention to para III.

READ—

Letter No. 785, dated 10th February 1899, from the Examiner, Public Works Accounts, requesting to fix a percentage at which charges for tools and plant should be made to the several Funds from which grants are placed at the disposal of the Public Works Department, as in the absence of such a fixed percentage, the charges under this head are debited generally to Provincial, and some to District Funds, while no debit is made to other funds.

2. Public Works Secretary's Note dated 23rd idem, on the above.

No. 482-508—2640-66, DATED BANGALORE, 29TH MAY 1899.

ORDER THEREON.—There appears to be no reason why all the Funds and Departments concerned (except the Imperial Cemetery Works Budget, which already pays a high rate of 25 per cent for establishment), should not bear their fair share of the outlay on tools and plant. Public Works Code, Volume II, Chapter IV, para 147, clause iv, quoted by Examiner, fixes the charge for use of tools and plant at $1\frac{1}{2}$ per cent on outlay on works and repairs; but that would be too high a rate for this Province, in which the contract system obtains to a large extent, and in consequence the yearly outlay under tools and plant is comparatively small. In these circumstances, Government approve of the Public Works Secretary's proposal to fix a rate of $\frac{1}{2}$ per cent for all the Funds and Departments concerned (except the Imperial Cemetery Works Budget), and to debit the balance of outlay on tools and plant to "Provincial," the rate for which will be approximately $\frac{3}{4}$ per cent.

2. The Palace Budget will, of course, as hitherto, continue to be exempted from this charge, as a special case.

3. The above arrangement will be adopted from the beginning of 1899-1900.

GEOLOGICAL

Proceedings of the Government of Mysore,

No. 233 M.—1898-99, dated Bangalore, 15th May 1899.

With reference to Government Notification No. 161 M.—1898-99, dated the 3rd February 1899, publishing the draft of certain amendments proposed to be made in the Rules under the Mysore Explosives Regulation II of 1888, the Government of Mysore are pleased to direct that the following amendments be made in the Rules :—

Rule 18 (1). Instead of the words "and the site thereof" insert the following :—

"and a plan of the site thereof, on a scale of not less than 1 inch to 66 feet, showing the details specified in clause (2), (a) and (b)."

For Rule 33. XXII the following amendment is proposed : —

"If the waggons employed in the transport of explosive, or the vehicles immediately adjoining them, are provided with brakes other than iron brakes, the brakes shall on no account be worked while such waggons are running."

Rule 40. The following additions to this rule are proposed : —

After the words "shall be bound to produce the same" insert—

"or an authenticated copy which shall be kept at the magazine or place to which it applies;" and at the end insert—

"copies of licenses may, for the purpose of this rule, be authenticated by any of the officers aforesaid or by the authority granting them."

Rule 43. The following amendment is proposed :—

"The officers herein undermentioned are authorized, within the areas respectively specified below—

(a) to enter, inspect and examine any house, erection or other place or any cart, truck, boat or other vehicle in which explosive is being manufactured, possessed, used, sold or transported, or in which they have reason to believe that explosive is being manufactured possessed, used, sold or transported;

(b) to search for explosives therein;

(c) to take samples of any explosives found therein on payment of the value thereof;

(d) at their discretion to seize, detain, remove and, if necessary for the public safety, destroy any explosive found therein in respect of which there is reason to believe that the provisions of the Regulation or of these rules have been contravened.

Provided that—

(1) whenever any such officer detains or removes any such explosive, he shall report the fact to the District Magistrate; and

(2) he shall not destroy any such explosive without the previous sanction of the District Magistrate.

The Chief Inspector of Explosives, or any of the undermentioned officers specially authorized by him, may, however, destroy such explosive, without the previous sanction of the District Magistrate if the matter appear to be urgent and fraught with public danger; in such cases he shall, if required, take a sample of the explosive giving a portion thereof to the owner or person having the explosive under his control, and shall report the circumstances to the District Magistrate.

Areas.—	*Officers.*—
In all parts of Mysore ..	The Chief Inspector of Explosives in Mysore or any person specially deputed in this behalf by the Government of Mysore.
In places where explosives are used for mining purposes.	The Chief Inspector of Mines. The Inspector and Deputy Inspector of Mines.
Within their respective districts .	All District Magistrates and any Subordinate Magistrate or Police officer not below the rank of Inspector, deputed in this behalf by the District Magistrate."

Form A. Condition 4. For "lightly constructed building" substitute "lightly constructed, one storied building"—

Condition 7, 2nd proviso—

Omit the words "made with gunpowder" after the words "ammunition of the 1st division of the 6th class."

Form B. Condition 6, 2nd proviso—

Omit the words "made with gunpowder."

Form C. Conditon 2, 2nd proviso—

Omit the words "made with gunpowder."

By Order,
W. F. SMEETH,
Offg. Secy. to the Govt. of Mysore, Geological Dept.

No. 223-232—M. 1898-99, DATED BANGALORE, 15TH MAY 1899.

ORDER.—The Government have duly considered the draft of the amendments proposed to be made in the Rules under the Mysore Explosives Regulation II of 1888 and published with Notification No. 161 M., dated the 3rd February 1899, and as no objections in respect of the proposed amendments have been received, they are pleased to approve of the same generally.

In respect of the proposed amendment of Rule 43, however, the Government are of opinion that it is necessary to invest the Chief Inspector of Explosives or any of the officers named in the Rule and specially authorized by him, with power to destory explosives under Rule 43, without the previous sanction of the District Magistrate in special cases where the provisions of the Regulation and Rules have been contravened and the delay involved in obtaining the District Magistrate's sanction is fraught with public danger. With this additional provi- ved and will be duly notified.

W. F. SMEETH,
Offg. Secy. to Govt., Geol. Dept.

To—All District Magistrates.

EDUCATION

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR MAY 1899.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
1	12457 Ed. F 42-96	2	Inspr. Gen. of End ..	Recording his letter stating it is impracticable to raise the boarding fee of the Students' Home attached to the Chikmagalur High School, with the observation that the Government expect that all expenses of boarding minus the establishment and supervision charges, &c., for which Government makes a grant, will be met out of fees levied from the boarders and that whenever the number of boarders is small or falls short of the prescribed minimum (20) for which the establishment of cooks, water carriers, &c., is maintained, such reduction as is feasible should be made.
2	12610 Ed. 274	6	Do ...	Requesting him to state whether any proposal for the establishment of an Industrial School at Chitaldrug has been received, and, if so, to forward the papers to this office with his opinion.
3	12698-700 Ed. 276	8	Prinpl, Cent. Coll., Inspr. Gen of Edn., & Comptr.	Stating that a Remington Type-writer will be ordered by the Secretariat and supplied to the Central College, and requesting that the result of the experiment in teaching the art of type-writing proposed to be introduced into the Central College may be reported after a trial of six months.
4	12701-3 Ed. 275	8	Do ..	Sanctioning a special scholarship of Rs. 25 per mensem to K. Sankaranarayana Rao, B. A., to enable him to prosecute his studies for the M.A. Degree Examination in Physical Science in the Presidency College, Madras, for two years, with effect from the date of joining the College.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
5	12782 Ed.F. 48-96	9	Inspr. Gen. of Edn..	Recording his letter forwarding two statements of building works sanctioned by him during the month of March 1899.
6	12999 Ed. 280	15	Do ...	Forwarding for report a petition from Venkataramaiya and others complaining against the Adhyaksha of the Sanskrit Pathasala at Channarayapatna.
7	13000 Ed. F. 13-96	15	Do ..	Observing that the Gumbuz Fund cannot be made available for purposes of general education and scholarships cannot therefore be instituted from the savings from the said funds for the benefit of Muhammadans, and requesting him to submit the promised rules regarding the award of certain scholarships to Muhammadans.
8	13050-51 Ed. 282	16	Do, & Comptr. ..	Fixing the annual grant to the Chikmagalur and Channapatna High Schools on account of prize books.
9	13180 Ed. 285	18	Inspr. Gen. of Edn.	Forwarding for opinion a copy of a book called "Indira Bai," a novel in Kanarese.
10	13181 Ed. 286	18	Comptroller ...	Forwarding a bill for Rs. 350 being the cost of a Remington type-writer supplied to the Central College, Bangalore, with a request that the same may be enfaced for payment at the Bank of Madras, Madras.
11	13238 Ed. 287	18	Inspr. Gen. of Edn.	Forwarding a file of correspondence on the subject of *training the eye-sight of children as a part of their Physical Education*, and requesting him to favor the Government with his views at an early date.
12	13265 Ed. 290	20	Do ...	Requesting the submission of a general scheme for the establishment of an Industrial School similar to that now existing at Hassan, at each of the other district head-quarters.
13	13226-7 Ed. F. 29-96	20	Do, &. Comptr. ..	Sanctioning a bill for Rs. 8-8-0 being the cost of paper purchased for printing the Persian and Hindustani question papers for the Upper and Lower Secondary Examinations for December 1898.
14	13414 Ed. 298	26	Compl., *Mysore Gaz.*	Notifying the grant of five days' casual leave to Mr. T. R. Venkatasami Naidu, Assistant to the Inspector General of Education.
15	13415 Ed. 299	26	Inspr. Gen. of Edn.	Forwarding a copy of the above.
16	13416 Ed. 300	26	Comptroller ..	

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.

LEGISLATIVE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR MAY 1899.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
1	Gl. 12431 Legis. 103	1	Dy. Comr., Kolar ...	Requesting him to submit facts in support of his opinion that "the goldsmiths in the tracts in and around the Gold Fields are setting up business ostensibly as silversmiths..... but in reality to manipulate clandestine gold from the mines," and to state in particular how many persons have thus established themselves as silversmiths.
2	Gl. 12430 Legis. 104	1	Regr., Chief Court ..	Informing him that the question of altering a certain form in Schedule V of the new Criminal Procedure Code, will be considered by Government in connection with the Draft Regulation now before them.
3	Gl. 12445 Legis 106	2	First Asst. to Resdt.	Forwarding six copies of the Mysore Military Regulation II of 1899.
4	Gl. 12446 Legis. 107	2	Do ..	Forwarding a copy of the Mysore Military Regulation II of 1899 for transmission to the Government of Madras.
5	Gl. 12688 Legis. 108	6	Supt., Govt. Printing	Forwarding a collection of type-written copies of "Rules and Notifications issued prior to the Rendition otherwise than under the Acts in force in Mysore, and still having the force of law," to be bound and sent to the Legislative Department at an early date.
6	Gl. 12892 Legis. 110	12	H. E. Hooper, Esq., Calcutta.	Requesting that, if copies of the Times Reprint of the Encyclopædia Britannica are still available for sale in India, a complete set with a revolving bookcase may be reserved for the Legislative Department.
7	Gl. 13157 Legis. 111	17	Supt., Govt. Printing	Forwarding the final proofs of "Correspondence relating to the amendment of the enactments introduced into Mysore prior to the Rendition," with a request that 100 copies of the same with a title page be struck off, 20 copies being bound in thick paper boards and the rest merely stitched, and also that 50 copies of the schedule contained in pages 19 to 29 be printed separately.
8	13546 Legis. 112	30	Military Assistant. ..	Forwarding, for needful action, copy of the First Assistant Resident's letter No. 2326—163-99, dated 27th May 1899, calling for the agreement regarding the control to be exercised by the Governor General in Council over the Mysore Imperial Service Troops when serving beyond the frontier of the State.
